

Written comments and recommendations on the proposed information collection should be sent to Ms. Jaffe at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

You may also submit comments, identified by docket number and title, by the following method:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Patricia Toppings.

Written requests for copies of the information collection proposal should be sent to Ms. Toppings at WHS/ESD/ Information Management Division, 1777 North Kent Street, RPN, Suite 11000, Arlington, VA 22209-2133.

Dated: March 23, 2007.

Patricia L. Toppings,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

[No. USAF-2007-0002]

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by April 30, 2007.

Title, Form, and OMB Number:
United States Air Force Academy Candidate Activities Record; USAFA Form 147; OMB Control Number 0701-0063.

Type of Request: Extension.
Number of Respondents: 8,150.
Responses per Respondent: 1.
Annual Responses: 8,150.
Average Burden per Response: 45 minutes.

Annual Burden Hours: 6,383.

Needs and Uses: This information collection is necessary to obtain data on candidates background and aptitude in determining eligibility and selection to the Air Force Academy.

Affected Public: Individuals or Households.

Frequency: On Occasion.

Respondent's Obligation: Required to Obtain or Retain Benefits.

OMB Desk Officer: Ms. Hillary Jaffe.

Written comments and recommendations on the proposed information collection should be sent to Ms. Jaffe at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503. You may also submit comments, identified by docket number and title, by the following method:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

Department of the Army

Draft Environmental Impact Statement for the Renewal of Special Use Permit for Military Activities on the De Soto National Forest and Implementation of Installation Mission Support Activities at Camp Shelby, MS

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: This Draft Environmental Impact Statement (DEIS) has been

prepared by National Guard Bureau (NGB) and the United States Department of Agriculture—Forest Service (USDA—FS). NGB is the lead agency and the USDA—FS is serving as a cooperating agency in the development of this DEIS for the renewal of the current Special Use Permit (SUP) that authorizes military training activities at Camp Shelby Joint Forces Training Center.

DATES: The public comment period for the DEIS will end 45 days after publication of an NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Written comments or questions regarding the DEIS may be forwarded to Major Danny Blanton, Public Affairs Officer, Joint Forces Headquarters, Mississippi National Guard, P.O. Box 5027, Jackson, MS 39296-5027.

FOR FURTHER INFORMATION CONTACT: Major Danny Blanton, Public Affairs Officer, Joint Forces Headquarters, Mississippi National Guard, at (601) 313-6349. The alternate point of contact for this action is Lieutenant Colonel Robert A. Piazza, Mississippi Army National Guard, Director Environmental Program at (610) 313-6228.

SUPPLEMENTARY INFORMATION: This DEIS discusses in-depth two alternatives: The Preferred Alternative and the No-Action Alternative. Under the Preferred Alternative, the Mississippi National Guard (MSNG) proposes the renewal of the USDA—FS SUP for a 20-year timeframe and authorizes current activities and mission requirements to continue on State of Mississippi, DoD, and National Forest lands. This alternative will help meet the Army requirements associated with the Proposed Action by constructing various new ranges and facilities at Camp Shelby and allowing for the continuation of necessary maintenance, repair, and rehabilitation of the infrastructure at Camp Shelby. The No Action Alternative would authorize the renewal of the SUP for a 10-year timeframe (same as previous SUP) and military activities would continue as currently permitted. This alternative would not authorize the proposed construction of new ranges and facilities and improved management practices. Other alternatives considered but eliminated from detailed study are addressed in the DEIS. The potential for significant impacts exists for both alternatives, however with the implementation of the ongoing and proposed mitigation and monitoring measures, the unavoidable adverse impacts can be mitigated to an acceptable level. Under the preferred

alternative, current activities and mission requirements will continue on State of Mississippi, DoD, and National Forest lands. This alternative includes implementation of the projects discussed in this DEIS, in addition to the continuation of necessary maintenance, repair, and rehabilitation of the military training infrastructure at Camp Shelby. Environmental consequences for the Proposed Action and No Action Alternative, have been analyzed. The new project proposals have the potential for the following significant adverse impacts:

(1) Direct and/or indirect effects on approximately 250 gopher tortoise (federal threatened species) burrows;

(2) Direct and/or indirect effects on habitat for other Proposed, Endangered, Threatened, and Sensitive (PETS) species such as Louisiana quillwort (federal endangered species), black pine snake (federal candidate species), and other state and USDA-FS sensitive plant species. There would be direct positive effects on the red-cockaded woodpecker when colonies are relocated into the proposed Habitat Management Area at some time in the future;

