[Docket No. FAA-2003-15628; Airspace
Docket No. 03-AWP-10]

Modification of Class E Airspace; Waimea-Kohala, HI

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Direct final rule; request for
comments; correction and confirmation
of effective date.

SUMMARY: This action corrects a rule that was published in the **Federal Register** on August 12, 2003, (68 FR 47846; FR Doc. 03-20406). It corrects an error in the latitude description of the Waimea-Kohala Airport and omits a word in the airspace description for Waimea-Kohala, HI. This document also confirms the effective date of the direct final rule, which modifies the Class E airspace at Waimea-Kohala, HI.

DATES: The direct final rule and this correction are effective at 0901 UTC on October 30, 2003. Comments for inclusion in the Rules Docket must have been received on or before August 29, 2003.

FOR FURTHER INFORMATION CONTACT:

Debra Trindle, Air Traffic Division, Airspace Branch, AWP-520, Western-Pacific Region, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California 90261, telephone (310) 725-6622.

SUPPLEMENTARY INFORMATION: The FAA published FR Document 03-20406 in the **Federal Register** on August 12,

2003, (68 FR 47846) to modify Class E airspace at Waimea-Kohala, HI. The latitude description of the Waimea-Kohala Airport and the wording of the 700' Class E airspace were described incorrectly.

§ 71.1 [Corrected]

The following information corrects those errors for Waimea-Kohala, HI. On page 47847, correct the Waimea-Kohala Airport, HI latitude to read: (Lat. 20°00'05" N.) and on page 47847, column 1, 3rd line from the bottom omit the word "the".

Confirmation of Effective Date

The FAA published this direct final rule with a request for comments in the **Federal Register** on August 12, 2003, (68 FR 47846). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on October 30, 2003. No adverse comments were received, and thus this action confirms that this direct final rule will be effective on that date.

Issued in Los Angeles, California,
September 10, 2003.

John Clancy,

*Manager, Air Traffic Division, Western-Pacific
Region.*

Removal of Class E Airspace; Clifton, TN

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes the Class E5 Airspace at Clifton, TN, as there is no longer a Standard Instrument Approach Procedure (SIAP) for Hassell Field Airport requiring Class E5 airspace.

EFFECTIVE DATE: 0901 UTC, October 30, 2003.

FOR FURTHER INFORMATION CONTACT:

Walter R. Cochran, Manager Airspace Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5627.

SUPPLEMENTARY INFORMATION:

History

The VHF Omnidirectional Range/Distance Measuring Equipment (VOR/DME) SIAP for Hassell Field Airport has been canceled. Therefore, the Class E5 airspace area must be removed. This rule will become effective on the date specified in the "DATE" section. Since this action eliminates the impact of controlled airspace on users of the airspace in the vicinity of the Hassell Field Airport, notice and public procedure under 5 U.S.C. 553(b) are unnecessary. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) removes Class E5 airspace at Clifton, TN.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D AND CLASS E AIRSPACE AREAS; AIRWAYS, ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 14 CFR 11.69.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9K, Airspace Designations and Reporting Points, dated August 30, 2002, and effective September 16, 2002, is amended as follows: Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

Handling of Class 1 (Explosive) Materials or Other Dangerous Cargoes Within or Contiguous to Waterfront Facilities

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is updating the regulations relating to the handling of packaged and bulk-solid dangerous cargo at waterfront facilities. These updated regulations reflect improved safety procedures and modern transportation methods, such as the use of containers. This rule also updates the requirements for handling these dangerous cargoes and incorporates industry standards.

DATES: This regulation is effective October 27, 2003, except for § 126.15(a)(3), which contains information collection requirements that have not been approved by the Office of Management and Budget (OMB). The Coast Guard will publish a document in the **Federal Register** announcing the effective date of that paragraph. The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of October 27, 2003, except for the incorporation by reference in § 126.15(a)(3), which will be approved as of the effective date announced in the **Federal Register**.

ADDRESSES: Comments and material(s) received from the public, as well as documents mentioned in this preamble as being available in the docket, are part of docket [USCG–1998–4302] and are available for inspection or copying at the Docket Management Facility, U.S. Department of Transportation, room PL–401, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. SUPPLEMENTARY INFORMATION:**Regulatory History**

On October 29, 1998, we published a notice of proposed rulemaking entitled “Handling of Class 1 (Explosive) Materials or Other Dangerous Cargoes within or Contiguous to Waterfront Facilities” in the **Federal Register** (63 FR 57964). On January 12, 1999, we published a notice in the **Federal Register** reopening the comment period for this rulemaking (64 FR 1770). We received eight letters commenting on the proposed rule. No public hearing was requested, and none was held.

Background and Purpose

The regulations in 33 CFR part 126 prescribing requirements for designated waterfront facilities that handle, store, and transfer hazardous materials to and from vessels were written in the 1950s and have never been significantly updated.
