

SSY to distribute the complaint and order to all physicians who have participated in SSY, and to payors that negotiated or indicated an interest in negotiating contracts with SSY, and requires SSY to terminate, at any payor's request and without penalty, its current contracts with respect to providing physician services. Finally, SSY is prohibited from readmitting any physician from the revoked entity for five years and from readmitting the revoked entity for 10 years.

Paragraph V, which applies only to CSP and YSA, requires them to distribute the complaint and order to all physicians who have participated in their activities and to any physicians who become involved with either CSP or YSA in the future.

Paragraphs III, VI, and VII of the proposed order impose various obligations on Respondents to report or provide access to information to the Commission to facilitate monitoring Respondents' compliance with the order.

The proposed order will expire in 20 years.

By direction of the Commission.

Donald S. Clark,

Secretary.

Proposed Information Collection Activity; Comment Request Proposed Projects:

Title: State Self-Assessment Review and Report.

OMB No. 0970-0223.

Description: The information to be collected from states includes statistics on specific criteria. This information is to be provided in the form of a report submitted annually to the Secretary of the U.S. Department of Health and Human Services. It is required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 as a substitute for process audits and will be used to determine if states are complying with specified child support requirements.

Respondents: State Child Support Enforcement Agencies or the Department/Agency/Bureau responsible for Child Support Enforcement in each state.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Report	54	1	3,866	208,764
Estimated Total Annual Burden Hours:	208,764

In compliance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and

comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. E-mail address: rsargis@acf.hhs.gov. All requests should

be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the

agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: October 6, 2003.

Submission for OMB Review; Comment Request

Title: Evaluation of the Early Head Start Fatherhood Demonstration.

OMB No.: 0970-0239.

Description: The Administration on Children, Youth and Families (ACYF), in partnership with the Office of Child Support Enforcement (OCSE), funded 21

Early Head Start grantees in 2001 to develop and implement creative practices to increase the involvement of fathers in their Early Head Start program and in the lives of their children. ACYF subsequently commissioned a study to identify promising practices emerging through the first two years of the demonstration. The study involved site visits to participating programs, a survey of demonstration staff, and collection of father participation data from the demonstration programs. ACYF recently commissioned a follow-up study to investigate programs' efforts to sustain meaningful fatherhood initiatives after the demonstration grant funding ends. This submission requests approval to conduct site visits to a subset of approximately 9 programs as well as a second survey of staff and collection of father participation data from all 21 demonstration programs.

Respondents: To reduce the burden on demonstration staff, the survey will be configured in four versions. The Director Version will be completed by the Early Head Start program directors. The Father coordinator Version will be completed by the staff member responsible for father activities. The Family Specialist Version will be completed by the staff member who works most closely with the Early Head

Start families in the home. The Teacher Version will be completed by the staff member working with families of children participating in the Early Head Start child care programs. Program staff will also be asked to submit data on participating fathers. For each child enrolled in the Early Head Start program, the site will be asked to complete a short "Father/Father Figure Information Form." To avoid duplication of individual-level data, the programs are requested to provide extracts of information on the children and fathers in the program from their current management information systems whenever possible. The staff survey and father data instruments will be the same as those used in the Phase I study under the current OMB clearance no. 0970-0239. Site visit protocols used in the Phase I evaluation will also be modified and shortened to address only those issues that are relevant to the research questions proposed in Phase II, focusing primarily on changes in program practices and new strategies for sustaining fatherhood initiatives.

Respondents: Early Head Start directors, fatherhood program coordinators, family specialists, teachers, and fathers and mothers of Early Head Start children.
