FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 03-1124, MM Docket No. 01-104, RM-10103, RM-10323, and RM-10324]

Radio Broadcasting Services; Auburn, Birmingham, Camp Hill, Dadeville, Gardendale, Goodwater, Homewood, Jemison, Northport, Pine Level, Thomaston, and Tuscaloosa, AL

AGENCY: Federal Communications Commission.

ACTION: Final rule; reconsideration granted.

SUMMARY: This document grants a petition for reconsideration, reinstates, and conditionally grants two counterproposals subject to the outcome of an earlier proceeding. Originally, the *Report and Order* in this proceeding dismissed the two counterproposals because they relied on an effective but non-final action in an earlier rulemaking proceeding. See 67 FR 57203 (September 9, 2002). This document reverses that policy, finding that the counterproposals did not have to await final action in the earlier rulemaking proceeding. See also Supplemental Information.

DATES: Effective July 7, 2003.

FOR FURTHER INFORMATION CONTACT: Andrew J. Rhodes, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Memorandum Opinion and Order*, MM Docket 01-104, adopted May 16, 2003, and released May 20, 2003. The full text of this decision is available for inspection and copying during normal business hours in the FCC's Reference Information Center at Portals II, CY-A257, 445 12th Street, SW., Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractor, Qualex International, Portals II, 445 12th Street, SW., Room CY-B402, Washington, DC 20554, telephone 202-863-2893, facsimile 202-863-2898, or via e-mail qualexint@aol.com.

In granting the first counterproposal, this document reallocated and changed the community of license for Station WLXY(FM), Channel 263C1 from Northport, Alabama, to Helena, Alabama, as a first local service, at reference coordinates 33-07-07 and 87-15-18. To prevent the removal of the sole local service in Northport, the document reallocated and changed the community of license of Station WTUG(FM), Channel 225C1, from Tuscaloosa to Northport. The reference coordinates for Channel 225C1 at Northport are 33-03-20 and 87-32-59.

In granting the second counterproposal, the document upgraded, reallocated, and changed the community of license for Station WODL(FM) from Channel 247A at Homewood, Alabama, to Channel 247C2 at Gardendale, Alabama. The coordinates for Channel 247C2 at Gardendale are 33-34-55 and 86-56-46. To accommodate this action, the document made seven other changes to the FM Table of Allotments. First, the document substituted Channel 262A for Channel 247A at Dadeville, Alabama, at reference coordinates 32-52-58 and 85-49-16, and modified the license for Station WZLM(FM) accordingly. Second, the document substituted Channel 300A for Channel 247A at Orrville, Alabama, at a new site. The reference coordinates for Channel 300A at Orrville are 32-19-35 and 87-11-57. Third, the staff reallocated and changed the community of license for Station WSSY-FM, Channel 248A from Talladega, Alabama, to Goodwater, Alabama, at reference coordinates 33-02-22 and 86-00-21.

Fourth, the documented modified the reference coordinates for vacant and unapplied for Channel 248A, Pine Level, Alabama. The new reference coordinates for Channel 248A at Pine Level are 31-59-33 and 86-00-05. Fifth, the document reallocated and changed the community of license for Station WEZZ-FM, Channel 249A from Clanton, Alabama, to Jemison, Alabama, at reference coordinates of 32-56-23 and 86-46-11. Sixth, the document modified the reference coordinates for Station WAYI(FM), Channel 249A, Thomaston, Alabama, to 32-17-45 and 87-44-45. Seventh, to prevent the removal of the sole local service at Homewood, the document reallocated and changed the community of license for Station WBPT(FM), Channel 295C, from Birmingham to Homewood, Alabama, at reference coordinates of 33-29-19 and 86-45-78.

Radio Broadcasting Services; Lincoln City and Monmouth, OR

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document substitutes Channel 236C3 for Channel 236C2 at Lincoln City, Oregon, realloots Channel 236C3 to Monmouth, Oregon, and modifies the license for Station KSND to specify operation Channel 236C3 at Monmouth in response to a petition filed by Radio Beam, LLC. See 68 FR 10681, March 6, 2003. The coordinates for Channel 236C3 at Monmouth are 44-50-43 and 123-30-07. With this action, this proceeding is terminated.

DATES: Effective July 7, 2003.

[Docket No. NHTSA-03-15278]

RIN 2127-AI32

Tire Safety Information

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Final Rule; response in part to petitions for reconsideration; delay of effective date.