(3) Direct and/or indirect effects on approximately 275 acres of wetlands (requiring fill of an estimated 20 acres of wetlands);

(4) Direct effects by removal of approximately 120 acres for pine and hardwood forested areas;

(5) Direct effects by movement of approximately 250,000 cubic yards of earth, and resulting direct and/or indirect effects from erosion and sedimentation;

(6) The potential environmental impacts associated with the Combined Arms Area (CAA) reconfiguration warrant a separate discussion. The proposed CAA reconfiguration would result in an approximate 4,300-acre reduction in size and the amount of unavoidable potential significant adverse impacts associated with forest clearing/thinning and maneuver area usage from the CAA addressed and approved for construction in the 1994 SUP EIS. This large maneuver area is about 12 percent complete (approximately 5,000 acres) based on the 1994 design. The MSNG and USDA-FS propose to reconfigure the CAA to reduce environmental impacts from the original design while still meeting the military training needs. The proposed reconfigured CAA would still produce potential significant adverse impacts; however, it would definitely be an improvement from an environmental standpoint over the original plan (and within the scope of the effects analyzed

and documented in the 1994 SUP EIS). While the wetland acreage (approximately 2,719 acres), gopher tortoise burrow numbers (3,015 burrows), and Louisiana quillwort colonies appear to be significant, the relatively minor impacts to date on the completed portion of the CAA places the potential effect of the reconfiguration into perspective given the overall reduction in acreage.

Additional information on the DEIS is available at the following Web site: http://www.ngms.state.ms.us/env/Natural%20Resources/nat_resources_06.htm.

Dated: March 14, 2007.

Addison D. Davis, IV,

Deputy Assistant Secretary of the Army (Environment, Safety, and Occupational Health).

Increase of Cargo Liability Insurance Amount Per Shipment for the Movement of DPS Shipments

AGENCY: Department of the Army, DOD.

ACTION: Notice.

SUMMARY: The Military Surface Deployment and Distribution Command (SDDC), as the Traffic Manager for Department of Defense (DOD) Personal Property Program, is reminding the Transportation Service Provider (TSP) community of SDDC's increase in Cargo Liability Insurance. The Amount Per Shipment increases from \$22,500 to \$50,000 Amount Per Shipment for all shipment movement of Personal Property (Domestic, International and Mobile Homes/Boats) within the Families First Phase II program utilizing the Defense Personal Property System (DPS). This announcement is made pursuant to Families First, Phase II, Business Rules, E, TSP Qualifications, 2.1.9.

Effective immediately, all shipments moving within the DPS program will move at the minimum Cargo Liability Insurance of \$50,000 Amount Per Shipment.

SDDC will require certificates of the higher insurance as the DPS system is capable of accepting such certificates electronically, but this is effective now and will not be delayed due to delay in filing electronically the proof of the higher insurance amount.

DATES: Effective immediately, all shipments moving within the DPS

program will move at the minimum Cargo Liability Insurance of \$50,000 Amount Per Shipment.

ADDRESSES: The Military Surface Deployment and Distribution Command (SDDC), 200 Stovall Street, Alexandria, VA 22332-5000.

FOR FURTHER INFORMATION CONTACT: Ms. Sylvia Walker, (703) 428-3279.

SUPPLEMENTARY INFORMATION: DPS Cargo Liability Insurance coverage shall be provided at the following limits:

Amount Per Shipment is \$50,000 and Amount Per Aggregate is \$150,000. Request for additional information may be sent by e-mail to: ppqual@sddc.army.

Regulatory Flexibility Act

This action is not considered rule making within the meaning of Regulatory Flexibility Act, 5 U.S.C. 601-612.

Paperwork Reduction Act

The Paperwork Reduction Act, 44 U.S.C. 3051 *et seq.*, does not apply because no information collection or record keeping requirements are imposed on contractors, offerors or members of the public.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

Intent To Prepare a Draft Supplemental Environmental Impact Statement (DSEIS) on the Mississippi River—Gulf Outlet, New Lock and Connecting Channels, LA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps), New Orleans District intends to prepare a Draft Supplemental Environmental Impact Statement (DSEIS) to evaluate potential impacts of the construction of a replacement lock in the Industrial Canal located in New Orleans, LA. The original EIS, Main Report and Final Environmental Impact Statement for the Mississippi River—Gulf Outlet, New Lock and Connecting Channels, Louisiana (Evaluation Report and EIS) issued in March 1998 focused on the potential impacts of construction of a new lock, including impacts to the local community and supporting infrastructure.
