Administration****[TA-W-39,814]****Tingley Rubber Corp., South Plainfield,  
New Jersey; Amended Certification  
Regarding Eligibility To Apply for  
Worker Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on September 13, 2001, applicable to workers of Tingley Rubber Corporation, South Plainfield, New Jersey. The notice was published in the **Federal Register** on September 21, 2001 (66 FR 39814).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of protective rubber and PVC footwear until the company ceased production in August 2003.

New information shows that workers will be retained at the subject firm beyond the September 13, 2003 expiration date of the certification. These employees will complete the decommissioning of the subject plant until their termination on September 26, 2003. Based on these findings, the Department is amending the certification to extend the September 13, 2003 expiration date for TA-W-39,814 to read September 26, 2003.

The intent of the Department's certification is to include all workers of Tingley Rubber Corporation who were adversely affected by increased imports.

The amended notice applicable to TA-W-39,814 is hereby issued as follows:

"All workers of Tingley Rubber Corporation, South Plainfield, New Jersey, who became totally or partially separated from employment on or after July 27, 2000, through September 26, 2003, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974."

## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, (19 U.S.C. 2273), the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of August 2003.

In order for an affirmative determination to be made and a certification of eligibility to apply for directly-impacted (primary) worker adjustment assistance to be issued, each of the group eligibility requirements of section 222(a) of the Act must be met.

#### I. Section (a)(2)(A)

All of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

B. The sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. Increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

#### II. Section (a)(2)(B)

Both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

B. There has been a shift in production by such workers' firm or subdivision to a foreign country of articles like or directly competitive with articles which are produced by such firm or subdivision; and

C. One of the following must be satisfied:

1. The country to which the workers' firm has shifted production of the articles is a party to a free trade agreement with the United States;

2. The country to which the workers' firm has shifted production of the articles to a beneficiary country under the Andean Trade Preference Act, African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act; or

3. There has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

Also, in order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance as an adversely affected secondary group to be issued, each of the group eligibility requirements of section 222(b) of the Act must be met.

(1) Significant number or proportion of the workers in the workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) Either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) A loss or business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

#### Negative Determinations for Worker Adjustment Assistance
