

www.epa.gov/edocket. Use EDOCKET to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA within 60 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 *FR* 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Affected entities: Entities potentially affected by this action are those which produce pesticides.

Title: Recordkeeping Requirements for Producers of Pesticides under section 8 of the Federal Insecticide, Fungicide, and Rodenticide Act as amended (FIFRA). ICR Number 0143.08. OMB Control Number 2070-0028. Expires 10/31/04.

Abstract: Section 8 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) states that the Administrator of the Environmental Protection Agency may prescribe regulations requiring producers, registrants and applicants for registration to maintain such records with respect to their operations and the effective enforcement of this Act as the Administrator determines are necessary for the effective enforcement of FIFRA and to make such records available for inspection and copying as specified in the statute. The regulations at 40 CFR part 169 (Books and Records of Pesticide Production and Distribution) specify the following records that producers must keep and the

disposition of those records: Production data for pesticides, devices, or active ingredients (including pesticides produced pursuant to an experimental use permit); receipt by the producer of pesticides, devices, or active ingredients used in producing pesticides; delivery, moving, or holding of pesticides; inventory; domestic advertising for restricted use pesticides; guarantees; exports; disposal; human testing; and tolerance petitions. Additionally, section 8 gives the Agency inspectional authority to monitor the validity of research data (including raw data), including data developed in accordance with Good Laboratory Practice Standards, and used to support pesticide registration. The EPA or States/Indian Tribes operating under Cooperative Enforcement Agreements make use of the records required by section 8 through periodically inspecting them to help determine FIFRA compliance of those subject to the provisions of the Act. In addition, producers themselves make use of such records in order to comply with reporting requirements under FIFRA section 7 and 40 CFR 167.85. (Those reporting requirements are addressed in the ICR entitled "Pesticide Report for Pesticide-Producing Establishments," OMB Docket Number 2000-0029.)

Since most of the records required to be maintained are likely to be collected and maintained in the course of good business practice, the records are generally stored on site at either the establishment producing the pesticide or at the place of business of the person holding the registration. However, the registrant may decide to transfer records relating to disposal of pesticides and human testing to EPA for storage because of a twenty year retention requirement for the records. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Burden: The average annual burden to the industry over the next three years is estimated to be 2 person hours per response.

Respondents/affected entities: 12,953.

Estimated number of respondents: 12,953.

Frequency of responses: 1.

Estimated total annual hour burden: 25,906.

There are no capital/startup costs or operating and maintenance (O&M) costs associated with this ICR since all equipment associated with this ICR is present as part of ordinary business practices.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: March 19, 2004.

Richard Colbert,

Director, Agriculture Division, Office of Compliance, Office of Enforcement and Compliance Assurance.

[FR Doc. 04-6694 Filed 3-30-04; 8:45 am]

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[OPP-2003-0357; FRL-7340-6]

Certification of Pesticide Applicators; Renewal of Pesticide Information Collection Activities and Request for Comments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*) this notice announces that EPA is seeking public comment on the following Information Collection Request (ICR): Certification of Pesticide Applicators (EPA ICR No. 0155.08, OMB Control No. 2070-0029). This is a request to renew an existing ICR that is currently approved and due to expire on August 31, 2004. The ICR describes the nature of the information collection activity and its expected burden and costs. Before submitting this ICR to the Office of Management and Budget (OMB) for review and approval under the PRA, EPA is soliciting comments on specific aspects of the collection.

DATES: Written comments, identified by the docket ID number OPP-2003-0357, must be received on or before June 1, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit III. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Nancy Vogel, Field and External Affairs Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-6475; fax number: (703) 305-5884; e-mail address: voel.nancy@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does this Action Apply to Me?

You may be potentially affected by this action if you run an EPA-approved certified pesticide applicator program for restricted use pesticides or are a certified pesticide applicator using restricted use pesticides that must comply with requirements of section 11 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and 40 CFR part 171. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS 111), e.g., Establishments growing crops mainly for food and fiber.
- Animal production (NAICS 112), e.g., Establishments primarily engaged in keeping, grazing, breeding, or feeding animals.
- Exterminating and pest control services (NAICS 561710), e.g., Establishments primarily engaged in exterminating and controlling birds, mosquitoes, rodents, termites, and other insects and pests. Establishments

providing fumigation services are included in this industry.

- Environmental protection program administration (NAICS 924110), e.g., Government establishments primarily engaged in the administration, regulation, enforcement, and coordination of solid waste management, water and air pollution control and prevention, flood control, drainage development and water resource consumption, or toxic waste removal and cleanup programs and coordination of these activities at intergovernmental levels.

- Regulation of agricultural marketing and commodities (NAICS 926140), e.g., Government establishments primarily engaged in the planning, administration, and coordination of agricultural programs for production, marketing, and utilization.

- Nursery, garden center, and farm supply stores (NAICS 444220), e.g., Establishments primarily engaged in retailing nursery and garden products, such as trees, shrubs, plants, seeds, bulbs, and sod that are predominantly grown elsewhere.

