### Synopsis

In the June 17, 2003 *Second Improved TRS Order*, the Commission required that TRS providers offer three-way calling as a standard feature of TRS. In the August 1, 2003 *Declaratory Ruling*, the Commission recognized captioned telephone service as a type of TRS. (See *Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities*, published at 68 FR 55898, September 29, 2003, in CC Docket No. 98-67; FCC 03-190. The *Declaratory Ruling* did not waive the requirement that providers of captioned telephone service offer a three-way calling feature. On September 24, 2003, AT&T Corp. (AT&T) filed a petition for limited reconsideration of the *Second Improved TRS Order*. (See AT&T, *AT&T Petition for Limited Reconsideration and for Waiver*, CC Docket No. 98-67, CG Docket No. 03-123 (filed September 24, 2003)). AT&T requested that the

Commission waive the three-way calling requirement adopted in the *Second Improved TRS Order*. AT&T asserted that it was not possible for the TRS facility to set up a three-way call, subject to clarification regarding how three-way calling may be provided in compliance with the Commission's TRS regulations. On December 11, 2003, Ultratec, Inc. and Sprint Corporation filed a petition seeking clarification that the three-way calling requirement either does not apply to captioned telephone service or that a TRS provider complies with the rule regardless of the method used to set up the three-way call. (See *Petition for Clarification by Ultratec, Inc. and Sprint Corporation*, CC Docket No. 98-67, CG Docket No. 03-123 (file December 11, 2003)). On February 24, 2004, in response to these petitions, the Consumer & Governmental Affairs Bureau released an *Order* waiving for one year the requirement that TRS providers (including providers of captioned telephone service) offer three-way calling. (*Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities*, CC Docket 98-67, DA 04-465, 19 FCC Rcd 2993 (February 24, 2004)). In view of the pending expiration date of the one-year February 24, 2004, waiver, the Commission now seek comment on whether this waiver should be left to expire or be extended, or whether the rule should be modified or clarified and, if so, how.

**SUPPLEMENTARY INFORMATION:**

**A. Background**

This interim rule amends DFARS part 225 and corresponding provisions and clauses to implement new Free Trade Agreements with Australia and Morocco, as approved by Congress in the United States–Australia Free Trade Agreement Implementation Act (Pub. L. 108–286) and the United States–Morocco Free Trade Agreement Implementation Act (Pub. L. 108–302). The new Free Trade Agreements waive the applicability of the Buy American Act for some foreign supplies and construction materials from Australia and Morocco, and specify procurement procedures designed to ensure fairness. In addition, at the request of the United States Trade Representative and for consistency with the interim FAR rule published at 69 FR 77870 on December 28, 2004, this DFARS rule makes the

following changes in terminology relating to trade agreements:

- Substitution of the term "World Trade Organization Government Procurement Agreement" in all places where the term "Trade Agreements Act" was used to mean the World Trade Organization Government Procurement Agreement.

- Redefinition of "designated country" to include World Trade Organization Government Procurement Agreement countries, Free Trade Agreement countries, least developed countries, and Caribbean Basin countries. Free Trade Agreement countries and Caribbean Basin countries are now also designated countries. Each of these terms will retain a separate definition because, in some instances, the regulation does not apply to all designated countries, but only to some of the specific subsets.

- A revised list of least developed countries that are designated as eligible countries under the Trade Agreements Act.

- Amendment of the clause at DFARS 252.225–7045, Balance of Payments Program—Construction Material Under Trade Agreements, to extend nondiscriminatory treatment to all designated country construction material, including Caribbean Basin country construction material. **Federal Register** notices issued by the United States Trade Representative under the Caribbean Basin Trade Initiative state that products of the listed Caribbean Basin countries shall continue to be treated as eligible products (unless excluded from duty-free treatment under 19 U.S.C. 2703(b)). This change is consistent with the definition of "eligible product" at 19 U.S.C. 2518(4).

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

**B. Regulatory Flexibility Act**

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* Although the rule opens up Government procurement to the products of Australia and Morocco, DoD does not believe there will be a significant economic impact on U.S. small businesses. DoD applies the trade agreements to only those non-defense items listed at DFARS 225.401–70. Acquisitions below \$100,000 that are set aside for small businesses are exempt. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small

businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2004–D013.

**C. Paperwork Reduction Act**

This interim rule affects the certification and information collection requirements in the provisions at DFARS 252.225–7020 and 252.225–7035, currently approved under Office of Management and Budget Control Number 0704–0229. The impact, however, is negligible.

