

Transmittal No. 04-04

**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act**

**Annex
Item No. vii**

(vii) Sensitivity of Technology:

1. The surveillance radars will fill gaps in recipient's threat warning capability. The Surveillance Radar Program (SRP) radars will provide a robust early warning capability and will detect, acquire, and track theater ballistic missile, air breathing targets, and cruise missile threats. Further, the SRP systems will be able to operate in severe clutter and jamming environments, amid high levels of background radio frequency interference.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that recipient can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

DEPARTMENT OF DEFENSE**Department of the Army****Supplemental Draft Environmental
Impact Statement (SDEIS) for the
Proposed Addition of Maneuver
Training Land at Fort Irwin, CA**

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Army has prepared an SDEIS to address potential environmental effects associated with proposed Army training in the study areas in Fort Irwin. Expansion of the maneuver area of the National Training Center (NTC) provides an extended battle space (land and air space) environment for training Army brigade-sized ground and air units according to the Army's training and combat operations.

DATES: The comment period will end 45 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Requests for copies of the SDEIS may be made to: NTC Land

Expansion Program, Attention: AFZJ-SP, Strategic Planning Division, P.O. 105004, Fort Irwin, California 93210, by calling (760) 380-6339, or by facsimile at (760) 380-2294.

FOR FURTHER INFORMATION CONTACT: Contact Mrs. Priscilla Kernek or Mr. Allen Lute, AFZJ-SP Strategic Planning Division, P.O. 105004, Fort Irwin, CA 92311. Interested parties may also call (760) 380-6173.

SUPPLEMENTARY INFORMATION: The proposed project involves acquisition of approximately 110,000 new acres on the east and southwest sides of the existing NTC and the return to training use of approximately 22,000 acres in the south that are currently set aside for the desert tortoise critical habitat. While the proposed land expansion is less than the 274,167 acres identified in the 2003 Land Use Requirements Survey (LURS), it satisfies the most critical needs for additional maneuver land, while taking into account the Army's environmental stewardship responsibilities.

Submit electronic comments and data by sending electronic mail (e-mail) to allen.lute@irwin.army.mil. Submit comments as an ASCII file, avoiding the use of special characters and any form of encryption. Fort Irwin also accepts

data on disks in Microsoft Word 2000 file format.

Individuals who wish to review the SDEIS may examine a copy at a public library in any of the following locations: Barstow, Victorville, San Bernardino, Torrance, Los Angeles, Sacramento, and San Diego, CA.

The dates and locations of the public hearings are: April 27, Barstow City Council Chambers, 220 E. Mountain View, Barstow; April 29, Victorville City Council Chambers, 14343 Civic Drive, Victorville; May 5, San Diego City Admin Building, 22 C Street, 12th Floor, San Diego; May 6, Torrance City Hall, 3031 Torrance Boulevard, Torrance; May 12, San Bernardino City Council Chambers, 300 N.
