

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[ES-920-1430-PM]

Notice of Final Supplementary Rules for Visitor Use and Permits at Meadowood Special Recreation Management Area—Bureau of Land Management, Eastern States, Springfield, VA**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice of Final Supplementary Rules.

SUMMARY: In accordance with the Meadowood Integrated Activity Plan, the Bureau of Land Management, Eastern States Office (BLM-ES) implements these final supplementary rules which include certain rules of conduct and other limitations on public lands administered by BLM-ES. These final supplementary rules implement the management decisions made in the Meadowood Farm Proposed Management Program Analysis/Environmental Assessment and the Meadowood Integrated Activity Plan for the Meadowood Special Recreation Management Area. These final supplementary rules will protect natural resources and provide for the safety of visitors and property on public lands located within the boundaries of the Meadowood Special Recreation Management Area (MSRMA) in Fairfax County, Virginia.

DATES: These final supplementary rules are effective February 16, 2007.

ADDRESSES: You may send inquiries or suggestions to Director, Eastern States Office, Bureau of Land Management, 7450 Boston Boulevard, Springfield, VA 22153.

FOR FURTHER INFORMATION CONTACT: Jeff McCusker, Outdoor Recreation Planner at 703-339-3463. Individuals who use a telecommunications device for the deaf may contact Mr. McCusker through the Federal Information Relay Service at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:**I. Background**

On Thursday, July 28, 2005, BLM published a Notice of Proposed Supplementary Rules for the Meadowood Special Recreation Management Area (MSRMA), Fairfax County, VA (70 FR 43707). The BLM received no comments on the document during the 30-day comment period. The BLM is now finalizing these supplementary rules for the MSRMA. When these supplementary rules

become effective, the MSRMA will be fully open for the uses and purposes identified in the Meadowood Farm Proposed Management Program Analysis/Environmental Assessment (PA/EA) and the Meadowood Integrated Activity Management Plan for the Meadowood SRMA including the following stipulations. These final supplementary rules also rescind the temporary closure of these lands that was published in the **Federal Register** on October 22, 2001 (66 FR 53431).

II. Final Rule

The BLM is implementing these final supplementary rules to finalize the management decisions made in the Meadowood Farm Management PA/EA and the Meadowood Integrated Activity Management Plan for the Meadowood SRMA. The BLM developed these plans through a series of public meetings, a 30-day comment period, and an appeal and protest period.

III. Procedural Matters

E.O. 12866 Regulatory Planning and Review: Clarity of the Regulations. These final supplementary rules are not a “significant regulatory action” as defined in section 3(f) of Executive Order 12866. These final supplementary rules do not constitute a significant regulatory action and are not subject to review by the Office of Management and Budget under Executive Order 12866. They will not have an effect of \$100 million or more on the economy. They will not adversely affect in a material way the economy, productivity, competition, jobs, the environment, public health or safety, or state local, or Tribal governments or communities. The final supplementary rules will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency. They do not alter the budgetary effects of entitlements, grants, user fees, or loan programs or the rights or obligations of their recipients, or raise novel legal or policy issues. These final supplementary rules merely impose rules of conduct and impose other limitations on certain recreational activities on certain lands to protect natural resources and human health and safety.

Regulatory Flexibility Act. Congress enacted the Regulatory Flexibility Act of 1980 (RFA), as amended, 5 U.S.C. 601-612, to ensure that Government regulations do not unnecessarily or disproportionately burden small entities. The RFA requires a regulatory flexibility analysis if a rule would have a significant economic impact, either detrimental or beneficial, on a

substantial number of small entities. These final supplementary rules do not have an effect on business entities of any size. They merely impose reasonable restrictions on certain recreational activities on specific public lands to protect natural resources and the environment, and human health and safety. Therefore, BLM has determined under the RFA that these final supplementary rules would not have a significant economic impact on a substantial number of small entities.

