

assumption described above, based on the completeness and reliability of the toxicity data, it is concluded that, aggregate exposure to the proposed uses of pyridalyl will utilize at most 43% of the aRfD for non-nursing infants (the most highly exposed subgroup) and 2% of the cRfD for children 1–2 (the most highly exposed subgroup). The drinking water contribution to dietary exposure is insignificant. Therefore, there is a reasonable certainty that no harm will occur to infants and children from aggregate exposure to residues of pyridalyl.

#### *F. International Tolerances*

There are currently no international tolerances for pyridalyl.

**EXPORT-IMPORT BANK OF THE UNITED STATES**  
**Financing or Operating Lease Coverage**  
**Explanation of Application Form for Export Credit Insurance**

THIS EXPLANATION IS GIVEN ONLY FOR THE PURPOSE OF ASSISTING YOU IN REVIEWING THE APPLICATION FORM. THE COMPLETE TERMS AND CONDITIONS OF COVERAGE ARE SET FORTH IN THE POLICY ITSELF. PLEASE NOTE THAT ALL UNDERLINED WORDS IN THIS EXPLANATION AND THE APPLICATION FORM ARE DEFINED IN THE POLICY.

**INTRODUCTION - Two Types of Coverage: Operating and Financing Leases**

The Export-Import Bank of the United States (Ex-Im Bank) has created two credit insurance policies for the leasing industry, one entitled Operating Lease Policy, and the other Financing Lease Policy. Each provides a unique system of coverage which is described below. It is important to know that the terms operating lease and financing lease are used herein as descriptive titles for the purposes of the policies only. Definitions of an operating lease, true lease, financing or full payout lease vary depending upon whether one is speaking in the context of accounting, taxes, commercial law, or international trade. These definitions do not affect your choice between the two Ex-Im Bank policies. The choice between the Operating Lease Policy or Financing Lease Policy depends upon the characteristic of the transaction. The Finance Lease Policy must be used if the transaction is essentially a conditional sale and the intent of the lessor is to transfer title at the end of the lease period. Usually there is no or little residual value. The Operating Lease Policy must be used if the transaction is not essentially a sale, but involves the rental concept (i.e, the lessor does not intend to transfer title to the lessee at the end of the lease period). Usually there is a significant residual value. All transactions which have residual value greater than or equal to 25% of the full value of the leased products must use the Operating Lease Policy.

The separation between the two types of coverage is due in part to the necessities of compliance with certain international agreements pertinent to medium-term sales. For those purposes, the financing lease is viewed as a medium-term sale and therefore an advance payment from the lessee to the lessor is required. An operating lease, however, which embodies the expectation of repossession of a leased product, which product may or may not have retained its expected market value, can be viewed by Ex-Im Bank as a rental and thereby can be underwritten by Ex-Im Bank without the imposition of an advance payment requirement.

Coverage is made available for leased products of United States origin as defined by the current underwriting guidelines. Used products may be covered. Refer to Ex-Im Bank's Fact Sheet on Used Equipment Guidelines EIB92-63. Lessors may be located in the United States, the country where the lessee is located, or a third country. Coverage is available for products which have been previously exported from the United States, however, products which have been exported as a sale or financing lease must be returned to the United States for at least one year to be eligible for coverage. Products which have been exported under an operating lease must also be returned to the United States but there is no minimum repatriation period required.

**STRUCTURE OF EX-IM BANK'S FINANCING LEASE POLICY**

Similar to the structure of a medium-term sale transaction, there is a requirement of a 15% advance payment from the lessee to the lessor (applicant/insured) on or before the delivery of the leased products. The advance payment may be financed. You can only insure the remaining 85% of the lease transaction.

Should the lessee default, coverage is provided for the insured percentage of each lease payment as it falls due until the end of the lease term. Coverage is usually provided at 100%. At the time of claim payment, the insured is obligated to transfer to Ex-Im Bank all remaining obligations of the lease, as well as title to the leased products. The coverage of lease payments as they become due remains effective regardless of failed repossession efforts for any reason or Ex-Im Bank's own

subsequent repossession of a leased product which has lost its market value.

## STRUCTURE OF EX-IM BANK'S OPERATING LEASE POLICY

**Coverage for Stream of Payments During Repossession Efforts** - This policy divides coverage into two distinct parts, the first being for the stream of payments which fall due during a limited repossession efforts period after default of the lessee. Although the length of the repossession efforts period will be underwritten on a case-by-case basis, it will generally extend to cover those periodic and approved non-periodic payments which fall due during a maximum period of five months after the default. The intention of this first coverage is to maintain the insured's stream of payments while he takes action to repossess the leased products. Coverage for the stream of payments is usually provided at 100% for sovereign lessees and 90% for all others.

**Coverage for Governmental Prevention of Repossession** - If the insured has elected to purchase this coverage and is unable to effect repossession during the repossession efforts period, he may then claim under Risk 5 coverage, but only if repossession is prevented by the type of government action specifically described under Risk 5 of the Operating Lease Policy. Generally, those risks are referred to as expropriation or confiscation. Coverage will be limited to the actions of the governments of those countries which the insurer agrees to specify in the declarations. A failure of the insured to effect repossession for reasons other than those specified in Risk 5 is not covered. Note that the valuation of coverage under Risk 5 is the fair market value of the leased products at the time of claim submission. The coverage percentage under Risk 5 is 100%.

