### Surface Transportation Board

[STB Finance Docket No. 34342]

**Kansas City Southern—Control—The Kansas City Southern Railway Company, Gateway Eastern Railway Company, and The Texas Mexican Railway Company**

**AGENCY:** Surface Transportation Board, DOT.

**ACTION:** Decision No. 3 in STB Finance Docket No. 34342; Notice of Public Hearing.

**SUMMARY:** The Surface Transportation Board (Board) will hold a public hearing in this case on Thursday, July 31, 2003, in Washington, DC. The hearing will provide a forum for interested persons to express their views on the matters at issue in this proceeding. Persons wishing to speak at the hearing should notify the Board in writing.

**DATES:** The public hearing will take place on Thursday, July 31, 2003. Persons wishing to speak at the hearing should file with the Board a written notice of intent to speak (and should indicate a requested time allotment) as soon as possible but no later than July 23, 2003. Written statements by persons speaking at the hearing may be submitted prior to the hearing but are not required. Persons wishing to submit written statements should do so by July 25, 2003.

**ADDRESSES:** An original and 10 copies of all notices of intent to speak and any written statements should refer to STB Finance Docket No. 34342 and should be sent to: Surface Transportation Board, 1925 K Street, NW, Washington, DC 20423-0001.

**FOR FURTHER INFORMATION CONTACT:** Julia M. Farr, (202) 565-1655. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.]

**SUPPLEMENTARY INFORMATION:** Kansas City Southern (KCS), which is a holding company and not a railroad, now controls two U.S. railroads: The Kansas City Southern Railway Company and Gateway Eastern Railway Company. By application filed with the Board on May 14, 2003, KCS seeks the approval of the Board to control a third U.S. railroad: The Texas Mexican Railway Company (Tex Mex or TM). In a decision (Decision No. 2) which was served on June 9, 2003, and which was published in the **Federal Register** on June 13, 2003 (at 68 FR 35474), the Board accepted the "KCS/TM" application and set a procedural schedule for the processing of that application. That schedule provides, among other things, that the Board's final decision on the KCS/TM application will be served on October 17, 2003 (if no environmental review is required and no oral argument is held).

The Board said in Decision No. 2 that a public hearing at which members of the public could voice their views regarding the KCS/TM application would be held in July 2003. The Board noted in Decision No. 2 that, whereas an oral argument is a formal affair at which lawyers representing parties are expected to express "legal" views regarding disputed matters, a public hearing is somewhat informal and the views expressed at a public hearing are not expected to be "legal" arguments. The Board is interested in hearing what members of the public have to say about any matter connected with the KCS/TM application.

### Date/Time/Place of Hearing

The hearing will be held on Thursday, July 31, 2003, beginning at 10 a.m., in Room 760, the Board's hearing room, on the 7th Floor at the Board's headquarters in the Mercury Building, 1925 K Street, NW (on the northeast corner of the intersection of 20th St., NW, and K Street, NW), Washington, DC

### Notice of Intent To Speak

Persons wishing to speak at the hearing should file with the Board a written notice of intent to speak, and should indicate a requested time

allotment, as soon as possible but no later than July 23, 2003.

#### Written Statements

Persons wishing to submit written statements should do so by July 25, 2003.

#### Paper Copies

Persons intending to speak at the hearing and/or to submit written statements prior to the hearing should submit an original and 10 paper copies, respectively, of their notices and/or written statements.

#### Keokuk Junction Railway Company—Feeder Line Acquisition—Line of Toledo Peoria and Western Railway Corporation Between La Harpe and Hollis, IL

**AGENCY:** Surface Transportation Board.

**ACTION:** Notice of acceptance of feeder line application and institution of proceeding.

**SUMMARY:** Subject to compliance with the requirements of 49 CFR 1105.7 (environmental report), the Surface Transportation Board (Board) is accepting for filing an application submitted by Keokuk Junction Railway Company (KJRY). KJRY seeks to acquire, from Toledo, Peoria and Western Railway Corporation (TP&W), a 76-mile rail line between milepost 194.5 near La Harpe and milepost 118.5 at Hollis, IL (La Harpe-Hollis Line), and the Mapleton Industrial Spur and Wye Facilities (Mapleton Spur), a 2.5-mile line connected to the La Harpe-Hollis Line at milepost 121.5 at or near Kolbe, IL. Alternatively, KJRY seeks to acquire only the La Harpe-Hollis Line. The

application was filed under the Feeder Railroad Development Program, 49 U.S.C. 10907 and 49 CFR Part 1151.

**DATES:** Competing applications must be filed by August 14, 2003; verified statements and comments addressing the initial and/or any competing applications must be filed by September 15, 2003; and verified replies by applicants and other interested parties must be filed by October 6, 2003. The Board will issue a decision on the merits after consideration of any competing applications, verified statements, comments, and verified replies that are submitted.

**ADDRESSES:** Send an original and 10 copies of any competing applications, verified statements, comments, and verified replies referring to STB Finance Docket No. 34335 to: Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, send one copy of any competing applications, verified statements, comments, and verified replies to (1) applicants' representatives: William A. Mullins and David C. Joseph H. Dettmar, (202) 565-1600. [Federal Information Relay Service (FIRS) for the hearing impaired: 1-800-877-8339.]

**SUPPLEMENTARY INFORMATION:** Under 49 U.S.C. 10907(b)(1), the Board is authorized to require the sale of a rail line to a financially responsible person if the public convenience and necessity permit or require the sale. KJRY contends that the proposed sale is required under the public convenience and necessity criteria, 49 U.S.C. 10907(c)(1)(A)-(E), and that it is a financially responsible person willing to pay not less than the constitutional minimum value of both the La Harpe-Hollis Line and Mapleton Spur or only the La Harpe-Hollis Line.

KJRY filed a feeder line application April 9, 2003, and a supplement to that application on June 9, 2003, offering to purchase the La Harpe-Hollis Line and Mapleton Spur for an estimated going concern value of \$3,461,434.

Alternatively, KJRY offers to purchase only the 76-mile La Harpe-Hollis Line for an estimated net liquidation value of \$3,284,605. Under the latter offer, TP&W would retain exclusive access to, and all the revenues from, the Mapleton Spur and would receive without charge

trackage rights over KJRY between Hollis and the Mapleton Spur.

Subject to KJRY's compliance with the requirements of 49 CFR 1105.7, KJRY has submitted sufficient information to meet the requirements of 49 CFR 1151.3. The Board will rule on the merits of the application as amended when the record is complete.

Copies of the application and supplement may be obtained free of charge by contacting applicant's representatives. Alternatively, the application and supplement may be inspected at the offices of the Surface Transportation Board, Room 755, during normal business hours, or a copy of the application and supplemental filing may be obtained from the Board's Web site at [HTTP://WWW.STB.DOT.GOV](http://WWW.STB.DOT.GOV).

Copies of the Board's decision may be purchased from Da-2-Da Legal Copy Service by calling 202-293-7776 (assistance for the hearing impaired is available through FIRS at 1-800-877-8339) or visiting Suite 405, 1925 K Street, NW., Washington, DC 20006.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

Decided: July 1, 2003.
