SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This Notice is

soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond including through the use of appropriate automated collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

This notice also lists the following information:

Title of proposal: Life after Transitional Housing: Tracking Homeless Families after They Leave HUD-Assisted Transitional Housing.

Description of the need for the information and proposed use: The Department of Housing and Urban Development has spent over \$7 billion of public funds supporting Transitional Housing for homeless individuals and families. There is little research, however, that focuses on what the impact of that substantial public investment has meant in the lives of homeless people. These interview protocols are structured to find out what happens to formerly homeless families once they leave HUD-assisted Transitional Housing and what the impact of Transitional Housing is on the lives of those families. One survey will be conducted at moveout, and the other one will be conducted at 3-, 6- and 12-month intervals after families leave the transitional housing.

Members of affected public: Members of the following group will be surveyed: The mother and one child of a sample of 300 families who have left HUD-assisted Transitional Housing.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: Approximately 300 families will be interviewed once upon leaving the Transitional Housing and three times thereafter, at 3-, 6- and 12-month intervals. 45 minutes is scheduled for the initial interview, and 30 minutes for each of the follow-up ones. The total respondent burden would be 675 hours if all respondents had all four interviews. 540 to 570 total hours is likely taking into account

attrition and the use of retrospective recruitment.

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: March 30, 2005.

Dennis C. Shea,

Assistant Secretary for Policy Development and Research.
