BILLING CODE 4191-02-P

TENNESSEE VALLEY AUTHORITY

Meeting of the Regional Resource Stewardship Council

AGENCY: Tennessee Valley Authority (TVA).

ACTION: Notice of meeting.

SUMMARY: TVA will convene a meeting of the Regional Resource Stewardship Council (Regional Council) to obtain views and advice on the topic of TVA's involvement in recreation. Under the TVA Act, TVA is charged with the proper use and conservation of natural resources for the purpose of fostering the orderly and proper physical, economic and social development of the Tennessee Valley region. The Regional Council was established to advise TVA on its natural resource stewardship activities. Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App. 2, (FACA).

The meeting agenda includes the following:

- (1) Overview of current TVA role in recreation.
- (2) Review of recreation questions to be addressed by the Regional Council.
- (3) National perspective from federal recreation providers.
- (4) Regional, state, and commercial viewpoints on TVA's role with regard to recreation.
- (5) Recreation trends.
- (6) Public comments on the topic of TVA's involvement in recreation.
- (7) Regional Council discussion on the topic of TVA's involvement in recreation.

The Regional Council will hear opinions and views of citizens by providing a public comment session. The Public Comment session will be held from 9:20 a.m. to 10:20 a.m. EDT on Thursday, September 11, 2003. Citizens who wish to express views and opinions on the topic of TVA involvement in recreation may do so during the Public Comment portion of the agenda. Public Comments participation is available on a first-come, first-served basis. Speakers addressing the Regional Council are requested to limit their remarks to no more than 5 minutes. Persons wishing to speak are requested to register at the door and are then called on by the

Regional Council Chair during the public comment period. Handout materials should be limited to one printed page. Written comments are also invited and may be mailed to the Regional Resource Stewardship Council, Tennessee Valley Authority, 400 West Summit Hill Drive, WT 11A, Knoxville, Tennessee 37902.

DATES: The meeting will be held on Wednesday, September 10, 2003, from 8:30 a.m. to 4:30 p.m. and on Thursday, September 11, 2003, from 8 a.m. to 3:30 p.m. Eastern Daylight Time.

ADDRESSES: The meeting will be held in the auditorium at the Tennessee Valley Authority headquarters, 400 West Summit Hill Drive, Knoxville, Tennessee 37902, and will be open to the public. Anyone needing special access or accommodations should let the contact below know at least a week in advance.

FOR FURTHER INFORMATION CONTACT: Sandra L Hill, 400 West Summit Hill Drive WT 11A, Knoxville, Tennessee 37902, (865) 632-2333.

Dated: August 19, 2003.

Kathryn J. Jackson,

Executive Vice President, River System Operations & Environment, Tennessee Valley Authority.

Federal Aviation Administration

Advisory Circular; Guidance Material For 14 CFR § 33.28, Reciprocating Engines, Electrical And Electronic Engine Control Systems

AGENCY: Federal Aviation Administration, DOT

ACTION: Notice of availability of advisory circular.

SUMMARY: The Federal Aviation Administration (FAA) announces the availability of Advisory Circular (AC) Number 33.28-2, Guidance Material For 14 CFR 33.28, Reciprocating Engines, Electrical And Electronic Control Systems.

DATES: The Engine and Propeller Directorate, Aircraft Certification Service, issued AC 33.28-2 on August 13, 2003.

FOR FURTHER INFORMATION CONTACT: Mark Rumizen, Engine and Propeller Standards Staff, ANE-110, 12 New England Executive Park, Burlington, MA 0183-5299; telephone: (781) 238-7113; fax: (781) 238-7199; e-mail: mark.rumizen@faa.gov. The subject AC is

available on the Internet at the following address: <http://www.airweb.faa.gov/rgl>.

SUPPLEMENTARY INFORMATION: The FAA published a notice in the **Federal Register** on July 10, 2002 (67 FR 45780) to announce the availability of the proposed AC and invite interested parties to comment.

Background

Electrical and Electronic Engine Control (EEC) technology was initially applied to turbine engines designed for large transport aircraft applications. Therefore, the information and guidance for showing compliance with § 33.28 provided by the FAA was oriented toward these applications. However, the increasing use of EEC systems in reciprocating piston engines has created a need for guidance specifically for reciprocating engines. This AC provides a means, but not the only means, of compliance with § 33.28 that addresses these issues.

Authority: 49 U.S.C. 106(g), 40113, 44701-44702, 44704.

Issued in Burlington, Massachusetts, on August 13, 2003.

Marc J. Bouthillier,

Acting Manager, Engine and Propeller Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent to Rule on Request to Release Airport Property at the Brownsville/South Padre Island International Airport, Brownsville, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of request to release airport property.