Small Business Regulatory Enforcement Fairness Act (SBREFA). These final supplementary rules are not a “major rule” as defined at 5 U.S.C. 804(2) because they will not have an annual effect on the economy greater than \$100 million, nor will they result in major cost or price increases for consumers, industries, government agencies, or regions. They do not constitute a “major rule” as defined at 5 U.S.C. 804(2) because they will not result in an annual effect on the economy of \$100 million or more, in an increase in costs or prices, or insignificant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign based enterprises in domestic and export markets. These final supplementary rules merely impose reasonable restrictions on certain recreational activities on specific public lands to protect natural resources and the environment, and human health and safety.

Unfunded Mandates Reform Act. These final supplementary rules do not impose an unfunded mandate on state, local, or tribal governments or on the private sector of more than \$100 million per year; nor do these final supplementary rules have a significant or unique effect on state, local, or tribal governments or the private sector. They merely impose reasonable restrictions on certain recreational activities on certain public lands to protect natural resources and the environment, and human health and safety. Therefore, the BLM is not required to prepare a statement containing the information required by the Unfunded Mandates Reform Act (2U.S.C. 1531 *et seq.*).

Executive Order 12630, Government Action and interference with Constitutionally Protected Pro. In accordance with Executive Order 12360, BLM has found that these final supplementary rules do not have significant takings implications. These final supplementary rules will merely impose reasonable restrictions on certain recreational activities on specific

public lands to protect natural resources and the environment, and human health and safety. No takings of personal or real property will occur because of this final rule.

Executive Order 13132, Federalism. In accordance with Executive Order 13162, BLM finds that the final supplementary rules do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. The rules do not have substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. This final rule does not preempt state law.

Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. In accordance with Executive Order 13175, BLM finds that these final rules will not result in significant changes to BLM policy and that Tribal Governments will not be unduly affected by these final supplementary rules. This rulemaking has no bearing on lands for which title is held in fee status by Indian tribes and U.S. Government-owned lands under the Bureau of Indian Affairs.

Executive Order 12988, Civil Justice Reform. In accordance with Executive Order 12988 the Department of the Interior's Office of the Solicitor has determined that this rule does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of Executive Order 12988.

Paperwork Reduction Act. BLM has determined this rulemaking does not contain any new information collection that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

National Environmental Policy Act. BLM prepared an Environmental Assessment (EA), "The Meadowood Farm Proposed Program Analysis/ Environmental Assessment" and determined that these final supplementary rules would not constitute a major Federal action significantly affecting the quality of the human environment under Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C). A detailed statement under NEPA is not required. The BLM has placed the EA and the Finding of No Significant Impact (FONSI) on file in the Administrative Record at the Bureau of Land Management, Eastern States Office, 7450 Boston Blvd. Springfield, VA 22153.

Executive Order 13211 Effects on the Nation's Energy Supply (Executive

Order 13211). These final supplementary rules are a purely administrative regulatory action and have no implications under Executive Order 13211.

Clarity of the Final Supplementary Rules. Executive Order 12866 requires each agency to write regulations that are simple and easy to understand. The BLM invites your comments on how to make these regulations easier to understand, including answers to questions such as the following:

1. Are the requirements in the final supplementary rules clearly stated?
2. Do the final supplementary rules contain technical language or jargon that interferes with clarity?
3. Does the format of the final supplementary rules (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity?
4. Would the final supplementary rule be easier to understand if it was divided into more (but shorter) sections?
5. Is the description of the final supplementary rules in "Supplementary Information" section of this preamble helpful in making the final rules easier to understand?

Please send any comments you have on the clarity of the regulations to the Bureau of Land Management, Eastern States Office, 7450 Boston Blvd. Springfield, VA 22153.

Author: The principle author of these final supplementary rules is Jeff McCusker, Outdoor Recreation Planner, Bureau of Land Management, Eastern States Office, assisted by Cynthia Ellis, Office of Regulatory Affairs, Washington, DC.

