SEC-Related Financing Authorization Orders or Letters/Reports/Other Submissions (18 CFR 366.6(b))

Holding companies that intend to rely on financing authorization orders or letters issued by the Securities and Exchange Commission (SEC), or that submitted reports or other submissions previously with the SEC and that now must file with the Commission, must file these orders, letters, reports or other submissions with the Commission by March 10, 2006.

These filings should be submitted using the Commission's eFiling system, available at <http://www.ferc.gov/docs-filing/ferconline.asp> provided that the entire content of the filing is in the public domain. Do not include filings under any other section with the authorization orders. The document you submit should include HC06-2-000 (Note—do not use HC06-1-000 for such submittals) in the caption or heading of the document, for filings made on or before September 30, 2006. During the eFiling submission process:

1. Select the filing type "Production of Document."
2. On the Select Docket screen, enter HC06-2 in the docket number search block and select HC06-2-000 from the results.
3. Before you browse, select, and attach the file, make sure that the file name is less than 25 characters and contains no spaces or special characters.
4. On the Submission Description screen, edit the description by replacing "Production of Document" with "SEC Financing Authorization Order/Letter."

If you are unable to file electronically, you must submit an original and 14 paper copies of the filing to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

It is not necessary to include a form of notice for the **Federal Register**.

Please be advised that the United States Postal Service scans all documents addressed to the Commission with a heat-treatment process that may corrupt diskettes and render filings unusable. You are recommended to use express mail or courier delivery services.

Self-Certification Notices for Exempt Wholesale Generators and Foreign Utility Companies (18 CFR 366.7)

An exempt wholesale generator or a foreign utility company, or their representative, may file with the Commission a notice of self-certification demonstrating that it satisfies the definition of exempt wholesale generator or foreign utility company. No filing fee is required for a notice of self-certification.

In the case of exempt wholesale generators, the person filing a notice of self-certification under this section must also represent in its filing that it has provided a copy of the notice to the state regulatory authority of the state in which the facility is located, and must further represent in its filing, to the extent necessary, that the state commission has made the "specific determination" provided in section 32(c) of the Public Utility Holding Company Act of 1935 (15 U.S.C. 79z-5a(c)).

In the case of foreign utility companies, the person filing a notice of self-certification under this section must represent in its filing that the relevant state commissions have certified that they had the authority and resources to protect ratepayers of public utility companies associated or affiliated with the foreign utility company.

Because notices of these filings will be published in the **Federal Register**, both exempt wholesale generators and foreign utility companies must include in their submission a separate file containing a form of notice suitable for publication in the **Federal Register**.

These filings should be submitted using the Commission's eFiling system, available at <http://www.ferc.gov/docs-filing/ferconline.asp> provided that the entire content of the filing is in the public domain. Do not include filings under any other section with these filings. The document you submit should include EG06-____-000 or FC06-____-000, as applicable, in the caption or heading of the document, for filings made on or before September 30, 2006. During the eFiling submission process:

1. Select the filing type "Qualifying Facility Notice of Self Certification." (At a later date, this filing type will be changed to Notice of Self-Certification for QF's, EG's, and FC's.)
2. Before you browse, select, and attach the file, make sure that the file names are less than 25 characters and contain no spaces or special characters.
3. On the Submission Description screen, edit the description by replacing "Qualifying Facility Notice of Self

Certification" with either (a) "Exempt Wholesale Generator Notice of Self Certification" or (b) "Foreign Utility Company Notice of Self Certification", as applicable.

If you are unable to file electronically, you must submit an original and 14 paper copies of the filing to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

You must include a form of notice of the "EG" or "FC" filing suitable for publication in the **Federal Register** on a 3½" diskette.

Please be advised that the United States Postal Service scans all documents addressed to the Commission with a heat-treatment process that may corrupt diskettes and render filings unusable. You are recommended to use express mail or courier delivery services.
