

facilities serving adults and those serving children and/or adolescents, with various subgroups such as forensic and sexual offender populations.

With input from multiple experts in the field of restraint and seclusion and alternatives to restraint and seclusion, the project created a common core of data collection instruments that will be used for this cross-site project. The facilities will complete four different instruments: (1) Facility/Program Characteristics Inventory (information

about type of facilities, characteristics of persons served, staffing patterns, and unit specific data); (2) Inventory of Seclusion and Restraint Reduction Interventions; (3) Treatment Episode Data (admission data for all clients/patients); and (4) Event Data (data about the use of restraint and seclusion). Data will be submitted by the sites electronically via a secured Web site.

The Facility/Program Characteristic Inventory and Inventory of Seclusion and Restraint Reduction Intervention

will be collected annually. The Treatment Episode Data and Event Data will be collected monthly.

The resulting data will help to identify the: (1) Number of programs adopting best practices involving alternative approaches to restraint and seclusion; and (2) program's impact of reducing restraint and seclusion use and adoption of alternative practices. The estimated annual response burden to collect this information is as follows:

Instrument	Number of respondents	Responses/ respondent	Burden/ response (hours)	Annual burden (hours)
Facility/Program Characteristic Inventory	49	1	4	196
Inventory of Seclusion and Restraint Reduction Interventions	49	1	2	98
Treatment Episode Data	49	12	8	4,704
Event Data	49	12	8	4,704
Total	49	9,702

Written comments and recommendations concerning the proposed information collection should be sent by September 15, 2005 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Dated: August 9, 2005.
