Questar Pipeline Company; Notice of Tariff Filing

September 24, 2003.

Take notice that on September 22, 2003, Questar Pipeline Company (Questar) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, Substitute Second Revised Sheet No. 86, to be effective May 12, 2003.

Questar states that this filing is being made to make a minor administrative correction relating to Questar's two tariff filings dated April 14, 2003, and April 29, 2003, filed in Docket Nos. RP03-342-000 and -001, respectively, that modified Questar's measurement section of its tariff. This filing deletes language that was intended to be deleted in Docket No. RP03-342-001 upon discovery that the North American Energy Standards Board (NAESB) Standard 2.3.9 was inadvertently deleted in Docket No. RP03-342-000 and replaced by a new paragraph.

Questar states that it filed an amendment to reverse this replacement, but only half of the incorrect paragraph was deleted. Questar states that this filing continues that correction by deleting the remaining part of the paragraph that is redundant in purpose to NAESB Standard 2.3.9.

Questar states that a copy of this filing has been served upon its customers, the Public Service Commission of Utah and the Public Service Commission of Wyoming.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Wisconsin Public Service Company; Notice of Availability of Environmental Assessment

September 25, 2003.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects' staff has prepared an Environmental Assessment (EA) for Wisconsin Public Service Company's application requesting Commission approval to amend the application regarding project boundaries of five of its projects to remove 9,738 acres of land, of which it proposes to convey approximately 9,349 acres to the Wisconsin Department of Natural Resources and to use 389 acres for development. The five projects are the Caldron Falls Project No. 2525, the Sandstone Rapids Project No. 2546, the Potato Rapids Project No. 2560, the Johnson Falls Project No. 2522, and the High Falls Project No. 2595 all located on the Peshtigo River in the counties of Marinette and Oconto, Wisconsin. The U.S. Bureau of Land Management owns and manages approximately 10 acres of federal lands (consisting of islands in the Peshtigo River) within the boundaries of the High Falls, Sandstone Rapids, and Potato Rapids projects.

The EA contains the staff's analysis of the potential environmental impacts of the proposal and concludes that approval of the proposal would not

constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to a Commission Order titled "Order Granting Motions To Intervene, Reinstating Request for Rehearing, Granting Rehearing In Part, And Granting With Conditions Application To Amend Project Boundaries" issued on September 15, 2003 (See 104 FERC & 61,295) which is available for review at the Commission in the Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link.
