V. Application Review Information

Selection Criteria: The selection criteria for this program are from 34 CFR 75.210 of EDGAR and are in the application package. The selection criteria may total 100 points, plus the 10 competitive preference priority points (see section I. *Competitive Preference Priority*).

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. Performance Measures: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established two performance measures for the Vocational Rehabilitation Services Projects for American Indians with Disabilities program. The measures are the percentage of individuals who leave the program with an employment outcome and the cost per employment outcome. Each grantee must annually report its performance on these measures through the Annual Progress Reporting Form for the American Indian Vocational Rehabilitation Services (AIVRS) Program.

In addition, this program is part of the Administration's job training and employment common measures initiative. The common measures for job training and employment programs targeting adults are—entered employment (percentage employed in the first quarter after program exit); retention in employment (percentage of those employed in the first quarter after exit that were still employed in the second and third quarter after program exit); earnings increase (percentage change in earnings pre-registration to post-program and first quarter after exit to third quarter after exit); and efficiency measure (annual cost per employment outcome). The Department is currently working toward implementation of these common measures. Each grantee will be required to collect and report data for the common measures when implemented.