SUMMARY: On November 18, 2002, NHTSA published a final rule that established a new Federal Motor Vehicle Safety Standard and amended existing standards to improve the information readily available to

consumers about tires. The final rule specified an effective date of September 1, 2003 for the vehicle labeling provisions. Subsequently, the agency received petitions for reconsideration of the rule. Several petitioners requested a delay of that effective date. In response to this request, this document delays the effective date for the vehicle labeling provisions of the final rule to September 1, 2004.

DATES: This rule is effective June 5, 2003. The effective date of the final rule amending 49 CFR parts 567, 571, 574, 575, and 597, published at 67 FR 69600, Nov. 18, 2002, is delayed from Sept. 1, 2003, to Sept. 1, 2004. Any petitions for reconsideration of this final rule must be received by NHTSA not later than July 21, 2003.

ADDRESSES: Petitions for reconsideration should refer to the docket number for this action and be submitted to: Administrator, National Highway Traffic Safety Administration, 400 Seventh St., SW., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: For technical and policy issues: Ms. Mary Versailles, Office of Planning and Consumer Standards. Telephone: (202) 366-2750. Fax: (202) 493-2290. Mr. Joseph Scott, Office of Crash Avoidance Standards, Telephone: (202) 366-2720. Fax: (202) 366-4329.

For legal issues: Nancy Bell, Attorney Advisor, Office of the Chief Counsel, NCC-20. Telephone: (202) 366-2992. Fax: (202) 366-3820.

All of these persons may be reached at the following address: National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

I. Final Rule

On November 18, 2002, NHTSA published a final rule that established a new Federal Motor Vehicle Safety Standard and amended existing standards to improve the information readily available to consumers about tires. (67 FR 69600)(Docket No. NHTSA-02-13678) The final rule was published in response to the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act of 2000. It established a new Federal Motor Vehicle Safety Standard, FMVSS No. 139, *New pneumatic tires for light vehicles*, requiring improved labeling of tires to assist consumers in identifying tires that may be the subject of a safety recall. The final rule also required other consumer information to increase public awareness of the importance and

methods of observing motor vehicle tire load limits and maintaining proper tire inflation levels for the safe operation of a motor vehicle. The final rule applies to all new and retreaded tires for use on vehicles with a gross vehicle weight rating (GVWR) of 10,000 pounds or less and to all vehicles with a GVWR of 10,000 pounds or less, except for motorcycles and low speed vehicles.

The final rule made numerous modifications to the vehicle labeling requirements. The agency made four sets of revisions to the presentation of tire inflation pressure and load limit information on the vehicle placard required for passenger cars by S4.3 of § 571.110 and to be required for all light vehicles with a GVWR of 10,000 pounds or less under this rule.¹ This placard, permanently affixed to the glove compartment door or an equally accessible location, currently displays the vehicle capacity weight, the designated seating capacity (expressed in terms of total number of occupants and in terms of occupants for each seat location), the vehicle manufacturer's recommended cold tire inflation pressure for maximum loaded vehicle weight, and the manufacturer's recommended tire size designation.

Under the first set of revisions, the agency is requiring that tire inflation pressure information be visually separated by a red colored border from the other information on the existing vehicle placard or, alternatively, be placed on a separate tire inflation pressure label. The vehicle placard is to contain only the information specified in the adopted version of S4.3 (paragraphs (a)-(e)).² This information will not be combined with other labeling or certification requirements. The vehicle placard will also have to

¹ FMVSS No. 120 currently requires that each motor vehicle other than a passenger car show, on the label required by § 567.4, or on a tire information label (S5.3.2(b)), the recommended tire size designation appropriate for the GAWR, the tire size and type designation of rims appropriate for those tires, and the recommended cold inflation pressure for those tires such that the sum of the load ratings on the tires on each axle (when the tire's load carrying capacity at the specified pressure is reduced by dividing 1.10, in the case of a tire subject to FMVSS No. 109, *i.e.*, a passenger car tire) is appropriate for the GAWR.

² (a) Vehicle capacity weight expressed as "THE COMBINED WEIGHT OF OCCUPANTS AND CARGO SHOULD NEVER EXCEED XXX POUNDS";

(b) Designated seating capacity (expressed in terms of total number of occupants and in terms of occupant for each seat location);

(c) Vehicle manufacturer's recommended cold tire inflation pressure;

(d) Tire size designation for the tire installed as original equipment on the vehicle by the vehicle manufacturer; and

(e) "SEE OWNER'S MANUAL FOR ADDITIONAL INFORMATION".
