Southern Star states that the NGA Section 311 facilities to be converted to NGA Section 7 authority currently serve Laclede Gas Company (Laclede) in its service areas west of St. Louis, Missouri, but also interconnect with other Southern Star NGA Section 7 facilities that provide additional firm transportation service to all customers north of Southern Star's Concordia station.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before the date as indicated below. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" (FERRIS). Steuben Gas Storage Company; Notice of Compliance Filing

September 17, 2003.

Take notice that on September 12, 2003, Steuben Gas Storage Company (Steuben), tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, Substitute Fifth Revised Sheet

No. 13 and Second Sub Tenth Revised Sheet No. 154, with an effective date of July 1, 2003.

Steuben states that these tariff sheets are being filed in compliance with the Commission's Letter Order dated September 4, 2003, requiring Steuben, as part of its Order 587-R Compliance Filing, to specify the recall quantity in terms of either "total released capacity entitlements" or "adjusted total released capacity entitlements based upon the elapsed Prorata Capacity" pursuant to WGQ Standard 5.3.55. Steuben has removed this standard from the reference list, and opted for the latter terminology to be included verbatim in its tariff.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Unocal Keystone Gas Storage, LLC.; Notice of Petition for Rate Approval

September 17, 2003.

Take notice that on September 9, 2003 Unocal Keystone Gas Storage, LLC. (Keystone) filed pursuant to Section 284.123 of the Commission's regulations, a petition for rate approval requesting that the Commission approve

the proposed market-based rates for storage and park and loan services.

Keystone requests that the Commission reaffirm its prior authorization for it to continue to charge market-based rates for storage and park and loan services following the planned expansion. Keystone also requests to extend that authorization to interruptible wheeling service. Keystone states that it desires to begin to offer an interruptible wheeling service.

Any person desiring to participate in this rate proceeding must file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed with the Secretary of the Commission on or before the date as indicated below. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. [Project No. 5018-004]

Wellesley Rosewood Maynard Mills, L.P., Massachusetts; Notice of Availability of Draft Environmental Assessment

September 17, 2003.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory

Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for surrender of the exemption from licensing for the Mill Pond Hydroelectric Project and has prepared a Draft Environmental Assessment (DEA) for the project. The project is located on the Assabet River, in Maynard, Massachusetts, within Middlesex County. No federal lands or facilities are occupied or used by the project.

The DEA contains the staff's analysis of the potential environmental impacts of the project and concludes that surrendering the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is on file with the Commission and is available for public inspection. The DEA may also be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link and by selecting the "General Search" link and following the instructions (call (866) 206-3676 for assistance).

Any comments should be filed within 45 days from the date of this notice and should be addressed to Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please affix Project No. 5018-004 to all comments. Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "eFiling" link.
