Availability of Funding Opportunity Announcement; Alzheimer's Disease Demonstration Grants to States (ADDGS) Program

Announcement Type: Initial Announcement.

Funding Opportunity Number: HHS-2007-AoA-AZ-0703.

Statutory Authority: Sec. 398 of the Public Health Service Act (Pub. L. 78-410; 42 U.S.C. 280c-3), amended by the Home Health Care and Alzheimer's Disease Amendments of 1990 (Pub. L. 101-557) and by the Health Professions Education Partnerships Act of 1998 (Pub. L. 105-392).

Catalog of Federal Domestic Assistance (CFDA) Number: 93.051, Alzheimer's Disease Demonstration Grants to States (ADDGS) Program.

Dates: The deadline date for the submission of applications is May 14, 2007.

I. Funding Opportunity Description

This announcement seeks proposals for the ADDGS Program's mission to expand the availability of diagnostic and support services for persons with Alzheimer's disease, their families, and their caregivers, as well as improve the responsiveness of the home and community based care system to persons with dementia. The program focuses on serving hard-to-reach and underserved people with Alzheimer's disease or related disorders (ADRD). A detailed description of the funding opportunity may be found at <http://www.aoa.gov/doingbus/fundopp/fundopp.asp>.

II. Award Information

1. *Funding Instrument Type:* Grant.
2. *Anticipated Total Priority Area Funding per Budget Period.* AoA intends to make available, under this program announcement, grant awards for up to twenty-three (23) projects at a federal share of approximately \$250,000-\$325,000 for one year.

III. Eligibility Criteria and Other Requirements

1. Eligible Applicants

This is a limited grant competition. Eligibility for grant awards is limited to agencies of State Government; only one application per state will be funded. These 1-year grant options are available to all States that will not be receiving ADDGS funds as of July 1, 2007 or operating under a no-cost extension as of July 1, 2007.

2. Cost Sharing or Matching

Under this program, AoA will fund no more than 75 percent of the project's total cost. Grantees are required to provide at least 25 percent of the total program costs from non-federal cash or in-kind resources in order to be considered for the award.

3. DUNS Number

[All grant applicants must obtain a D-U-N-S number from Dun and Bradstreet. It is a nine-digit identification number, which provides unique identifiers of single business entities. The D-U-N-S number is free and easy to obtain from http://www.dnb.com/US/duns_update/]

4. Intergovernmental Review

Executive Order 12372, Intergovernmental Review of Federal Programs, is not applicable to these grant applications.

IV. Application and Submission Information

Address To Request Application

Application materials are available online at <http://www.grants.gov>.

1. Submission Requirements

Applications must be submitted electronically to <http://www.grants.gov>. In order to be able to submit the application, you must register in the Central Contractor Registry (CCR) database. Information about CCR is available at <http://www.grants.gov/CCRRegister>.

2. Submission Dates and Times

To receive consideration, applications must be submitted electronically by midnight, Eastern time, by the deadline listed in the "Dates" section of this Notice.

V. Responsiveness Criteria

Each application submitted will be screened to determine whether it was received by the closing date and time.

Applications received by the closing date and time will be screened for completeness and conformity with the requirements outlined in Sections III and IV of this Notice and the Program Announcement. Only complete applications that meet these requirements will be reviewed and evaluated competitively.

VI. Application Review Information

Proposed Project

Evaluating Channels for Dissemination and Influencing Factors for Implementation of CDC's Dental Infection Control Guidelines-New-National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention's (CDC) Dental Unit plans to conduct an evaluation of the acceptance and implementation of its 2003 Guidelines for Infection Control in Dental Health Care Settings. These Guidelines took an evidence-based approach to recommending infection control procedures, coalescing existing guidelines developed over the past decade with new infection control measure recommendations supported by research. In releasing the Guidelines just over two years ago, the CDC mailed more than 400,000 copies to practicing dentists, hygienists, dental schools and educators, and health science libraries. CDC also prepared a summary of the Guidelines that were published in the Journal of the American Dental Association (JADA) in early 2004. At this time, it is critical to the Dental Unit's dissemination plan to mount an evaluation of the effectiveness of CDC's

activities in moving the behavior of practicing dentists in the direction of increased adoption and implementation of recommendations put forth in the Guidelines.

CDC has contracted with the Research Triangle Institute (RTI) and its subcontractor, the American Dental Association (ADA), to design and conduct the first phase of such an evaluation. This phase includes conducting a mail survey to a probability sample of 6,500 dentists actively engaged in the private practice of clinical dentistry in the United States.

The sample will be selected from the ADA's dentist Master file, the nation's most up-to-date and complete listing of U.S. dentists. The Master file is associated with extensive descriptive information on U.S. dentists based on returns to other ADA survey and updating activities. Included in the master file is information that will allow the sample to: Be selected with equal precision from the U.S. Census Divisions; include over-representation of selected specialties, *i.e.*, oral surgery and periodontics; identify dentists in private practice; and weight the sample according to selected demographic and professional characteristics so the results can accurately reflect all active private practice dentists in the U.S. We expect to achieve a response rate of at least 70 percent, which will yield 4,550 completed questionnaires. There are no costs to respondents other than their time to participate in the survey. The total estimated annual burden hours are 1,138.
