

postcard. Internet users may access all comments received by the Department of Transportation at <http://dms.dot.gov>. Requests for a copy of an information collection should be directed to Deborah Boothe or T. Glenn Foster, Office of Hazardous Materials Standards (DHM-11), Pipeline and Hazardous Materials Safety Administration, Room 8430, 400 Seventh Street, SW., Washington, DC 20590-0001, Telephone (202) 366-8553.

FOR FURTHER INFORMATION CONTACT: Deborah Boothe or T. Glenn Foster, Office of Hazardous Materials Standards (DHM-11), Pipeline and Hazardous Materials Safety Administration, Room 8430, 400 Seventh Street, SW., Washington, DC 20590-0001, Telephone (202) 366-8553.

SUPPLEMENTARY INFORMATION: Section 1320.8 (d), Title 5, Code of Federal Regulations requires that PHMSA provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies an information collection PHMSA is submitting to OMB for renewal and extension. This information collection is contained in the Hazardous Materials Regulations (HMR; 49 CFR Parts 171-180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information collection was last approved. The following information is provided for each information collection: (1) Title of the information collection, including former title if a change is being made; (2) OMB control number; (3) summary of the information collection activity; (4) description of affected public; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a three-year term of approval for each information collection activity and, when approved by OMB, publish notice of the approval in the **Federal Register**.

PHMSA requests comments on the following information collection:

Title: Testing, Inspection, and Marking Requirements for Cylinders.
OMB Control Number: 2137-0022.

Summary: Requirements in § 180.201 of the HMR for qualification, maintenance and use of cylinders require cylinders to be periodically requalified to ensure continuing compliance with packaging standards. Information collection requirements address approval and registration of cylinder requalifiers, and marking and certification of cylinders in accordance with the requirements in Part 180 of the HMR. Records showing the results of inspections and retests must be retained by the person who performs the requalification until expiration of the retest period, or until the cylinder is reinspected or retested, whichever occurs first. These requirements are intended to ensure that requalifiers possess the qualifications necessary to perform tests, and to identify to cylinder fillers and users that these cylinders are qualified for continuing use. Information collection requirements in § 173.303 require that for acetylene cylinders, each day, the pressure in a cylinder representative of that day's compression must be checked by the charging plant after the cylinder has cooled to a settled temperature and a record of this test kept for at least 30 days.

Affected Public: Fillers, owners, users and requalifiers of reusable cylinders.

Recordkeeping:

Number of Respondents: 139,352.

Total Annual Responses: 153,287.

Total Annual Burden Hours: 168,431.

Frequency of Collection: On occasion.

Issued in Washington, DC, on April 8, 2005.

Susan Gorsky,

Acting Director, Office of Hazardous Materials Standards.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

Office of Hazardous Materials Safety; Notice of Application for Exemptions

AGENCY: Pipeline and Hazardous Materials Safety Administration, DOT.

ACTION: List of applications for exemption.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, exemptions from the Department of Transportation's Hazardous Material Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the application described herein. Each mode of transportation for which a particular exemption is requested is indicated by a number in the "Nature of Application" portion of the table below as follows: 1—Motor vehicle, 2—Rail freight, 3—Cargo vessel, 4—Cargo aircraft only, 5—Passenger-carrying aircraft.

DATES: Comments must be received on or before May 16, 2005.

Address comments To: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If Confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption number.

FOR FURTHER INFORMATION CONTACT: Copies of the applications are available for inspection in the Records Center, Nassif Building, 400 7th Street SW., Washington DC or at <http://dms.dot.gov>.

This notice of receipt of applications for modification of exemption is published in accordance with Part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on April 11, 2005.

R. Ryan Posten,

Exemptions Program Officer, Office of Hazardous Materials Safety Exemptions & Approvals.

NEW EXEMPTION

Application number	Docket number	Applicant	Regulation(s) affected	Nature of Exemption Thereof
14172-N	PHMSA-20906	Pacific Bio-Material Management, Inc. Fresno, CA.	49 CFR 173.196 and 173.199	To authorize the transportation in commerce of infectious substances in a large capacity liquid nitrogen freezer. (mode 1)

NEW EXEMPTION—Continued

Application number	Docket number	Applicant	Regulation(s) affected	Nature of Exemption Thereof
14173-N	PHMSA-20905	Dow Chemical Company Midland, MI.	49 CFR 179.13	To authorize the transportation in commerce of ethylene oxide in DOT specification 105J400W tank cars that exceed the maximum allowable gross weight on rail (263,000 lbs.). (mode 2)
14175-N	PHMSA-20903	Air Products & Chemicals, Inc. Allentown, PA.	49 CFR 180.209	To authorize the transportation in commerce of certain DOT Specification 3A and 3AA cylinders where the re-test period is extended to 10 years, the cylinders need not be removed from the bundle at each filing and that the hammer test need not be performed. (models 1, 2, 3)
14176-N	PHMSA-20902	Great Plains Industries, Inc. Wichita, KS.	49 CFR 173.242	To authorize the manufacture, mark and sale of refueling tanks of up to 80 gallon capacity for use in transporting various Class 3 hazardous materials. (mode 1)
14178-N		Bridger Fire Inc. Bozeman, MT.	49 CFR 173.202	To authorize the transportation in commerce of gelled gasoline in a non-DOT specification steel drum with a pump installed, mounted in a helitorch frame. (mode 1)
14179-N		USA Jet Airlines Belleville, MI.	49 CFR 175.33	To authorize the transportation in commerce of hazardous materials by air with alternative notification to the plot. (modes 4, 5)

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

Office of Hazardous Materials Safety;
Notice of Applications for Modification of Exemption**AGENCY:** Pipeline and Hazardous Materials Safety Administration, DOT.**ACTION:** List of applications for modification of exemption.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, exemptions from the Department of Transportation's Hazardous Material Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the

application described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier **Federal Register** publications, they are not repeated here. Request of modifications of exemptions (e.g. to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new application for exemption to facilitate processing.

DATES: Comments must be received on or before April 29, 2005.

Address Comments To: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S.

Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If Confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption number.

FOR FURTHER INFORMATION CONTACT: Copies of the applications are available for inspection in the Records Center, Nassif Building, 400 7th Street SW., Washington DC or at <http://dms.dot.gov>.

This notice of receipt of applications for modification of exemption is published in accordance with Part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on April 11, 2005.

R. Ryan Posten,
Exemptions Program Officer, Office of Hazardous Materials Exemptions & Approvals.

MODIFICATION EXEMPTIONS

Application number	Docket number	Applicant	Regulation(s) affected	Modification of exemption	Nature of exemption thereof
11244-M		Supercritical Thermal Systems, Inc. (formerly Aerospace Design & Development, Inc.), Longmont, CO.	49 CFR 173.316(c); 178.57.	11244	To modify the exemption to authorize an alternative outer shell material for the non-DOT specification titanium alloy cylinder transporting a Division 2.2 material.
11281-M		E.I. du Pont de Nemours & Company, Wilmington, DE.	49 CFR 172.101, Column 7, Special Provisions B14, T38.	11281	To modify the exemption to authorize the use of an additional portable tank specification and the transportation of an additional Class 8 material.
