GENERAL SERVICES ADMINISTRATION

Office of Transportation and Property Management; The Third Annual AMSA and GSA Household Goods and Freight Forum

AGENCY: Federal Supply Service, General Services Administration

ACTION: Notice.

SUMMARY: The General Services Administration (GSA) will hold its third annual Household Goods and Freight Forum on February 22-23, 2006 at the Hyatt Regency, Orange County, Garden Grove (Anaheim) California. This event is co-sponsored by the American Moving and Storage Association (AMSA). *Creating Best Value Solutions*

is the theme for this 2006 transportation forum. GSA and its partners have planned educational and instructive sessions. Join Traffic Managers, Relocation Specialists, Freight Specialists, Financial Analysts, Contracting Officers, Transportation Policy Specialists, Administrative Support Personnel, and others managing or impacting transportation and relocation processes within their organizations. Receive the most recent training on freight and household goods transportation issues, relocations changes and updates, and technology enhancements. Also learn more about GSA's proposed rule that requires employees whose duties involve procuring transportation services (including rate tender procurements) to be properly certified and authorized in writing to obligate government funds. Attendees will have the opportunity to interface with industry leaders and government experts. Find solutions that create best value for your organization and hear how other agencies were able to achieve this goal within their organizations. The vendor exhibits will feature the latest technology, products, and services. Federal agencies may learn more about the Household Goods and Freight Forum and register at <http://www.gsa.gov/hhgfrtforum>. Industry registration is at www.promover.org.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

National Institute for Occupational Safety and Health; Meetings

The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) announces the following public meeting and request for information:

Name: NIOSH Occupational Energy Research Program Information Sharing Meeting.

Date and Time: October 27, 2005; 9 a.m.-5 p.m.

Place: Washington Court Hotel, 525 New Jersey Avenue NW., Washington, DC 20001.

Status: Meeting is open to the public, limited only by the space available.

Background: NIOSH has been conducting an occupational epidemiologic research program addressing potential long term health effects of working in the Department of Energy (DOE) nuclear weapons complex under a series of Memoranda of Understanding (MOUs) with DOE. Establishment of this research program began following recommendations of a Secretarial Panel for the Evaluation of Epidemiologic Research Activities (SPEERA) for the U.S. Department of Energy in 1990. Input from various stakeholders has been sought since the program's inception including organized labor, current and former workers, DOE site management and contractors, DOE headquarters, academic research partners, the occupational safety and health community, various governmental agencies, and the general public. A document entitled: Agenda for HHS Public Health Activities (For Fiscal Years 2005–2010) at U.S. Department of Energy Sites is accessible at http://www.cdc.gov/niosh/pdfs/hhsdoe_2005–2010–2.pdf and includes information on completed, ongoing, and proposed occupational epidemiologic research activities under the DOE–DHHS MOU.

Purpose: This meeting will provide an overview of recently completed work conducted under the MOU, outline ongoing research activities, summarize findings and follow-up from a NIOSH public meeting held July 2004 addressing chronic lymphocytic leukemia radiogenic research, and discuss plans for future research. Attendees will have opportunities for questions and oral commentary on this NIOSH research program. Stakeholder feedback and the opportunity to update stakeholders on this research program are two primary objectives of the meeting. Written comments will be accepted at the meeting and may also be sent to the address for the NIOSH Health-Related Energy Research Branch below.

The agenda for this meeting is currently being developed. Stakeholders interested in attending may request additional information from the contact person identified below. Written comments may also be submitted to the address below until November 1, 2005.

Contact Person for More Information: Ms. Patty Gudlewski may be contacted at 513–841–4419 or by e-mail at PGudlewski@cdc.gov.

Addresses: Written requests for meeting information may be sent to Ms. P. Gudlewski; NIOSH–HERB; Mailstop R–44; 4676 Columbia Parkway;

Cincinnati, OH 45226. Written comments should be sent to the attention of Dr. Steven Ahrenholz at the same NIOSH mailing address or may be e-mailed to him at SAhrenholz@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: August 10, 2005.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Food and Drug Administration

[Docket No. 2005N–0120]

Agency Information Collection Activities; Submission for Office of Management and Budget Review; Comment Request; Experimental Study of Carbohydrate Content Claims on Food Labels

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a proposed collection of information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Fax written comments on the collection of information by September 16, 2005.

ADDRESSES: OMB is still experiencing significant delays in the regular mail, including first class and express mail, and messenger deliveries are not being accepted. To ensure that comments on the information collection are received, OMB recommends that comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: Fumie Yokota, Desk Officer for FDA, FAX: 202–395–6974.

FOR FURTHER INFORMATION CONTACT: Peggy Robbins, Office of Management Programs (HFA–250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–827–1223.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA

has submitted the following proposed collection of information to OMB for review and clearance.

Experimental Study of Carbohydrate Content Claims on Food Labels

The authority for FDA to collect the information for this experimental study derives from the Commissioner of Food and Drugs' authority, as specified in section 903(d)(2) of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 393(d)(2)).

The Nutrition Labeling and Education Act of 1990 (Public Law 101–535) amended the act. Section 403(r)(1)(A) of the act (21 U.S.C. 343(r)(1)(A)) was added under these amendments. This section states that a food is misbranded if it is a food intended for human consumption which is offered for sale and for which a claim is made on its label or labeling that expressly or implicitly characterizes the level of any nutrient of the type required to be declared as part of nutrition labeling, unless such claim uses terms defined in regulations by FDA under section 403(r)(2)(A) of the act.

In 1993, FDA published regulations that implemented the 1990 amendments. Among these regulations, § 101.13 (21 CFR 101.13) sets forth general principles for nutrient content claims (see 56 FR 60421, November 27, 1991, and 58 FR 2302, January 6, 1993). Other regulations in subpart D of part 101 (21 CFR part 101, subpart D) define specific nutrient content claims, such as “free,” “low,” “reduced,” “light,” “good source,” “high,” and “more” for different nutrients and calories, and identify several synonyms for each of the defined terms. In addition, § 101.69 (21 CFR 101.69) establishes the procedures and requirements for petitioning the agency to authorize nutrient content claims.

The Food and Drug Administration Modernization Act of 1997 (Public Law 105–115) amended section 403(r)(2) of the act by adding sections 403(r)(2)(G) and (r)(2)(H) to permit nutrient content claims based on published authoritative statements by a scientific body when FDA is notified of such claims in accordance with the requirements established in these sections.

Current FDA regulations make no provision for the use of nutrient content claims that characterize the level of carbohydrate in foods because FDA has not defined, by regulation, terms for use in such claims. FDA has been petitioned to amend existing food labeling regulations to define terms for use in nutrient content claims characterizing the level of carbohydrate in foods.
