SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dars/dfars/transformation/index.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed DFARS changes—

○ Update the list of DoD contract administration functions to clarify responsibilities for payment administration and for verification of contractor compliance with earned value management system requirements;

○ Delete obsolete text on mobilization production planning surveys; and

○ Delete procedures for designation of contract payment offices. Text on this subject will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI). Additional information on PGI is available at <http://www.acq.osd.mil/dpap/dars/pgi>.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a
