

Proposed Requirement 3: Preliminary Interagency Agreement

We propose that applicants for an award under the Grants for the Integration of Schools and Mental Health Systems program develop and submit with their applications a preliminary interagency agreement (IAA). The IAA must contain the signatures of an authorized representative of at least (1) One or more State or local educational agencies or Indian tribes; (2) one or more juvenile justice authorities; and (3) one or more State or local public mental health agencies. This preliminary IAA would confirm the commitment of these partners to complete the work under the proposed project, if funded. If funded, recipients will complete a final IAA as required by section 5541(e) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). The final IAA must be completed and submitted to us, signed by all parties, no later than 12 months after the award date.

Applications that do not include the proposed preliminary IAA with all of the required signatures would be rejected and not considered for funding.

Proposed Requirement 4: Inclusion of Parental Consent Considerations in Final IAA

We propose that the final Interagency Agreement (IAA) include a description of policies and procedures that would ensure appropriate parental or caregiver consent for any planned services, pursuant to State or local laws or other requirements.

Proposed Requirement 5: Provision of Direct Services

We propose that grant funds under this program not be used to provide direct services to students.

Executive Order 12866

This notice of proposed requirements has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the notice of proposed requirements are those resulting from statutory requirements and those we have determined as necessary for administering this program effectively and efficiently.

In assessing the potential costs and benefits—both quantitative and qualitative—of this notice of proposed requirements, we have determined that the benefits of the proposed requirements justify the costs.

We have also determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.
