g. *Filed pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r) and 799 and 801.

h. *Applicant Contact:* Mr. G. Denton Lindsay, Jr., Santee Cooper Property Management Division, One Riverwood Drive, P.O. Box 2946101, Moncks Corner, SC 29461-4003, (843) 761-8000.

j. *Deadline for filing motions to intervene, protests, comments:* November 10, 2003.

The Commission's Rules of Practice and Procedure require all interveners filing a document with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the documents on that resource agency.

k. *Description of Proposed Action:* The Applicant seeks approval to use project lands and waters at Lake Marion for the Lake Marion Regional Water System Water Supply Project (Water Project). The applicant proposes to construct an intake structure and pump station in Orangeburg County, South Carolina. Raw water would be withdrawn from Lake Marion and delivered to a proposed water treatment plant, to be located on non-project lands approximately 1,000 feet from the intake. The treatment plant will have an initial capacity of 8 million gallons/day (MGD) and a maximum of up to 12 MGD. The licensee states that lake inflow is considered adequate to withstand the demand of the water treatment facility. The proposed structures (both on project and non-project lands) will remain the applicant's, therefore, no conveyance of project property rights is necessary. The applicant intends to sell the potable water to the Lake Marion Water Agency, which includes the City of Santee, the Town of Elloree, the City of Manning, the Town of St. George, and the Town of Holly Hill. The Water Project is divided into 5 smaller, independent

projects. The initial project, referred to as the Santee Reach, includes the water treatment facility, elevated tank, and waterline to provide water to Santee and Orangeburg County. Other projects (including the Ellore, Holly Hill, St. George and Manning Reaches) will be phased in, based upon customer needs and funding availability with the last project anticipated being completed by March 2006.