## POLICY ISSUANCE

Both the Operating Lease Policy and Financing Lease Policy are of the single transaction type, meaning that a separate policy is issued for each separate lease you insure with Ex-Im Bank. Upon the review and approval of your application, Ex-Im Bank will issue a commitment notice for 90 days, reflecting the coverage parameters, including the credit limits and premium due, for your lease transaction. The policy is issued once you pay the applicable premium which is due prior to the expiration of the commitment notice.

The Operating Lease Policy offers "limits" type coverage:

Under Risks 1, 2, 3, 4 on the stream of payments, you may purchase an amount of insurance up to the credit limit which Ex-Im Bank has approved, or less, if you deem it appropriate. Ex-Im Bank's maximum claim payment for these risks would be the insured percentage of the loss up to the lesser of the actual amount of the limited number of periodic and non-periodic payments specified in the policy declarations or the coverage credit limit you have purchased.

In a similar manner, for Risk 5, you may purchase an amount of insurance up to the credit limit which Ex-Im Bank approves, or less if you desire, to cover the value of the leased products should their repossession after a default be prevented by one of the forms of governmental intervention set forth in the policy. Under Risk 5, the claim payment would be the insured percentage of the fair market value at the time of claim, but limited by the credit limit of coverage you have purchased.

Note that prior to the time of policy issuance you must make the final decision on your credit limits, taking into consideration whatever factors you choose, including the possibilities that a default and prevention of repossession may occur very early during the life of the lease.

Under the Financing Lease Policy, Ex-Im Bank's maximum claim payment for Risks 1, 2, 3, 4 would be the insured

percentage of the amount of the insured's loss on approved non-periodic payments and on the principal and covered interest of each actual periodic payment as set forth on the schedule in the policy declarations.

## FURTHER POINTS OF CLARIFICATION

- Ex-Im Bank coverage under both the Operating and Financing Lease Policies is available for both the rental portion of the lease, which is referred to as periodic payments, and also other non-rental type payments, referred to as approved non-periodic payments. Periodic payments must be due from the lessee to the insured under the lease at equal time periods, but the amounts of such payments may be unequal.
- The concept of a non-periodic payment is intended to include those payments which are obligations of the lessee under the lease, but for which payment is due upon the occurrence of certain specified contingencies other than the passage of equal periods of time. Such obligations might include service or maintenance payments payable by the lessee to the insured lessor. If such non-periodic payments are payable to a third party, however, they can be insured only if the lease contains an obligation of the lessee to reimburse the insured if such payments are not made to the third party by the lessee when due and are instead made by the insured. Your application for coverage of such non-periodic payments will be underwritten by Ex-Im Bank, and a credit limit will be entered for each approved non-periodic payment.
- Both policies require that the lease documentation set forth certain obligations. Before Ex-Im Bank can realistically underwrite a transaction, it is usually necessary to review at least a draft of the lease documentation prepared for the transaction you wish to insure. That draft should be as complete as possible when submitted.

## POLICY RISK TYPES

Risks 1, 2, 3 - political risks of non-payment

(currency inconvertibility, cancellation of export or import licenses, war, insurrection, requisition or expropriation)

Risk 4 - commercial risk of non-payment  
(protracted default, insolvency)

Risk 5 - governmental prevention of repossession of leased products (expropriation, confiscation - applicable to Operating Lease Policy only)

sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. The Federal Financial Institutions Examination Council (FFIEC), of which the agencies are members, has approved the agencies' publication for public comment of proposed revisions to the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (FFIEC 002). The Board is publishing the proposed revisions on behalf of the agencies. At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the FFIEC should modify the proposed revisions prior to giving its final approval. The Board will then submit the revisions to OMB for review and approval.

**DATES:** Comments must be submitted on or before February 3, 2004.

**ADDRESSES:** Interested parties are invited to submit written comments to the agency listed below. All comments, which should refer to the OMB control number, will be shared among the agencies.

### Proposal to revise the following currently approved collection of information:

*Report Title:* Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks.

*Form Number:* FFIEC 002.

*OMB Number:* 7100-0032.

*Frequency of Response:* Quarterly.

*Affected Public:* U.S. branches and agencies of foreign banks.

*Estimated Number of Respondents:* 295.

*Estimated Total Annual Responses:* 1,180.

*Estimated Time per Response:* 22.75 burden hours.

*Estimated Total Annual Burden:* 26,845 burden hours.

*General Description of Report:* This information collection is mandatory: 12 U.S.C. 3105(b)(2), 1817(a)(1) and (3), and 3102(b). Except for select sensitive items, this information collection is not given confidential treatment (5 U.S.C. 552(b)(8)). Small businesses (that is, small U.S. branches and agencies of foreign banks) are affected.

*Abstract:* On a quarterly basis, all U.S. branches and agencies of foreign banks (U.S. branches) are required to file detailed schedules of assets and liabilities in the form of a condition report and a variety of supporting schedules. This information is used to fulfill the supervisory and regulatory requirements of the International Banking Act of 1978. The data are also used to augment the bank credit, loan, and deposit information needed for monetary policy and other public policy purposes. The Federal Reserve System collects and processes this report on behalf of all three agencies.

*Current Actions:* The agencies propose to implement a small number of revisions to the existing reporting requirements of the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (FFIEC 002). The proposed revisions would help to achieve consistency with the Reports of Condition and Income (Call Report) (forms FFIEC 031 and 041) filed by insured commercial banks and FDIC-supervised savings banks.

The proposed revisions to the FFIEC 002 that would take effect as of the March 31, 2004, reporting date include:
