

XX, for this authorization of West Virginia's program changes until a later date.

L. Statutory and Executive Order Reviews

This rule only authorizes hazardous waste requirements pursuant to RCRA 3006 and imposes no requirements other than those imposed by State law (see **SUPPLEMENTARY INFORMATION: Section A. Why are Revisions to State Programs Necessary?**). Therefore, this rule complies with applicable executive orders and statutory provisions as follows:

1. *Executive Order 12866: Regulatory Planning Review*—The Office of Management and Budget has exempted this rule from its review under Executive Order (EO) 12866. 2. *Paperwork Reduction Act*—This rule does not impose an information collection burden under the Paperwork Reduction Act. 3. *Regulatory Flexibility Act*—After considering the economic impacts of today's rule on small entities under the Regulatory Flexibility Act, I certify that this rule will not have a significant economic impact on a substantial number of small entities. 4. *Unfunded Mandates Reform Act*—Because this rule approves pre-existing requirements under State law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act. 5. *Executive Order 13132: Federalism*—EO 12132 does not apply to this rule because it will not have federalism implications (i.e., substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government). 6. *Executive Order 13175: Consultation and Coordination with Indian Tribal Governments*—EO 13175 does not apply to this rule because it will not have tribal implications (i.e., substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes). 7. *Executive Order 13045: Protection of Children from Environmental Health & Safety Risks*—This rule is not subject to EO 13045 because it is not economically significant and it is not based on health or safety risks. 8. *Executive Order 13211: Actions that Significantly Affect Energy Supply, Distribution, or Use*—This rule is not subject to EO 13211

because it is not a significant regulatory action is defined in EO 12866. 9. *National Technology Transfer Advancement Act*—EPA approves State programs as long as they meet criteria required by RCRA, so it would be inconsistent with applicable law for EPA, in its review of a State program, to require the use of any particular voluntary consensus standard in place of another standard that meets the requirements of RCRA. Thus, section 12(d) of the National Technology Transfer and Advance Act does not apply to this rule. 10. *Congressional Review Act*—EPA will submit a report containing this rule and other information required by the Congressional Review Act (5 U.S.C. 801 et seq.) to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This action will be effective on December 15, 2003.

List of Subjects in 40 CFR Part 271

Environmental protection, Administrative practice and procedure, Confidential business information, Hazardous waste, Hazardous waste transportation, Indian lands, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of sections 2002(a), 3006 and 7004(b) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912(a), 6926, 6974(b).

Dated: October 7, 2003.

Donald S. Welsh,

Regional Administrator, EPA Region III.

RIN 0648-AQ38

Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Quota Specification, General Category Effort Controls, and Permit Revisions; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; correction

SUMMARY: NMFS published a final rule in the Federal Register on October 2, 2003, concerning the final initial 2003 fishing year specifications for the Atlantic bluefin tuna (BFT) fishery to set BFT quotas for each of the established fishing categories, to set General category effort controls, to allocate 25 metric tons (mt) of BFT to account for incidental catch of BFT by pelagic longline vessels "in the vicinity of the management boundary area," to define the management boundary area and applicable restrictions, and to revise permit requirements to allow General category vessels to participate in registered recreational Highly Migratory Species (HMS) fishing tournaments and to allow permit applicants a 10-calendar day period to make permit category changes to correct potential errors. The document contained an error in the **DATES** section.

FOR FURTHER INFORMATION CONTACT: Brad McHale at (978) 281-9260.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of October 2, 2003, in FR Vol. 68, No. 191, page 56783, in the third column, correct the **DATES** caption to read:

DATES: This rule is effective November 3, 2003. The final initial quota specifications and General category effort controls are effective November 3, 2003, through May 31, 2004.

Dated: October 10, 2003.

Rebecca J. Lent,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 021212306-2306-01; I.D. 101003A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Vessels Catching Pacific Cod for Processing by the Offshore Component in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Modification of a closure.

SUMMARY: NMFS is reopening directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area of the Gulf of Alaska (GOA) for 48 hours. This action is necessary to fully use the total allowable catch (TAC) of Pacific cod apportioned to vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), October 12, 2003, through 1200 hrs, A.l.t., October 14, 2003.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed the directed fishery for Pacific cod by vessels catching Pacific

cod for processing by the offshore component in the Central Regulatory Area of the GOA at 2400 hrs, October 1, 2003 (68 FR 57636, October 6, 2003).

NMFS has determined that, approximately 560 mt of Pacific cod remain in the directed fishing allowance. Therefore, in accordance with §§ 679.25(a)(1)(i) and (a)(2)(iii)(D), and to fully utilize the Pacific cod apportioned to vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area, NMFS is terminating the previous closure and is reopening directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area of the GOA. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance will be reached after 48 hours. Consequently, NMFS is prohibiting directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area of the GOA effective 1200 hrs, A.l.t., October 14, 2003.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA,

(AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent the Agency from responding to the most recent fisheries data in a timely fashion and delay the opening of the fishery for Pacific cod apportioned to vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area, thus reducing the public's ability to use and enjoy the fishery resource.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 10, 2003.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
