The Office of Management and Budget exempted this action from the review requirements of Executive Order 12866 pursuant to section 6 of that order.

Regulatory Flexibility Act (RFA)

Under the RFA, 5 U.S.C. 601 *et seq.*, a federal agency must prepare an initial regulatory flexibility analysis "for any Administrative Procedure Act (APA)),

or any other law, to publish general notice of proposed rulemaking." The RFA exempts from this requirement any rule that the issuing agency certifies "will not, if promulgated, have a significant economic impact on a substantial number of small entities." EPA has concluded that NPDES general permits are permits under the APA and thus not subject to the APA rulemaking requirements or the RFA.
