DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 97**

[Docket No. 30546; Amdt. No. 3215]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment amends Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under

instrument flight rules at the affected airports.

DATES: This rule is effective April 16, 2007. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of April 16, 2007.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Ave., SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located; or

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169; or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT:

Donald P. Pate, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) amends Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in the appropriate FAA Form

8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), which is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Code of Federal Regulations. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these chart changes to SIAPs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the

public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Commerce Debt Collection

AGENCY: Office of the Chief Financial Officer and Assistant Secretary for Administration, Department of Commerce.

ACTION: Interim final rule with request for comments.

SUMMARY: This rule revises the Department of Commerce (Commerce Department or Commerce) debt collection regulations to conform to the Debt Collection Improvement Act of 1996, the revised Federal Claims Collection Standards, and other laws applicable to the collection of non-tax debts owed to the Commerce Department. This rule also revises Commerce's regulations governing the offset of Commerce-issued payments to collect debts owed to other Federal agencies.

DATES: This rule is effective May 16, 2007; comments must be received on or before May 16, 2007.

ADDRESSES: Send comments to the Deputy Chief Financial Officer, Office of Financial Management, Department of Commerce, 1401 Constitution Avenue, NW., Room 6827, Washington, DC 20230. Comments also may be submitted by electronic mail to OFMOoffice@doc.gov.

FOR FURTHER INFORMATION CONTACT: Lisa Casias, Deputy Chief Financial Officer and Director for Financial Management, Office of Financial Management, at (202) 482-1207, Department of

Commerce, 1401 Constitution Avenue, NW., Room 6827, Washington, DC 20230. This document is available for downloading from the Department of Commerce, Office of Financial Management's Web site at the following address: <http://osec.doc.gov/ofm/OFM%20Publications.htm>.

SUPPLEMENTARY INFORMATION:

Background

This rule revises and replaces Department of Commerce (Commerce Department or Commerce) debt collection regulations found at 15 CFR Parts 19, 21 and 22 to conform to the Debt Collection Improvement Act of 1996 (DCIA), Public Law 104-134, 110 Stat. 1321, 1358 (Apr. 26, 1996), the revised Federal Claims Collection Standards, 31 CFR Chapter IX (Parts 900 through 904), and other laws applicable to the collection of non-tax debt owed to the Government.

This regulation provides procedures for the collection of non-tax debts owed to Commerce Department entities. Commerce adopts the Government-wide debt collection standards promulgated by the Departments of the Treasury and Justice, known as the Federal Claims Collection Standards (FCCS), as revised on November 22, 2000 (65 FR 70390), and supplements the FCCS by prescribing procedures consistent with the FCCS, as necessary and appropriate for Commerce operations. This regulation also provides the procedures for the collection of debts owed to other Federal agencies when a request for offset is received by Commerce.

This regulation does not apply to the collection of tax debts, which is governed by the Internal Revenue Code of 1986 (26 U.S.C. 1 *et seq.*) and regulations, policies and procedures issued by the Internal Revenue Service.

This regulation does not contain a section regarding the delegation of debt collection authority within the Commerce Department. The delegation is contained in the Department of

Commerce Credit and Debt Management Operating Procedures Handbook (currently available at <http://www.osec.doc.gov/ofm/credit/covers.htm>), and does not need to be included in the revised regulation.

Nothing in this regulation precludes the use of collection remedies not contained in this regulation. For example, Commerce entities may collect unused travel advances through setoff of an employee's pay under 5 U.S.C. 5705. Commerce entities and other Federal agencies may simultaneously use multiple collection remedies to collect a debt, except as prohibited by law.

Commerce entities may, but are not required to, promulgate additional policies and procedures consistent with this regulation, the FCCS, and other applicable Federal laws, policies, and procedures, subject to the approval of the Deputy Chief Financial Officer.

Section Analysis

Subpart A—Sections 19.1 Through 19.3

Subpart A of this regulation addresses the general provisions applicable to the collection of non-tax debts owed to Commerce, including to offices and bureaus (collectively referred to as Commerce entities). Commerce offices currently include the Office of the Secretary of Commerce, and the Office of Inspector General. Commerce bureaus currently include the Bureau of Industry and Security, the Economics and Statistics Administration (including the Bureau of Economic Analysis, and the Bureau of the Census), the Economic Development Administration, the International Trade Administration, the Minority Business Development Agency, the National Oceanic and Atmospheric Administration, the National Telecommunications and Information Administration, the U.S. Patent and Trademark Office, and the Technology Administration (including the National Institute of Standards and Technology, and the National Technical Information Service).