SUMMARY: The FAA proposes to rule and invite public comment on the release of land at the Brownsville/South Padre Island International Airport under the provisions of Section 125 of the Wendell H. Ford Aviation Investment Reform Act for the 21st Century (AIR 21).

DATES: Comments must be received on or before September 25, 2003.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Mr. Mike Nicely, Manager, Federal Aviation Administration, Southwest Region, Airports Division, Texas Airports Development Office, ASW-650, Fort Worth, Texas 76193-0650.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Larry Brown, Director of Aviation, at the following address: City of Brownsville, Department of Aviation, 700 South Minnesota Avenue, Brownsville, Texas 78521-5721.

FOR FURTHER INFORMATION CONTACT: Mr. Rodney Clark, Program Manager, Federal Aviation Administration, Texas Airports Development Office, ASW-650, 2601 Meacham Boulevard, Fort Worth, Texas 76193-0650, Telephone: (817) 222-5650, *e-mail*: Rodney.Clark@faa.gov, *fax*: (817) 222-5989.

The request to release property may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property at the Brownsville/South Padre Island International Airport under the provisions of the AIR 21.

On June 24, 2003, the FAA determined that the request to release property at Brownsville/South Padre Island International Airport, submitted by the City, met the procedural requirements of the Federal Aviation Regulations, Part 155. The FAA may approve the request, in whole or in part, 30 days from the posting of this **Federal Register** notice.

The following is a brief overview of the request:

The City of Brownsville requests the release of 1.327 acres of non-aeronautical airport property. The land is part of a War Assets Administration deed of airport property to the City in 1948. The funds generated by the release will be used for upgrading, maintenance, operation and development of the airport.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the application, notice and other documents relevant to the application in person at the Brownsville/South Padre Island International Airport, telephone number (956) 542-4373.

Issued in Fort Worth, Texas on August 5, 2003.

Naomi L. Saunders,
Manager, Airports Division.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Receipt of Update to Noise Compatibility Program and Request for Review; Austin-Bergstrom International Airport Austin, TX

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces that it is reviewing a proposed update to the existing noise compatibility program that was submitted for Austin-Bergstrom International Airport under the provisions of title 49, U.S.C. Chapter 475 (hereinafter referred to as "Title 49") and 14 CFR Part 150 by City of Austin, Texas. This program was submitted subsequent to a determination by FAA that associated noise exposure maps submitted under 14 CFR part 150 for Austin-Bergstrom International Airport were in compliance with applicable requirements effective on April 29, 2000. The original noise compatibility program was approved on November 7, 2000. The proposed update to the noise compatibility program will be approved or disapproved on or before February 11, 2004.

EFFECTIVE DATE: The effective date of the start of FAA's review of the noise compatibility program is August 15, 2003. The public comment period ends October 13, 2003.

FOR FURTHER INFORMATION CONTACT: Nan L. Terry, Department of Transportation, Federal Aviation Administration, Fort Worth, Texas, 76193-0652, (817) 222-5607. Comments on the proposed update to the noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed update to the existing noise compatibility program for Austin-Bergstrom International Airport, which will be approved or disapproved on or before February 11, 2004. This notice also announces the availability of this program for public review and comment.

Under Title 49, an airport operator may submit to the FAA noise exposure maps, which meet applicable regulations, and which depict noncompatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the way in which such operations will affect such maps. Title 49 requires such maps to be developed

in consultation with interested and affected parties in the local community, government agencies, and persons using the airport.

An airport operator who has submitted noise exposure maps that are found by the FAA to be in compliance with the requirements of 14 CFR Part 150, promulgated pursuant to Title 49, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes for the reduction of existing noncompatible uses and for the prevention of the introduction of additional noncompatible uses.

On April 20, 1999, FAA published its approval noise exposure maps for the Austin-Bergstrom International Airport in the **Federal Register**. On May 25, 2000, the FAA published its approval of a final 2004 noise exposure map for the Austin-Bergstrom International Airport in the **Federal Register**. The FAA approved the original noise compatibility program on November 7, 2000 produced during Austin-Bergstrom International Airport, Austin, Texas Part 150 Noise Compatibility Study.

The FAA has formally received an update to the noise compatibility program for Austin-Bergstrom International Airport. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before February 11, 2004.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR Part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing noncompatible land uses and preventing the introduction of additional noncompatible land uses.

Interested persons are invited to comment on the proposed update to the existing program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure map, the FAA's evaluation of the map, and the proposed noise compatibility program are available for examination at the following locations:
