Public Water System Supervision Program Revision for the State of Oklahoma

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the State of Oklahoma is revising its approved Public Water System Supervision Program. Oklahoma has adopted an Arsenic Rule, Radionuclides Rule, Long Term 1 Enhanced Surface Water Treatment Rule, Filter Backwash Recycling Rule, Public Notification Rule, Lead and Copper Rule Minor Revisions, and a revised Public Water Supply Definition. The Arsenic Rule is adopted to improve public health by reducing the maximum contaminant level of Arsenic in drinking water from 50 micrograms/Liter to 10 micrograms/Liter. The Radionuclides Rule is adopted to improve public health protection and reduce the risk of cancer by reducing the exposure to radionuclides in drinking water. The Long Term 1 Enhanced Surface Water Treatment Rule will improve control of microbial pathogens, specifically the protozoan *Cryptosporidium*, in drinking water and address risk trade-offs with disinfection byproducts. The Filter Backwash Recycling Rule is adopted to further protect public health by requiring public water systems, where needed, to institute changes to the return of recycle flows to a plant's treatment process that may otherwise compromise microbial control. The Public Notification Rule is adopted to notify the public anytime a water system violates national primary drinking water regulations or has other situations posing a risk to public health. The Lead and Copper Rule Minor Revisions will eliminate unnecessary requirements, streamline and reduce reporting burden, and promote consistent national implementation of the Lead and Copper Rule. Finally, the revised Public Water Supply Definition will now include other constructed conveyances. EPA has determined that

these revisions are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these program revisions.

DATES: All interested parties may request a public hearing. However, if a substantial request for a public hearing is made by September 24, 2003, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become final and effective on September 24, 2003. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number.

FOR FURTHER INFORMATION CONTACT: Paul J. Laurenzano, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554, (202) 418-1359 or via the Internet at plarenz@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0859.

OMB Approval date: 06/03/2003.

Expiration Date: 06/30/2006.

Title: Suggested Guidelines for Petitions for Ruling Under Section 253 of the Communications Act.

Form No.: N/A.

Estimated Annual Burden: 80 responses; 6,280 total annual hours; 78.5 hours per respondent.

Needs and Uses: The attached Public Notice establishes various procedural guidelines related to the Commission's processing of petitions for preemption pursuant to Section 253 of the Communications Act of 1934, as amended. The Commission will use the information to discharge its statutory mandate relating to the preemption of state or local statutes or other state or local legal requirements.

OMB Control No.: 3060-0876.

OMB Approval date: 06/24/2003.

Expiration Date: 06/30/2006.

Title: USAC Board of Directors Nomination Process (47 CFR Section 54.703) and Review of Administrator's Decision (47 CFR Sections 54.719-54.725).

Form No.: N/A.

Estimated Annual Burden: 1312 responses; 41,840 total annual hours; approximately 32 hours per respondent.

Needs and Uses: Pursuant to 47 CFR Section 54.703 industry and non-industry groups may submit to the Commission for approval nominations for individuals to be appointed to the USAC Board of Directors. 47 CFR Sections 54.719-54.725 contain the procedures for Commission review of USAC decisions, including the general filing requirements pursuant to which

parties must file requests for review. The information is used by the Commission to select USAC's Board of directors and to ensure that requests for review are filed properly with the Commission.

OMB Control No.: 3060-0463.

OMB Approval date: 06/24/2003.

Expiration Date: 06/30/2006.

Title: Telecommunications Relay Services and the Americans with Disabilities Act of 1990, 47 CFR Part 64 (Section 64.604 (a)(3)).

Form No.: N/A.

Estimated Annual Burden: 5,053 responses; 26,837 total annual hours; 5-6 hours per respondent.

Needs and Uses: The attached Report and Order eliminates the coin sent-paid requirement and encourages specific outreach and education programs to inform TRS users of their options when placing calls from payphones. Because the Commission concludes that it is infeasible to provide coin sent-paid toll relay service through payphones at this time, and the coin sent-paid toll functionality is not necessary to achieve functional equivalence, carriers need not provide coin sent-paid toll TRS calls from payphones. The attached Report and Order requires carriers to continue to provide coin sent-paid local calls free to TRS users. The Report and Order requires carriers via the Industry Team to submit a one time report on the efforts industry has made to educate consumers on how to make toll coin sent-paid calls.

OMB Control No.: 3060-0804.

OMB Approval date: 06/18/2003.

Expiration Date: 06/30/2006.

Needs and Uses: The Commission adopted rules providing support for all telecommunications services, Internet access, and internal connections for all eligible health care providers. Health care providers who want to participate in the universal service program must file several forms, including FCC Forms 466 and 468. FCC Forms 466 and 468 are being revised and combined into one comprehensive form. The information is used to ensure that telecommunications carriers and eligible providers of information services receive the appropriate credit for providing eligible services.

OMB Control No.: 3060-0824.

OMB Approval date: 07/14/2003.

Expiration Date: 07/31/2006.

Title: Service Provider Identification Number and Contact Form.

Form No.: FCC Form 498.

Estimated Annual Burden: 5,000 responses; 10,000 total annual hours; 2 hours per respondent.

Needs and Uses: The Administrator of the universal service program must obtain contact and remittance information from service providers participating in the universal service high cost, low income, rural health care, and schools and libraries programs. The Administrator uses FCC Form 498 to collect service provider name, phone numbers, other contact information, and remittance information from universal service fund participants to enable the Administrator to perform its universal service disbursement functions under 47 CFR Part 54. FCC Form 498 allows fund participants to direct remittance to third parties or receive payments directly from the Administrator.

OMB Control No.: 3060-0613.

OMB Approval date: 07/23/2003.

Expiration Date: 07/31/2006.

Title: Expanded Interconnection with Local Telephone Company Facilities, CC Docket No. 91-141, Transport Phase II (Third R & O).

Form No.: N/A.

Estimated Annual Burden: 64 responses; 832 total annual hours; 13 hours per respondent.

OMB Control No.: 3060-0853.

OMB Approval date: 08/14/2003.

Expiration Date: 02/29/2004.

Title: Receipt of Service Confirmation Form; Adjustment of Funding Commitment; and Certification by Administrative Authority to Billed Entity of Compliance with Children's Internet Protection Act—Universal Service for Schools and Libraries.

Form No.: FCC Forms 479, 486, and 500.

Estimated Annual Burden: 40,000 responses; 75,000 total annual hours; 1-2 hours per respondent.

Needs and Uses: Following a district court decision that portions of CIPA were unconstitutional, the Commission modified FCC Forms 479 and 486 to remove certain language from the certifications for libraries (language requiring compliance with the parts of CIPA the district court found

unconstitutional). The Supreme Court reversed the district court decision and the Commission must revise the forms to enable libraries to certify their compliance with CIPA. Specifically, the Commission will make a few small changes to the forms in item 6.b and 11 of the Form 486 and Item 6 of the FCC 479. FCC Form 500 remains unchanged. Additionally, the Commission is requesting contact information to conform with the contact information requested in other Schools and Libraries Universal Service forms.

Federal Communications Commission.

Secretary.
