DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed continuing information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning information required by FEMA to amend or revise National Flood Insurance Program Maps to remove certain property from the 1-percent annual chance floodplain.

SUPPLEMENTARY INFORMATION: With the passage of the Flood Disaster Protection Act of 1973, an owner of a structure,

with a federally backed mortgage, located in the 1-percent annual chance floodplain, was required to purchase federal flood insurance. This was in response to the escalating damage caused by flooding and the unavailability of flood insurance from commercial insurance companies. As part of this effort, FEMA mapped the 1-percent annual chance floodplain in communities. However, due to scale limitations, individual structures that may be above the base flood cannot always be shown as being out of the 1-percent annual chance floodplain. FEMA will issue a Letter of Map Amendment (LOMA) to waive the Federal requirement for flood insurance when data is submitted to show that the property or structure is at or above the elevation of the base flood.

Collection of Information

Title: Application Form for Single Residential Lot or Structure Amendments to National Flood Insurance Program Maps.

Type of Information Collection: Revision of a currently approved collection.

OMB Number: 1660-0037.

Form Numbers: FEMA Forms 81-92 and 81-92A.

Abstract: FEMA Form 81-92 is designed to assist requesters in gathering information that FEMA needs to determine whether a certain single-lot property or structure is likely to be flooded during a flood event that has a one-percent annual chance of being equaled or exceeded in any given year (base flood). FEMA Form 81-92A is a Spanish version of FEMA Form 81-92 and, as such, only one of the two forms would be required for any one application.

Affected Public: Individuals or household (homeowners) and business or other for profit.

Estimated: Total Annual Burden Hours: 31,680.
