

“PSAonline” application system has changed from a contractor site to the U.S. Department of Education’s Network (EDNet). This change in the host of the online system will increase the security of the information contained in this system of records. More specifically, we are amending the system of records, last published in the **Federal Register** on December 3, 2003 (68 FR 67782), in the following ways: (1) By listing the Office of Chief Information Officer as the central system location. (2) By updating the sections on storage and safeguards to reflect current retention and safety measures. (3) By adding an appendix listing additional system locations.

DATES: The amendments in this notice are effective on October 24, 2005.

SUPPLEMENTARY INFORMATION:

Introduction

The Privacy Act (5 U.S.C. 552a) requires the Department to publish in the **Federal Register** this notice of an altered system of records maintained by the Department. The Department’s regulations implementing the Privacy Act are contained in the Code of Federal Regulations (CFR) in 34 CFR part 5b.

The Privacy Act applies to information about individuals that contains individually identifiable information that is retrieved by a unique identifier associated with each individual, such as a name or social security number. The information about each individual is called a “record” and the system, whether manual or computer-based, is called a “system of records.”

The Privacy Act requires each agency to publish a notice of new or altered systems of records in the **Federal Register**. Each agency also must submit reports to the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), the Chair of the Senate Committee on Homeland Security and Governmental Affairs, and the Chair of the House Committee on Government Reform whenever the agency publishes

a new system of records or makes a significant change to an established system of records. Minor changes to an established system of records, such as the amendments to the Presidential Scholars Program Files and PSAonline Application System, do not require an agency to prepare a report.

Dated: October 18, 2005.

Kevin F. Sullivan,

Assistant Secretary for Communications and Outreach.

For the reasons discussed in the preamble, the Assistant Secretary for the Office of Communications and Outreach of the U.S. Department of Education amends the system of records entitled Presidential Scholars Program Files and PSAonline Application System (18–06–03). The following amendments are made to the notice of an altered system of records published in the **Federal Register** on December 3, 2003 (68 FR 67782–67785):

1. On pages 67782, third column, and 67783, first column, the information under the heading “SYSTEM LOCATIONS,” is revised to read as follows:

System Locations

Office of the Chief Information Officer, Regional Office Building 3, 301 7th and D Streets, SW., Washington, DC 20202–8173.

See the Appendix at the end of this notice for additional system locations.

2. On page 67784, third column, make the following changes:

a. Under the heading “STORAGE,” the paragraph is revised to read as follows:

Storage

The records are maintained in hard copy filed in lockable standard filing cabinets; on access-controlled personal computers; and in a computer database maintained on the Department of Education’s Network (EDNet).

b. Under the heading “SAFEGUARDS,” the first paragraph is revised to read as follows:

Safeguards

All physical access to the Department of Education site where this system of records is maintained and the sites of the Department of Education’s staff and contractors with access to the system is controlled and monitored by security personnel who check each individual entering the building for his or her employee or visitor badge.

3. On page 67785, at the end of the third column, add a new heading and list three additional system locations as follows:

Appendix to 18–06–03

[Docket No. CP06–2–000]

Texas Gas Transmission, LLC; Notice of Application

October 12, 2005.

Take notice that on October 4, 2005, Gas Transmission, LLC (Texas Gas), 3800 Fredrica Street, Owensboro, Kentucky, 42301 filed an application in Docket No. CP06–2–000 pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission’s regulations, for authorization to construct install, and operate a 5,488 HP Solar Centaur 50 gas turbine and associated facilities at Texas Gas’s Houghton Compressor Station, located in Bossier Parish, Louisiana. The

purpose of the proposal is to provide redundant compression at the Houghton Compressor Station in order to increase reliability and operational flexibility on Texas Gas's North Louisiana supply lateral, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (202) 502-8659 or TTY, (202) 208-3676.

Any questions concerning this application should be directed to Kathy D. Fort, Manager of Certificates and Tariffs, Texas Gas Transmission, LLC, P.O. Box 20008, Owensboro, Kentucky 42304, at (270) 688-6825 or fax (270) 688-5871 or kathy.d.fort@txgt.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. Unless filing electronically, a party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this

project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Comment Date: November 2, 2005.

Magalie R. Salas,

Secretary.
