

DEPARTMENT OF DEFENSE**Department of the Navy****Notice of Intent To Prepare a Supplemental Overseas Environmental Impact Statement/Supplemental Environmental Impact Statement for Employment of Surveillance Towed Array Sensor System Low Frequency Active (SURTASS LFA) Sonar**

AGENCY: Department of the Navy, DOD.
ACTION: Notice.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) Regulations 40 CFR 1502.9, and pursuant to Executive Order 12114, the Department of the Navy (Navy) is announcing its intent to prepare a Supplemental Overseas Environmental Impact Statement (SOEIS)/Supplemental Environmental Impact Statement (SEIS) for the operational employment of SURTASS LFA sonar.

SUPPLEMENTARY INFORMATION: The Final Overseas Environmental Impact Statement and Environmental Impact Statement (OEIS/EIS) for the Surveillance Towed Array Sensor System Low Frequency Active (SURTASS LFA) Sonar was completed in January 2001. The Deputy Assistant Secretary of the Navy for Environment (DASN[E]) reviewed the SURTASS LFA Sonar OEIS/EIS and, after carefully weighing the operational, scientific, technical, and environmental implications of the alternatives considered, announced the decision to employ two SURTASS LFA sonar systems with certain geographical restrictions and monitoring mitigation designed to reduce adverse effects on the marine environment. This decision, which pertained to the employment of two SURTASS LFA systems, implemented the preferred alternative, Alternative 1, identified in the Final OEIS/EIS.

DASN(E) found that the analysis in the OEIS/EIS had taken the requisite "hard look" at the environmental consequences of the decision to employ the SURTASS LFA sonar and issued the Record of Decision (ROD) on 16 July 2002.

However, in recognition of concerns raised in Federal Court over employment of the SURTASS LFA system and to further the Navy's commitment to responsible stewardship of the marine environment, DASN(E) has determined that the purposes of NEPA would be furthered by the preparation of a supplemental analysis related to employment of the system. This analysis will take the form of a

SOEIS/SEIS and will provide additional information regarding the environment that could be potentially affected by employment of SURTASS LFA and additional information related to mitigation of the potential impacts of the system, focusing on identifying geographic areas and seasonal periods of high marine mammal abundance in those areas where the Navy intends to use SURTASS LFA for routine training and testing. The SOEIS/SEIS will consider this information in the context of specific potential operational areas. The SOEIS/SEIS will comply with both NEPA and Executive Order 12114.

Dated: July 16, 2003.

Major, U.S. Marine Corps, Federal Register Liaison Officer.

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.
SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.
DATES: Interested persons are invited to submit comments on or before September 26, 2003.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.
