

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 *note*) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this final rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction, from further environmental documentation. It has been determined that this final rule does not significantly impact the environment.

Regulations

■ For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

■ 2. From March 14, 2005 through November 30, 2005, § 117.T536 is temporarily added to read as follows:

§ 117.T536 Townsend Gut.

The draw of the SR 27 Bridge, mile 0.7, across Townsend Gut shall operate as follows:

(a) From March 14, 2005 through May 26, 2005, and from September 6, 2005 through November 30, 2005, the draw shall open on signal at 6 a.m., 9 a.m., 12 p.m., 3 p.m., and 6 p.m., daily. From 6 p.m. through 6 a.m., and on holidays, the draw shall open on signal.

(b) From May 27, 2005 through September 5, 2005, the draw shall open on signal at 6 a.m., 8 a.m., 10 a.m., 12 p.m., 2 p.m., 4 p.m., and 6 p.m., daily. From 6 p.m. through 6 a.m., and on holidays, the draw shall open on signal.

(c) The bridge may remain in the closed position for four 4-day closures as follows: April 11 through April 14; April 25 through April 28; May 9 through May 12; and May 23 through May 26, 2005.

Dated: March 9, 2005.

[Docket No. 010319075-1217-02; I.D. 030905G]

Fisheries of the Northeastern United States; Tilefish Fishery; Quota Harvested for Part-time Category

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS announces that the percentage of the tilefish annual total allowable landings (TAL) available to the Part-time permit category for the 2005 fishing year has been harvested. Commercial vessels fishing under the Part-time tilefish category may not harvest tilefish from within the Golden Tilefish Management Unit for the remainder of the 2005 fishing year (through October 31, 2005). Regulations governing the tilefish fishery require publication of this notification to advise the public of this closure.

DATES: Effective 0001 hrs local time, March 19, 2005, through 2400 hrs local time, October 31, 2005.

FOR FURTHER INFORMATION CONTACT:

Brian R. Hooker, Fishery Policy Analyst, at (978) 281-9220.

SUPPLEMENTARY INFORMATION:

Regulations governing the tilefish fishery are found at 50 CFR part 648. The regulations require annual specification of a TAL for federally permitted tilefish vessels harvesting tilefish from within the Golden Tilefish Management Unit. The Golden Tilefish Management Unit is defined as an area of the Atlantic Ocean from the latitude of the VA and NC border (36°33.36' N. lat.), extending eastward from the shore to the outer boundary of the exclusive economic zone, and northward to the U.S.-Canada border. After 5 percent of the TAL is deducted to reflect landings by vessels issued an open-access Incidental permit category, and after up to 3 percent of the TAL is set aside for research purposes, should research TAL be set aside, the remaining TAL is distributed among three tilefish limited access permit categories: Full-time tier 1 category (66 percent), Full-time tier 2 category (15 percent), and the Part-time category (19 percent).

The TAL for tilefish for the 2005 fishing year was set at 1.995 million lb (905,172 kg) and then adjusted downward by 5 percent to 1,895,250 lb (859,671 kg) to account for incidental catch. There was no research set-aside for the 2005 fishing year. Thus, the Part-time permit category quota for the 2005 fishing year, which is equal to 19 percent of the TAL, is 360,098 lb (163,338 kg). However, as a result of the Part-time permit category exceeding the quota during the 2004 fishing year by 16,264 lb (7,377 kg) the adjusted Part-time category quota for the 2005 fishing year is 343,843 lb (155,961 kg). Notification of the 2004 Part-time permit category overage and the adjusted quota for the 2005 fishing year was published in the **Federal Register** on October 22, 2004 (69 FR 62001).

The Administrator, Northeast Region, NMFS (Regional Administrator) monitors the commercial tilefish quota for each fishing year using dealer reports, vessel catch reports, and other available information to determine when the quota for each limited access permit category is projected to have been harvested. NMFS is required to publish notification in the **Federal Register** notifying commercial vessels and dealer permit holders that, effective upon a specific date, the tilefish TAL for the specific limited access category has been harvested and no commercial quota is available for harvesting tilefish by that category for the remainder of the

fishing year, from within the Golden Tilefish Management Unit.

The Regional Administrator has determined, based upon dealer reports and other available information, that the 2005 tilefish TAL for the Part-time category has been harvested. Therefore, effective 0001 hrs local time, March 19, 2005, further landings of tilefish harvested from within the Golden Tilefish Management Unit by tilefish vessels holding Part-time category Federal fisheries permits are prohibited through October 31, 2005. The 2006 fishing year for commercial tilefish harvest will open on November 1, 2005. Federally permitted dealers are also advised that, effective March 19, 2005, they may not purchase tilefish from Part-time category federally permitted tilefish vessels who land tilefish harvested from within the Golden Tilefish Management Unit for the remainder of the 2005 fishing year (through October 31, 2005).
