Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted for public comment an Agreement Containing Consent Order with Alabama Trucking Association, Inc. ("ATA" or "Respondent") to resolve matters charged in an Administrative Complaint issued by the Commission on July 9, 2003. The agreement has been placed on the public record for thirty (30) days for receipt of comments from interested

members of the public. The Agreement is for settlement purposes only and does not constitute an admission by ATA that the law has been violated as alleged in the Complaint or that the facts alleged in the Complaint, other than jurisdictional facts, are true.

The Commission's decision to issue its Complaint in this matter was made after considering whether Respondent's activities were protected by the state action defense. As discussed in detail in Section III below, a key element of the state action defense is the extent to which the State supervises private action. The facts developed during staff's investigation pertaining to the extent to which Alabama supervised rates contained in tariffs filed by Respondent are discussed in this Analysis to illustrate how the Commission analyzed Respondent's ability to establish a state action defense.¹

I. The Commission's Complaint

The Complaint alleged that Respondent Alabama Trucking Association, Inc., a corporation, violated Section 5 of the Federal Trade Commission Act. Specifically, the Complaint alleged that Respondent agreed to engage, and had engaged, in a combination and conspiracy, an agreement, concerted action or unfair and unlawful acts, policies and practices, the purpose or effect of which was to unlawfully hinder, restrain, restrict, suppress or eliminate competition among household goods movers in the household goods moving industry.

Respondent is an association organized for and serving its members, which are approximately 80 household goods movers that conduct business within the State of Alabama. One of the primary functions of ATA is preparing, and filing with the Alabama Public Service Commission, tariffs and supplements on behalf of its members. These tariffs and supplements contain rates and charges for the intrastate transportation of household goods and for related services.

The Complaint alleged that Respondent engaged in initiating, preparing, developing, disseminating, and taking other actions to establish and maintain collective rates, which had the

¹ Settlement in this matter precludes the possibility of a litigated record. Thus, the Commission's understanding of the facts as set forth in this Analysis is based on the record developed during staff's investigation. The Commission has decided to include discussion of the relevant parts of the investigatory record to provide the best guidance it can on the scope of the state action defense and to facilitate comment on the proposed Consent Agreement.
