Title: President Memorial Certificate (PMC), VA Form 40–0247.

OMB Control Number: 2900–0567.

Type of Review: Extension of a currently approved collection.

Abstract: The PMC is a gold foiled-embossed certificate containing the Great Seal of the United States and bearing the President's signature. It is mailed to relatives and friends of deceased, honorably discharged veterans honoring their military service to our Nation. In most cases involving recent deaths, the PMC is automatically initiated for those eligible veterans buried in VA national cemeteries. The local VA Regional Office originates the application process without a request from the next of kin as part of processing death benefits claims.

The PMC Insert is not self-initiated by the general public/eligible recipients. There is no form or application that is used to initiate an original request. Original requests are normally in the form of letters and/or telephone calls from eligible recipients. The purpose of the PMC insert is to allow an eligible recipient, which includes the next of kin, other relatives or friends, *i.e.*, surviving spouses, sons, daughters, grandchildren, and others, to request additional certificates and/or replacements or corrected certificates upon receipt of the original PMC. Replacements are requested due to the PMCs being bent, water soaked, or other damaged during mail handling due to an incorrect name of the deceased veteran.

Title: Verification of VA Benefit-Related Indebtedness, VA Form 26-8937.

OMB Control Number: 2900-0406.

Type of Review: Extension of a currently approved collection.

Abstract: Lenders authorized to make VA-guaranteed home or manufactured loans on the automatic basis have been required to determine through VA

whether any benefits related debts exist in the veteran-borrower's name prior to the closing of any automatic loan.

Lenders may not close any proposed automatic loan until they have evidence from VA that there is no debt, or if a debt exists, or the veteran has agreed on an acceptable repayment plan, or payments under a plan already in effect are current. The form restricts information requested to only that need for the debt check and eliminates unlimited versions of lender-designed forms. It provides information advising the lender whether or not the veteran is exempt from paying the funding fee, which must be collected on all VA home loans unless the veteran is receiving service-connected disability compensation. This benefits the lender by streamlining the procedure to verify the veteran's receipt of compensation. VA Form 26-8937 is designed to assist lenders and VA in the completion of debt checks in a uniform manner.
