

Tribune, a daily and weekly newspaper, respectively.

Agencies that reviewed and provided comments on the EA are (1) Indiana Department of Environmental Management (IDEM); (2) U.S. Environmental Protection Agency (EPA); (3) Hoosier National Forest (National Forest), U.S. Department of Agriculture; (4) U.S. Army Corps of Engineers (COE), Louisville District, and (5) Indiana Department of Natural Resources, Division of Historic Preservation & Archaeology.

Appropriate responses to the above agency comments are presented in the FONSI statement prepared for the project. Environmental coordination will continue with IDEM and other agencies as appropriate on various environmental issues during planning and construction of the project. Hoosier Energy and Wabash Valley have already secured or will secure the following approval or permits prior to initiation of construction of the project as needed: (1) A storm water permit; (2) a wastewater treatment facility construction permit; (3) a permit to construct in a floodway, and (4) a National Pollution Discharge Elimination System permit.

Hoosier Energy and Wabash Valley agreed to follow all agency recommendations and mitigation measures discussed in the EA. Based on the EA, RUS has concluded that the proposed action will not have a significant effect to various resources, including important farmland, floodplains, wetlands, cultural resources, threatened and endangered species and their critical habitat, air and water quality, and noise. RUS has also determined that there would be no disproportionately high and adverse human health or environmental effects on minority populations and low-income populations as a result of construction of the project. RUS has concluded that the impacts of the proposed project would not be significant and the proposed action is not a major federal action significantly affecting the quality of the human environment. Therefore, the preparation of an environmental impact statement is not necessary.

Copies of the EA and FONSI can be reviewed at RUS at the address provided in this notice, at the headquarters of Hoosier Energy, 7398 North State Road 37, Bloomington, Indiana 47402, telephone: (812) 876-0374, and Wabash Valley, 722 North High School Road, Indianapolis, Indiana 46214, telephone: (317) 481-2842, and also at Bedford Public Library, 1323 K Street, Bedford, Indiana 47421,

telephone: (812) 275-4471, and Mitchell Community Public Library, 804 Main Street, Mitchell, Indiana 47446, telephone: (812) 849-2412.

Any final action by RUS related to this proposed project will be subject to, and contingent upon, compliance with all relevant Federal environmental laws and regulations and completion of environmental review procedures as prescribed by the 7 CFR Part 1794, Environmental Policies and Procedures.

Dated: June 5, 2003.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Telecommunications and Information Administration (NTIA).

Title: Public Telecommunications Facilities Program (PTFP) Grant Monitoring.

Form Number(s): None.

OMB Approval Number: 0660-0001.

Type of Review: Regular submission.

Burden Hours: 6,779.

Number of Respondents: 1,950.

Average Hours Per Response: 28

hours for online responses and 39 hours for paper responses.

Needs and Uses: The Public Broadcasting Act authorizes grants to be awarded for the planning and construction of public telecommunications facilities. NTIA/PTFP must collect construction schedules/planning timetables that gives NTIA/PTFP the ability to monitor a project. Quarterly performance reports are required to alert NTIA/PTFP if the project is falling behind in its completion. The close-out reports ensure that Federal funds were expended in accordance with the grant award. Annual reports help maintain and protect the Federal interest for the statutorily-specified 10-year period.

Affected Public: Not-for-profit institutions; State, Local, or Tribal government.

Frequency: Quarterly, annually.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: June 6, 2003.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: American Fisheries Act: Vessel and Processor Permit Applications.

Form Number(s): None.

OMB Approval Number: 0648-0393.

Type of Request: Regular submission.

Burden Hours: 42.

Number of Respondents: 20.

Average Hours Per Response: 2 hours for an application for an AFA catcher vessel permit; 30 minutes for application for an AFA Permit for Replacement Vessel; 2.5 hours for an application for an AFA Inshore Catcher Vessel Cooperative Permit; 2 hours for an application for an AFA mothership permit; and 2 hours for an application for an AFA inshore processor permit.

Needs and Uses: The American Fisheries Act (AFA) established an allocation program for the pollock fishery of the Bering Sea and Aleutian Islands Management Area (BSAI). Under the AFA, only vessels and processors that meet specific qualifying criteria are eligible to fish for and process pollock

in the BSAI. The BSAI pollock quota is suballocated to groups of vessel owners who form fishing vessel cooperatives under the AFA. All AFA vessel and processor permits have no expiration date and will remain valid indefinitely unless revoked by NOAA. Inshore catcher vessel cooperatives wishing to receive an allocation of the BSAI inshore pollock total allocated catch (TAC) are required to submit an application for an inshore cooperative fishing permit on an annual basis by December 1 of the year prior to the year in which the cooperative fishing permit will be in effect. The information must be collected once a year because NOAA must identify the universe of participating vessels and processors prior to the start of each fishing year in order to assign allocations of pollock TAC to eligible groups of vessels that form cooperatives.

Affected Public: Business or other for-profit organizations.

Frequency: Annually or on occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Estuary Restoration Act Database Projects.

Form Number(s): None.

OMB Approval Number: None.

Type of Request: Regular submission.

Burden Hours: 3,000.

Number of Respondents: 1,000.

Average Hours Per Response: 4 hours for a new project; and 2 hours for updating an existing project.

Needs and Uses: Collection of estuary habitat restoration project information (e.g., location, habitat type, goals, status, monitoring information) will be undertaken in order to populate a restoration project database mandated by the Estuary Restoration Act of 2000. The database is intended to provide information to improve restoration methods, provide the basis for required reports to Congress, and track estuary habitat acreage restored. Estuary habitat restoration project information will be submitted by habitat restoration project managers through an interactive Web site, and will be accessible to the public via Internet for data queries and project reports.

Affected Public: Not-for-profit institutions; business or other for-profit organizations; State, Local, or Tribal Government; and Federal Government.

Frequency: On occasion, annually.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management

and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Paperwork Submissions Under the Coastal Zone Management Act Federal Consistency Requirements.

Form Number(s): None.

OMB Approval Number: 0648-0411.

Type of Request: Regular submission.

Burden Hours: 20,535.

Number of Respondents: 4,111.

Average Hours Per Response: 8 hours for a State objection or concurrence letter for a consistency certification or determination; 4 hours for a State request for review of unlisted activities; 1 hour for public notice requirements for a project; 4 hours for a request for remedial action of a supplemental review; 1 hour for coordination of a listing notice; 2 hours for a request for Secretarial mediation; and 202 hours for an appeal. These are average estimates and burden can significantly vary based on the individual situation.

Needs and Uses: A number of paperwork submissions are required by the Coastal Zone Management Act (CZMA), 16 U.S.C. 1456, and by NOAA to provide a reasonable, efficient and predictable means of complying with the CZMA requirements. The requirements are detailed in 15 CFR Part 930. The information will be used by coastal States with Federally-approved Coastal Zone Management Programs to determine if Federal agency activities, Federal license or permit activities, and Federal assistance activities that affect a State's coastal zone are consistent with the States' programs.

Affected Public: State, Local, or Tribal Government; individuals or households; and business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.
