SUPPLEMENTARY INFORMATION:

A. Purpose

If it is in the best interest of the Government, the contracting officer may authorize cost-reimbursement contractors to obtain, for official purposes only, interagency motor pool vehicles and related services. Contractors' requests for vehicles must obtain two copies of the agency authorization, the number of vehicles and related services required and period of use, a list of employees who are authorized to request the vehicles, a listing of equipment authorized to be serviced, and billing instructions and address.

A written statement that the contractor will assume, without the right of reimbursement from the Government, the cost or expense of any use of the motor pool vehicles and services not related to the performance of the contract is necessary before the contracting officer may authorize cost-reimbursement contractors to obtain interagency motor pool vehicles and related services.

The information is used by the Government to determine that it is in the Government's best interest to authorize a cost-reimbursement contractor to obtain, for official purposes only, interagency motor pool vehicles and related services, and to provide those vehicles.

However, to substantiate a refund claim for sales or use taxes paid on purchases of building materials, supplies, fixtures, or equipment by a contractor, the Government must secure from the contractor certified statements setting forth the cost of the property purchased from each vendor and the amount of sales or use taxes paid. Similar certified statements by subcontractors must be obtained by the general contractor and furnished to the Government.
