

social and economic needs of the public.

Proposed Activities: The Forest Service proposes to use regeneration harvest (clearcut and seedtree prescriptions) on approximately 3,376 acres, and commercial thinning on approximately 3,299 acres.

The proposed action would result in 40 openings over 40 acres, ranging from 41 to 175 acres. A 60-day public review period, and approval by the Regional Forester for exceeding the 40-acre limitation for regeneration harvest, would be required prior to the signing of the Record of Decision. This 60-day period is initiated with this notice of intent.

The proposed action includes approximately 6,675 acres of underburning following timber harvest, and approximately 1,033 acres of prescribed burning without timber harvest.

The proposed action also includes maintenance activities on portions of approximately 193 miles of road to meet Best Management Practices; decommissioning approximately six miles of roads currently restricted year-long to motor vehicles; placing approximately five miles of roads, which are currently restricted year-long to motor vehicles, in storage; and reconstructing approximately one mile of existing road.

Forest Plan Amendments: The proposed action includes a project-specific Forest Plan amendment necessary to meet the project's objectives:

An amendment to allow harvest in 41 units adjacent to existing openings in Management Area (MA) 12 (Big Game Summer Range). The amendment would be needed to suspend Wildlife and Fish Standard #7 and Timber Standard #2 for this area. These standards state that movement corridors and adjacent hiding cover be retained. The resulting opening sizes more closely correlate to natural disturbance patterns. Snags and down woody material would be left to provide wildlife habitat and maintain soil productivity.

A second amendment to allow the open road density in MA 12 (Big Game Summer Range) to be managed at greater than 0.75 miles/square mile during project implementation may be required. The amendment would be necessary to suspend Facilities Standard #3, which states that open road density should be maintained at 0.75 miles/square mile.

Range of Alternatives: The Forest Service will consider a range of alternatives. One of these will be the "no action" alternative, in which none

of the proposed activities will be implemented. Additional alternatives will be considered to achieve the project's purpose and need for action, and to respond to specific resource issues and public concerns.

Public Involvement and Scoping: In January 2004, efforts were made to involve the public in considering management opportunities within the Decision Area. A scoping package was mailed for public review on January 30, 2004. An open house was held on February 18, 2004. Comments received prior to this notice will be included in the documentation for the EIS.

Estimated Dates for Filing: While public participation in this analysis is welcome at any time, comments received within 30 days of the publication of this notice will be especially useful in the preparation of the Draft EIS (DEIS). The DEIS is expected to be filed with the Environmental Protection Agency (EPA) and to be available for public review by June 2004. At that time EPA will publish a Notice of Availability (NOA) of the DEIS in the **Federal Register**. The comment period on the DEIS will be 45 days from the date the EPA publishes the NOA in the **Federal Register**. It is very important that those interested in the management of this area participate at that time.

The final EIS (FEIS) is scheduled to be completed by August 2004. In the FEIS, the Forest Service is required to respond to comments and responses received during the comment period that pertain to the environmental consequences discussed in the DEIS, and applicable laws, regulations, and policies considered in making a decision regarding the proposal.

Reviewer's Obligations: The Forest Service believes it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of DEIS' must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S.C 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803, F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this Proposed Action participate by the class DEIS 45 day comment period so that substantive

comments and objections are made available to the Forest Service at a time when it can meaningfully consider and respond to them in the FEIS.

To be most helpful, comments on the DEIS should be as specific as possible, and may address the adequacy of the statement or the merit of the alternatives discussed. Reviewers may wish to refer to the Council on Environmental Quality regulations (40 CFR 1503.3) for implementing the procedural provisions of the National Environmental Policy Act.

Responsible Official: As the Forest Supervisor of the Kootenai National Forest, 1101 U.S. Highway 2 West, Libby, MT 59923, I am the Responsible Official. As the Responsible Official, I will decide if the proposed project will be implemented. I will document the decision and reasons for the decision in the Record of Decision. I have delegated the responsibility for preparing the DEIS and FEIS to Glen M. McNitt, District Ranger, Rexford Ranger District.

Dated: March 23, 2004.

Bob Castaneda,

Forest Supervisor, Kootenai National Forest.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of opportunity to request administrative review of antidumping or countervailing duty order, finding, or suspended investigation.

Background

Each year during the anniversary month of the publication of an antidumping or countervailing duty order, finding, or suspension of investigation, an interested party, as defined in section 771(9) of the Tariff Act of 1930, as amended (the Act), may request, in accordance with section 351.213(2003) of the Department of Commerce (the Department) Regulations, that the Department conduct an administrative review of that

antidumping or countervailing duty order, finding, or suspended investigation.

Opportunity to Request a Review: Not later than the last day of April 2004, interested parties may request administrative review of the following orders, findings, or suspended investigations, with anniversary dates in April for the following periods:

Suspension Agreements

None.

In accordance with section 351.213 (b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 69 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping

duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration Web site at <http://www.ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of April 2004. If the Department does not receive, by the last day of April 2004, a request for review of entries covered by an order, finding,

or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: March 25, 2004.

Holly A. Kuga,

Acting Deputy Assistant Secretary, Group II for Import Administration.
