

protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create a free account which can be created by clicking on "Login to File" and then "New User Account."

We might mail the EA for comment. If you are interested in receiving it, please return the Information Request (appendix 4). If you do not return the Information Request, you will be taken off the mailing list.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you might want to become an official party to the proceeding known as an "intervenor". Intervenor play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide 14 copies of its filings to the Secretary of the Commission and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to rule 214 of the Commission's rules of practice and procedure (18 CFR 385.214) (see appendix 2).⁴ Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Environmental Mailing List

This notice is being sent to individuals, organizations, and government entities interested in and/or potentially affected by the proposed project. It is also being sent to all identified right-of-way grantors. By this notice we are also asking governmental agencies to express their interest in becoming cooperating agencies for the preparation of the EA.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs,

at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the FERRIS link. Click on the FERRIS link, enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance with FERRIS, the FERRIS helpline can be reached at 1-866-208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The FERRIS link on the FERC Internet Web site also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Federal Energy Regulatory Commission

Notice of Recreation Plan Amendment and Soliciting Motions to Intervene, Protests, and Comments

June 2, 2003.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application*: Recreation plan amendment.
- b. *Project No.*: P-2149-102 and 103.
- c. *Date filed*: December 30, 2002, and February 19, 2003, respectively.
- d. *Applicant*: Public Utility District No. 1 of Douglas County.
- e. *Name and Location of Project*: The project is located on the Columbia River, in Douglas, Chelan, and Okanogan Counties, Washington. This amendment will affect project lands contained within the previously proposed Chief Joseph State Park area.
- f. *Filed Pursuant to*: Federal Power Act, 16 U.S.C. 791(a)—825(r).
- g. *Applicant Contact*: Mr. Gordon Brett, Property Supervisor, Public Utility District No. 1 of Douglas County, 1151 Valley Mall Parkway, East Wenatchee, WA 98802.

h. *FERC Contact*: Elizabeth Jones (202) 502-8246.

i. *Deadline for filing comments, protests, and motions to intervene*: June 30, 2003.

The Commission's rules of practice and procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

j. *Description of Amendment*: Licensee has submitted its recreation action plan 2002 update. Licensee has been contributing monies to a fund for the development of a park on land owned by the State and known as Chief Joseph State Park. Licensee indicates that because it has been determined that the development of the State park is not feasible at its present location, licensee proposes to purchase from the State the land that would have been developed as Chief Joseph State Park and also provide to the state the money that has been paid into a fund so that the State can purchase land elsewhere on the project. Licensee subsequently filed a Memorandum of Understanding (MOU) covering the sale of the State Park to the licensee.

k. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call toll-free 1-866-208-3676 or e-mail FERCOnlineSupport@ferc.gov. For TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at Public Utility District No. 1 of Douglas County, 1151 Valley Mall Parkway, East Wenatchee, WA 98802.

l. *Comments, Protests, or Motions to Intervene*—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of rules of practice and procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified

⁴ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.

comment date for the particular application.

m. *Filing and Service of Responsive Documents*—Any filings must bear in all capital letters the title “COMMENTS”, “PROTEST”, “MOTION TO INTERVENE”, as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing an original and eight copies to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the “e-Filing” link. The Commission strongly encourages electronic filings.

n. *Agency Comments*: Federal, State, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7508-2]

Clean Air Act Operating Permit Program; Petition for Objection to the Operating Permit for Georgia Pacific Corporation, Port Hudson Operations in East Baton Rouge Parish, LA

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to State operating permit.

SUMMARY: This notice announces that the EPA Administrator has partially granted and partially denied the petition to object to a State operating permit

issued by the Louisiana Department of Environmental Quality (LDEQ) for the Port Hudson Operations of Georgia Pacific Corporation in East Baton Rouge, Louisiana. Pursuant to section 505(b)(2) of the Clean Air Act (Act), the petitioner may seek judicial review of this response to the extent the petition has been denied, in the United States Court of Appeals for the Fifth Circuit. Any petition must be filed within 60 days of the date this notice appears in the **Federal Register**, pursuant to section 307(d) of the Act.

ADDRESSES: You may review copies of the final order, the petition, and other supporting information at the EPA, Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733. If you wish to examine these documents, you should make an appointment at least 24 hours before visiting day. The final order is also available electronically at the following address: <http://www.epa.gov/region07/programs/artd/air/title5/petitiondb/petitiondb2002.htm>.

FOR FURTHER INFORMATION CONTACT: Ms. Bonnie Braganza, Air Permitting Section, Multimedia Planning and Permitting Division, EPA, Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733, telephone (214) 665-7340, or electronic mail at braganza.bonnie@epa.gov.

SUPPLEMENTARY INFORMATION: The Act affords EPA a 45-day period to review, and object to as appropriate, operating permits proposed by State permitting authorities. Section 505(b)(2) of the Act authorizes any person to petition the EPA Administrator within 60 days after the expiration of this review period to object to State operating permits if EPA has not done so. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the State, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

The Louisiana Environmental Action Network and Ms. Juanita Stewart (“Petitioners”) submitted a petition requesting that the Administrator object to the title V operating permit issued to Georgia Pacific Corporation by the LDEQ, for the Port Hudson plant operations. The petition requests the Administrator object to the Georgia Pacific permit based on the following broad assertions:

1. Invalid emission reductions were used to avoid Nonattainment New Source Review (NNSR) for emissions

increases from projects occurring from 1986 through 1992.

2. Invalid emission reductions were used to avoid NNSR and Prevention of Significant Deterioration (PSD) requirements for emissions increases associated with a new towel machine project.

3. Specific conditions in the new towel machine permit should require Georgia-Pacific to undergo additional PSD review if emissions exceed certain limits.

4. No Emission Reduction Credits (ERC) are available because the Louisiana ERC bank is mismanaged and fails to require that credits be “surplus” when used.

5. ERCs were not identified specifically enough to inform the public.

6. The Title V permit incorporates an emission limit from an invalid State permit.

7. The Title V permit fails to provide for sufficient monitoring of particulate emissions from some units.

8. The LDEQ failed to provide an adequate statement of basis in the Title V permit.

On May 9, 2003, the Administrator issued an order partially granting and partially denying the petition. The order explains the reasons for EPA's conclusion that LDEQ must reopen the permit to: (1) Reconsider whether NNSR is an applicable requirement for the 1986-1992 projects, and determine the appropriate volatile organic compound emission limit based on this determination; (2) provide an adequate explanation of the periodic monitoring at issue; and (3) provide an adequate statement of basis on these particular NNSR and periodic monitoring issues. The order also explains the reasons for denying the remaining claims.

Dated: May 23, 2003.

Carl E. Edlund,

Acting Regional Administrator, Region 6.
