

provided for a main vending facility and nine satellite vending routes. The panel rejected the explanation of USPS for terminating the permit agreement and ruled that the termination was in violation of the Randolph-Sheppard Act for a number of reasons. First, the panel found that the Act does not prohibit vending routes where blind vendors are not regularly onsite at each location. Secondly, the panel found that having an onsite requirement only for blind vendors and not for commercial vendors was not supported by a reading of the Act. Therefore, the panel concluded that USPS could not unilaterally withdraw its participation in a vending facility permit agreement as this was a violation of the Randolph-Sheppard Act, 20 U.S.C. 107 *et seq.*, and the implementing regulations in 34 CFR part 395.

The panel directed USPS to pay damages as established by the SLA and the blind vendor. The panel retained jurisdiction concerning the matter of payment of damages.

The views and opinions expressed by the panel do not necessarily represent the views and opinions of the U.S. Department of Education.