**D. Determination To Issue an Interim Rule**

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements new Free Trade Agreements with Australia and Morocco, as approved by Congress in the United States–Australia Free Trade Agreement Implementation Act (Pub. L. 108–286) and the United States–Morocco Free Trade Agreement Implementation Act (Pub. L. 108–302). These agreements waive the applicability of the Buy American Act for some foreign supplies and construction materials from Australia and Morocco, and specify procurement procedures designed to ensure fairness. The new Free Trade Agreements became effective on January 1, 2005. Comments received in response to this interim rule will be considered in the formation of the final rule.

**Buy American Act—Free Trade Agreements—Balance of Payments Program (Jan 2005)**

(a) *Definitions.* As used in this clause—

(1) *Component* means an article, material, or supply incorporated directly into an end product.

(2) *Domestic end product* means—

(i) An unmanufactured end product that has been mined or produced in the United States; or

(ii) An end product manufactured in the United States if the cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(A) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(B) It is inconsistent with the public interest to apply the restrictions of the Buy American Act.

(3) *End product* means those articles, materials, and supplies to be acquired under this contract for public use.

(4) *End product of Australia, Canada, Chile, Mexico, or Singapore* means an article that—

(i) Is wholly the growth, product, or manufacture of Australia, Canada, Chile, Mexico, or Singapore; or

(ii) In the case of an article that consists in whole or in part of materials from another country or instrumentality, has been substantially transformed in Australia, Canada, Chile, Mexico, or Singapore into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(5) *Foreign end product* means an end product other than a domestic end product.

(6) *Qualifying country* means any country set forth in subsection 225.872–1 of the

Defense Federal Acquisition Regulation Supplement.

(7) *Qualifying country component* means a component mined, produced, or manufactured in a qualifying country.

(8) *Qualifying country end product* means—

(i) An unmanufactured end product mined or produced in a qualifying country; or

(ii) An end product manufactured in a qualifying country if the cost of the following types of components exceeds 50 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States.

(9) *United States* means the United States, its possessions, Puerto Rico, and any other place subject to its jurisdiction, but does not include leased bases or trust territories.

\* \* \* \* \*

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, end products of Australia, Canada, Chile, Mexico, or Singapore, or other foreign end products in the Buy American Act—Free Trade Agreements—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or an end product of Australia, Canada, Chile, Mexico, or Singapore, the Contractor shall deliver a qualifying country end product, an end product of Australia, Canada, Chile, Mexico, or Singapore, or, at the Contractor's option, a domestic end product.

**252.225–7044 [Amended]**

■ 15. Section 252.225–7044 is amended as follows:

■ a. By revising the clause date to read “(JAN 2005)”; and

■ b. In paragraph (a), in the definition of “Cost of components”, in the second sentence of paragraph (2), by removing “end product” and adding in its place “construction material”.

■ 16. Section 252.225–7045 is revised to read as follows:

**252.225–7045 Balance of Payments Program—Construction Material Under Trade Agreements.**

As prescribed in 225.7503(b), use the following clause:

**Balance of Payments Program—Construction Material Under Trade Agreements (Jan 2005)**

(a) *Definitions.* As used in this clause—  
*Caribbean Basin country construction material* means a construction material that—

-

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

*Component* means any article, material, or supply incorporated directly into construction material.

*Construction material* means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

*Cost of components* means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

*Designated country* means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Aruba, Austria, Belgium, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Canada, Chile, Mexico, Morocco, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Cape Verde, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados,

Belize, British Virgin Islands, Costa Rica, Dominica, Dominican Republic, El Salvador, Grenada, Guatemala, Guyana, Haiti, Honduras, Jamaica, Montserrat, Netherlands Antilles, Nicaragua, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, or Trinidad and Tobago).

*Designated country construction material* means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

*Domestic construction material* means—

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.

*Free Trade Agreement country construction material* means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

*Least developed country construction material* means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

*United States* means the 50 States and the District of Columbia, U.S. territories and possessions, Puerto Rico, the Northern Mariana Islands, and any other place subject to U.S. jurisdiction, but does not include leased bases.

*WTO GPA country construction material* means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation; or

(2) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”]

(End of clause)

#### Alternate I (Jan 2005)

As prescribed in 225.7503(b), delete the definitions of “designated country” and “designated country construction material” from the definitions in paragraph (a) of the basic clause, add the following definition of “Australian, Chilean, or Moroccan construction material” to paragraph (a) of the basic clause, and substitute the following paragraphs (b) and (c) for paragraphs (b) and (c) of the basic clause:

*Australian, Chilean, or Moroccan construction material* means a construction material that—

(1) Is wholly the growth, product, or manufacture of Australia, Chile, or Morocco; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Australia, Chile, or Morocco into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except NAFTA apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for WTO GPA country, Australian, Chilean, or Moroccan, least developed country, or Caribbean Basin country construction material.

(c) The Contractor shall use only domestic, WTO GPA country, Australian, Chilean, or Moroccan, least developed country, or Caribbean Basin country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation; or

(2) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”]
