

requests that the submitter provide a confirmation copy electronically. The public is strongly encouraged to submit documents electronically rather than by facsimile. USTR encourages the use of Adobe PDF format to submit attachments to an electronic mail. Interested persons who make submissions by electronic mail should not provide separate cover letters; information that might appear in a cover letter should be included in the submission itself. Similarly, to the extent possible, any attachments to the submission should be included in the same file as the submission itself, and not as separate files.

Comments should be submitted no later than March 31, 2005.

Business confidential information will be subject to the requirements of 15 CFR 2003.6. Any business confidential material must be clearly marked as such and must be accompanied by a non-confidential summary thereof. A justification as to why the information contained in the submission should be treated confidentially should also be contained in the submission. In addition, any submissions containing business confidential information must clearly be marked "Business Confidential" at the top and bottom of the cover page (or letter) and each succeeding page of the submission. The version that does not contain business confidential information should also be clearly marked at the top and bottom of each page, "Public Version" or "Non-Confidential."

Written comments submitted in connection with this request, except for information granted "business confidential" status pursuant to 15 CFR 2003.6 will be available for public inspection in the USTR Reading Room, Office of the United States Trade Representative. An appointment to review the file can be made by calling (202) 395-6186. The Reading Room is open to the public from 10 a.m. to 12 noon and from 1 p.m. to 4 p.m. Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Brad Mehaffy, Environmental Specialist, Federal Aviation Administration, Washington Airports District Office, 23723 Air Freight Lane, Suite 210, Dulles, VA. Mr. Mehaffy can be contacted at (703) 661-1364.

SUPPLEMENTARY INFORMATION: The Federal Aviation Administration (FAA) is issuing this Notice of Availability to advise the public that a Draft Environmental Impact Statement (DEIS) containing a Draft Air Quality General

Conformity Determination (DGCD) and Draft Section 106 Historic Resources Report will be available for public review beginning January 21, 2005. The DEIS details the proposed development of two new runways, terminal facilities, and related facilities at Washington Dulles International Airport (IAD), Dulles, Virginia.

The U.S. Army Corps of Engineers (USACE) is a cooperating federal agency, having jurisdiction by law because the proposed federal action has the potential for significant wetland impacts.

The DEIS presents the purpose and need for the proposed project, a comprehensive analysis of the alternatives to the proposed project, including the no-action alternative and potential environmental impacts associated with the proposed development of two new air carrier runways and related improvements at IAD.

In accordance with section 176(c) of the Federal Clean Air Act, FAA has assessed whether the air emissions that would result from FAA's action in approving the proposed projects conform with the State Implementation Plan (SIP). This assessment is contained in the Draft Air Quality General Conformity Determination.

Pursuant to the Coastal Zone Management Act of 1972, as amended, this project is being evaluated for consistency with the Virginia Coastal Program. Section 306(d)(14) of the CZMA requires public participation in the Federal consistency review process.

The Public Workshops/Hearings are also being conducted pursuant to MWAA's 1987 Programmatic Memorandum of Agreement with the Virginia State Historic Preservation Officer and the Advisory Council on Historic Preservation (as regards Section 106 of the National Historic Preservation Act of 1966—36 CFR 800).

The FAA encourages all interested parties to provide comments concerning the scope and content of the DEIS, Draft Air Quality General Conformity Determination and Draft Section 106 Historic Resources Report. Comments should be as specific as possible and address the analysis of potential environmental impacts and the adequacy of the proposed action or merits of alternatives and the mitigation being considered. Reviewers should organize their participation so that it is meaningful and makes the agencies aware of the viewer's interests and concerns using quotations and other specific references to the text of the DEIS and related documents. Matters that could have been raised with

specificity during the DEIS comment period may not be considered if they are raised later in the decision making process. This commenting procedure is intended to ensure that substantive comments and concerns are made available to the FAA in a timely manner so that the FAA has an opportunity to address them.

Comments from interested parties on the DEIS and related documents are encouraged and may be presented verbally or in writing at the Public Information Meetings and/or Public Hearings or may be submitted in writing to the FAA at the address listed in the section entitled **FOR FURTHER INFORMATION CONTACT**. The comment period will close on March 7, 2005.

Issued in Dulles, Virginia, on January 7, 2005.

Terry Page,

Manager, Washington Airports District Office, Federal Aviation Administration.
