The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the dates specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-15461/Airspace Docket No. 03-ACE-59." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between

the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission (the Commission) is adopting revisions to the EDGAR Filer Manual to reflect updates to the EDGAR system made primarily to improve the functionality of the SEC's Online Forms website. The website is currently used for preparing and submitting ownership reports, Forms 3, 4, 5 and their amendments, Forms 3/A, 4/A and 5/A, required under section 16(a) of the Securities Exchange Act of 1934, generally as required by section 403 of the Sarbanes-Oxley Act of 2002. Some of the improved functionality includes the ability to list holdings of securities separately from securities transactions; facilitating the reporting of gift, phantom stock plan and similar transactions; automatic entry of the filer's address by the system based on the filer's CIK number and the ability to change the address for the filing¹; and XML schema and stylesheet updates to support these changes. In addition, the new release will include support for extended EDGAR filing and dissemination to 6 a.m., as a trial to assess its usefulness to filers; same day acceptance and dissemination of Form 3, 4 and 5 filings and Securities Act of 1933, Rule 462(b) filings, MEF form types, received on business days on or

¹ Changes of address will be effective for that filing only. EDGAR filers are reminded of their responsibility to ensure that their address of record, as reflected in the EDGAR database, is kept current. This can be done by selecting the Information Exchange—Retrieve/Edit Data option from the EDGAR OnlineForms Website.

before 10 p.m., eastern standard time; Form 8-K Items 10, 11, 12, and 13; new form types N-CSRS, N-PX and N-Q; and rescinded form types BW-2 and BW-3. The revisions to the Filer Manual reflect these changes within Volumes I, II and III, entitled "EDGAR Release 8.6 EDGARLink Filer Manual", "EDGAR Release 8.6 Filer Manual N-SAR Supplement", and "EDGAR Release 8.6 OnlineForms Filer Manual" respectively. The updated manual will be incorporated by reference into the Code of Federal Regulations.

EFFECTIVE DATE: July 31, 2003. The incorporation by reference of the EDGAR Filer Manual is approved by the Director of the Federal Register as of July 31, 2003.

SUPPLEMENTARY INFORMATION: Today we are adopting an updated EDGAR Filer Manual (Filer Manual). The Filer Manual describes the technical formatting requirements for the preparation and submission of electronic filings through the Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system.² It also describes the requirements for filing using modernized EDGARLink.³

The Filer Manual contains all the technical specifications for filers to submit filings using the EDGAR system. Filers must comply with the applicable provisions of the Filer Manual in order to assure the timely acceptance and processing of filings made in electronic format.⁴ Filers should consult the Filer Manual in conjunction with our rules governing mandated electronic filing when preparing documents for electronic submission.⁵

² We originally adopted the Filer Manual on July 1, 1993, with an effective date of July 26, 1993. Release No. 33-6986 (Apr. 1, 1993) [58 FR 18638]. We implemented the most recent update to the Filer Manual on April 30, 2003. See Release No. 33-8224 (May 7, 2003) [66 FR 24345].

³ This is the filer assistance software we provide filers filing on the EDGAR system.

⁴ See Rule 301 of Regulation S-T (17 CFR 232.301).

⁵ See Release Nos. 33-6977 (Feb. 23, 1993) [58 FR 14628], IC-19284 (Feb. 23, 1993) [58 FR 14848], 35-25746 (Feb. 23, 1993) [58 FR 14999], and 33-6980

We will implement EDGAR Release 8.6 on July 28, 2003, to improve the functionality of the SEC's Online Forms website, to support new extended EDGAR filing and dissemination hours to 6 a.m., to support same day acceptance and dissemination of Form 3, 4 and 5 filings and Securities Act of 1933, Rule 462(b) filings, MEF form types, received on business days on or before 10 p.m., to support recent rulemaking activity related to the addition of the new Form 8-K Items 10, 11, 12, and 13, new form types N-CSRS, N-PX and N-Q and rescinded form types BW-2 and BW-3. This release also includes minor updates to submission Templates 1, 2, 3, and 5, and the EDGARLink software, to allow for new exhibit types: EX-31 and EX-32 and exhibits for use with Form N-CSR (submission types N-CSR and N-CSRS): EX-99.906CERT, EX-99.CERT and EX-99.CODE ETH; to disallow the use of exhibit types, EX-99.102P3 CERT, EX-99.133 CERT, EX-99.77Q3 CERT; to disallow the use of form types BW-2 and BW-3; to allow for the use of new form types N-CSRS and N-CSRS/A (for submission of certified semi-annual shareholder report of registered management investment companies); N-PX and N-PX/A (for submission of annual report of proxy voting record of registered management investment companies); and N-Q and N-Q/A (for submission of quarterly schedule of portfolio holdings of registered management investment company if and when the Commission adopts form N-Q); and to allow for the use of Form 8-K Items 10, 11, 12, and 13.

EDGAR 8.6 supports backward compatibility of the 8.5 templates as long as the reporting requirements for specific form types have not changed. EDGAR 8.6 server software supports all

of the field identifiers that were valid in the 8.5 version of the PureEdge templates. Notice of the update has previously been provided on the EDGAR filing Web site and on the Commission's public website. The discrete updates are reflected on the filing Web site and in the updated Filer Manual Volumes.

Along with adoption of the Filer Manual, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations of today's revisions. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR Part 51.

You may obtain paper copies of the updated Filer Manual at the following address: Public Reference Room, U.S. Securities and Exchange Commission, 450 Fifth Street, NW., Washington DC 20549-0102. We will post electronic format copies on the Commission's Web site; the address for the Filer Manual is <http://www.sec.gov/info/edgar.shtml>. You may also obtain copies from Thomson Financial Inc, the paper and microfiche contractor for the Commission, at (800) 638-8241.

Since the Filer Manual relates solely to agency procedures or practice, publication for notice and comment is not required under the Administrative Procedure Act (APA).⁶ It follows that the requirements of the Regulatory Flexibility Act⁷ do not apply.

The effective date for the updated Filer Manual and the rule amendments is July 31, 2003. In accordance with the APA,⁸ we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The EDGAR system upgrade to Release 8.6 is scheduled to occur on July 26, 2003, becoming available on July 28, 2003. The Commission believes that it is necessary to coordinate the effectiveness of the updated Filer Manual with the scheduled system upgrade.
