

realistic potential to affect the programming decisions of licensees or other core operating functions.”⁷ The FCC, while granting a waiver of the national spot sales rule to Univision and Telemundo, maintained the rule for other, non-Spanish language television networks. The FCC reasoned that without the rule networks would be able to exert undue influence over affiliate programming decisions. The right to sell national spot advertising gives Univision significant rights to influence Entravision, including, as the Commission has stated, the power to influence programming decisions. At a minimum, the FCC should forbid Univision from making national spot sales on behalf of Entravision, if the proposed merger is approved.

Converting Univision's voting shares in Entravision into non-voting shares will not fundamentally change the existing relationship. Entravision has been and will continue to be dependent on Univision for its continued survival. Univision, through its control of national sales and its absolute right to grant or deny new network affiliations, will be able to control financial decisions, programming and personnel at Entravision owned radio stations, thus ensuring that Entravision's radio stations will not compete with HBC's radio stations. Such influence will diminish diversity and stifle competition, two key aspects of the FCC local ownership rules.

Bose Corporation, Park Place Manufacturing Plant, Framingham, Massachusetts; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on September 22, 2003, applicable to all workers of Bose Corporation, Framingham, Massachusetts. The notice will soon be published in the **Federal Register**.

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. other products at Bose Corporation, Framingham, Massachusetts.

Accordingly, the Department is amending the certification to limit the certification to the workers of Bose Corporation, Park Place Manufacturing Plant in Framingham, Massachusetts.

The amended notice applicable to TA-W-52,545 is hereby issued as follows:
