

would award continuation grants if we determine, based on information provided by each grantee, that each grantee is making substantial progress performing its NAVTEP grant activities. Under this proposed extension and waiver, (1) the project period for grantees could be extended to September 30, 2005, and (2) additional continuation awards could be made for any additional year or years for which Congress appropriates funds under existing statutory authority.

We do not interpret the waiver as exempting current grantees from the account closing provisions of Public Law 101-510, or as extending the availability of FY 2000 funds awarded to the grantees. As a result of Public Law 101-510, appropriations available for a limited period may be used for payments of valid obligations for only five years after the expiration of their period of availability for Federal obligation. After that time, the unexpended balance of those funds is canceled and returned to the Treasury Department and is unavailable for restoration for any purpose.

Regulatory Flexibility Act Certification

The Secretary certifies that the proposed extension and waiver and the activities required to support additional years of funding would not have a significant economic impact on a substantial number of small entities.

The small entities that would be affected by this proposed extension and waiver are the FY 2000 grantees currently receiving Federal funds and the following entities that are eligible for an award under the NAVTEP:

- (1) A federally recognized Indian tribe.
- (2) A tribal organization.
- (3) An Alaska Native entity.
- (4) A Bureau-funded school (as defined in the January 3, 2001 (66 FR 560), notice inviting applications), except for a Bureau-funded school proposing to use its award to support secondary school vocational and technical education programs.

However, the proposed extension and waiver would not have a significant economic impact on these entities because the proposed extension and waiver and the activities required to support the additional years of funding would not impose excessive regulatory burdens or require unnecessary Federal supervision. The proposed extension and waiver would impose minimal requirements to ensure the proper expenditure of program funds, including requirements that are standard to continuation awards.

Instructions for Requesting a Continuation Award

Generally, in order to receive a continuation grant, a grantee must submit an annual program narrative that describes the activities it intends to carry out during the year of the continuation award. The activities must be consistent with, or be a logical extension of, the scope, goals, and objectives of the grantee's application approved under the FY 2000 competition. A grantee must also submit a budget and budget narrative for each year it requests a continuation award. (34 CFR 75.253(c)(2)). A grantee should request a continuation award at least 30 days before its current grant expires. A grantee may request a continuation award for any year for which Congress appropriates funds under the current statutory authority.

Amount of New Awards Under Continuation Grant

The actual amount of any continuation award depends on factors such as: (1) The grantee's written statement describing how the funds made available under the continuation award will be used, (2) a cost analysis of the grantee's budget by the Department, and (3) whether the unobligated funds made available are needed to complete activities that are planned for completion in the prior budget period. (34 CFR 75.232 and 75.253(c)(2)(ii) and (3).)

Paperwork Reduction Act of 1995

This proposed extension and waiver does not contain any information collection requirements.

Intergovernmental Review

The NAVTEP is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

Assessment of Educational Impact

The Secretary particularly requests comments on whether this proposed extension and waiver would require transmission of information that any other agency or authority of the United States gathers or makes available.

Chandeleur Pipe Line Company; Notice of Motion to Place Tariff Sheets into Effect

April 2, 2004.

Take notice that on March 26, 2004 Chandeleur Pipe Line Company (Chandeleur), pursuant to 154.206 of the Commission's regulations, and the Commission's order issued October 31, 2003, and the terms of the settlement agreement filed with the Commission in the captioned docket on March 15, 2004, tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, 2nd Revised Fourteenth Rev. Sheet No. 5, to become effective April 1, 2004.

Chandeleur states that the purpose of the filing is to place into effect on April 1, 2004, the end of the suspension period in this proceeding, the rates which reflect the agreement of the parties in a settlement filed with the Commission on March 15, 2004. Chandeleur states that, should the Commission fail to approve the lower settlement rates, Chandeleur reserves the right to place the rates on Substitute Fourteenth Revised Sheet No. 5 into effect as such were accepted and suspended by Commission Orders dated October 31, 2004, and December 29, 2003.

Chandeleur notes that copies of the filing have been served upon all participants on the official service list and upon all jurisdictional customers and interested parties.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's rules and