- Farm supplies merchant wholesalers (NAICS 4224910), e.g., Establishments primarily engaged in the merchant wholesale distribution of farm supplies, such as animal feeds, fertilizers, agricultural chemicals, pesticides, plant seeds, and plant bulbs.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed above could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions in sections 3(d) and 11 of FIFRA and 40 CFR part 171. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. How Can I Get Copies of this Document and Other Related Information?

A. Docket

EPA has established an official public docket for this action under docket identification (ID) number OPP-2003-0357. The official public docket consists of the documents specifically referenced in this action, any public comments

received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

B. Electronic Access

You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit II.A. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether

submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

III. How Can I Respond to this Action?

A. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit III.B. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any

identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2003-0357. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID Number OPP-2003-0357. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit III.A. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number OPP-2003-0357.

3. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, Attention: Docket ID Number OPP-2003-0357. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit II.A.

B. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

C. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the collection activity.
7. Make sure to submit your comments by the deadline in this notice.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

D. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits

comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

5. EPA's Office of Pesticide Programs is specifically looking for comments related to states' requirements for commercial applicator recordkeeping. To determine if the Agency has correctly calculated the respondent burden estimated for this business sector, the Agency would like information which indicates whether or not states would require the following recordkeeping regardless of the Agency's requirements contained in 40 CFR 171.11(c)(7)(i)(A)–(H) (see list under question 6 below). In the absence of a federal requirement, would states continue to require this recordkeeping?

6. In addition, the Agency would like information about the business activities of the commercial pesticide applicators and firms sector. Specifically, EPA is looking for information related to "usual and customary" business practices for commercial pesticide applicators. To determine if the Agency has correctly calculated the respondent burden estimated for this business sector, the Agency would like information which identifies whether or not commercial applicators would collect the following information regardless of the Agency's or states' reporting requirements, as contained in 40 CFR 171.11(c)(7)(i)(A)–(H). This information includes:

- a. Name and address of the person for whom the pesticide was applied.
- b. Location of the pesticide application.
- c. Target pest(s).
- d. Specific crop or commodity, as appropriate, and site to which the pesticide was applied.
- e. Year, month, day, and time of application.
- f. Trade name and EPA registration number of the pesticide applied.

g. Amount of the pesticide applied and percentage of active ingredient per unit of pesticide used.

h. Type and amount of the pesticide disposed of, method of disposal, date(s) of disposal, and location of the disposal site.

Commenters should identify whether or not they are a commercial pesticide applicator or firm and identify by letter, e.g., a., b., c., d., e., f., g., and/or h., which records the commenter considers to be retained as part of usual and customary business practices.

IV. What Information Collection Activity or ICR Does this Action Apply to?

EPA is seeking comments on the following ICR:

Title: Certification of Pesticide Applicators.

ICR numbers: EPA ICR No. 0155.08, OMB Control No. 2070–0029.

ICR status: This ICR is a renewal of an existing ICR that is currently approved by OMB and is due to expire on August 31, 2004.

Abstract: This information collection request is designed to provide EPA with the authority to administer and oversee training and certification programs for pesticide applicators in accordance with FIFRA and to enable EPA to collect certain data regarding these programs from states, Indian tribes, and Federal Agencies with EPA-approved certification plans.

FIFRA allows EPA to classify a pesticide as "restricted use" if the pesticide meets certain toxicity or risk criteria. Restricted use pesticides, because of their potential to harm persons of the environment, may be applied only by a certified applicator or by a person under their direct supervision. A person must meet certain standards of competency to become a certified applicator. Participating states develop certified applicator programs which must be approved by the Agency before they can be implemented. In non-participating states, EPA administers the certification program.

V. What are EPA's Burden and Cost Estimates for this ICR?

Under the PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed for reading the regulations, planning the necessary data collection activities, analyzing data, generating reports and completing other required paperwork, and storing, filing, and maintaining the data.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this ICR is estimated to be 1,311,368 hours. The following is a summary of the estimates taken from the ICR:

Respondents/affected entities: States, Federal Agencies, and Indian tribes; pesticide dealers, applicators in Colorado and commercial pesticide applicators and firms.

Estimated total number of potential respondents: 424,398.

Frequency of response: On occasion or annually, depending on the category of respondent.

Estimated total/average number of annual responses for each respondent: 1–3.

Estimated total annual burden hours: 1,311,368.

Estimated total annual burden costs: \$25,108,623.

VI. Are There Changes in the Estimates from the Last Approval?

The previous ICR included substantial federal burden for implementing significant changes to the regulation. Those changes were not realized; therefore, the anticipated increases in the federal burden are not included in this ICR.

The burden compared to the previous ICR has increased slightly, from 1,285,865 to 1,311,368 hours, due to a small increase in the number of certified commercial applicators. Burden from programs administered by EPA increased, as the Navajo Indian Country plan for applicators is expected to initiate soon, and the number of applicators certifying has increased in the counts. The cost burden has increased as well, as a result of the increased numbers of certified commercial applicators and from increased labor rates and inflation, from \$21,456,058 to \$25,108,623.

VII. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION:**I. General Information****A. Does this Action Apply to Me?**

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS 111)
- Animal production (NAICS 112)
- Food manufacturing (NAICS 311)
- Pesticide manufacturing (NAICS 32532)

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be

affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket ID number OPP-2004-0070. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's

policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that