These final supplementary rules implement the management decisions made in the Meadowood Farm Proposed Management Program Analysis/ Environmental Assessment and the Meadowood Integrated Activity Plan for the Meadowood Special Recreation Management Area. These final supplementary rules will protect natural resources and provide for the safety of visitors and property on public lands located within the boundaries of the Meadowood Special Recreation Management Area (MSRMA) in Fairfax County, Virginia. Accordingly, for the reasons stated above and under the authorities for supplementary rules found in 43 CFR 8341.2, 8364.1, and 8365.1-6, and 43 U.S.C. 1740, the State Director, Bureau of Land Management, Eastern States Office, issues these final supplementary rules for public lands managed by the BLM in the Lower Potomac Field Stations to read as follows:

Final Supplementary Rules for Certain Public Lands Managed by the Lower Potomac Field Station Office, Bureau of Land Management

Unless otherwise authorized by the Field Station Manager, the following acts are prohibited within the Meadowood Special Recreation Management Area (MSRMA) boundary:

1. You must not hunt unless you are participating in a managed hunt following Commonwealth of Virginia hunting regulations, and planned by the Bureau of Land Management (BLM).
 2. You must not use fireworks or explosive devices.
 3. You must not enter the MSRMA between sunset and sunrise.
 4. You must not swim or bathe in the ponds or streams.
 5. You must not operate motorized vehicles or devices in the MSRMA except on the following established roads:
 - a. From Old Colchester Road to the control line flying circles in the west parcel.
 - b. From Belmont Boulevard to the visitor parking area.
 - c. From Gunston Road to the parking areas at the horse barn and the BLM compound.
 6. You must not enter the fenced pastures at 10406 Gunston Road unless you have a contract or other written permission from the BLM to board or maintain horses at the property.
 7. You must not enter into any area posted as closed to entry or use.
 8. You must not camp.
 9. You must not use a bicycle on the property, except on the roads listed above in rule 5 unless it is on a designated bicycle trail.
 10. You must not store fuel or accelerants.
 11. You must not use control line model airplanes outside of designated times and places.
 12. You must not use model rockets or explosive devices.
 13. You must not use or possess weapons, other than for permitted hunts planned by the BLM.
- Exception for Official Use of Site. Federal, state, and local law enforcement officers, government employees, and BLM volunteers are exempt from these supplementary rules in the course of their official duties. Limitations on the use of motorized vehicles do not apply to emergency vehicles, fire suppression and rescue vehicles, law enforcement vehicles, and other vehicles performing official duties, or as approved by an authorized officer of the BLM.

Penalties

1. Violations of these supplementary rules are punishable as follows: By a sentence of incarceration not more than one year, and a fine as provided by law under 43 U.S.C. 1733(a); 43 CFR 8360.0-7. Such violation may also be subject to the enhanced fines provided for by 18 U.S.C. 3571.

2. You may also be subject to civil action for unauthorized use of the public lands or related waters and their resources, for violations of permit terms, conditions, or stipulations, or for uses beyond those allowed by the permit.

Sue E. Richardson,

Acting State Director, Eastern States Office.

BILLING CODE 4310-GJ-P

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[AZ-931-07, 1430-ET, AZA 33648]

Notice of Proposed Withdrawal and Opportunity for Public Meeting; Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The United States Department of Agriculture, Forest Service, has filed an application requesting the Secretary of the Interior to withdraw 387.50 acres of National Forest System land from mining for protection and conservation of the Arizona Hedgehog Cactus (*Echinocereus triglochidiatus* var. *arizonicus*) located in the Tonto National Forest, Arizona. This notice segregates the land for up to 2 years from location and entry under the United States mining laws. The land will remain open to all other uses which may by law be authorized on National Forest System lands.

DATES: Comments must be received no later than April 17, 2007.

ADDRESSES: Comments and meeting requests should be sent to both the Arizona Lands Program Lead, Division of Resources, Bureau of Land Management, One N. Central Avenue, Suite 800, Phoenix, Arizona 85004, and the Forest Supervisor, Tonto National Forest, 2324 E. McDowell Road, Phoenix, Arizona 85006.

FOR FURTHER INFORMATION CONTACT: Karen Harbour, Tonto National Forest, at the above address or at 602-225-5200.

SUPPLEMENTARY INFORMATION: The Forest Service has filed an application with the

Bureau of Land Management, pursuant to Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, to withdraw the following-described National Forest System land within the Tonto National Forest for a period of 20 years from location and entry under the United States mining laws, subject to valid existing rights:

Gila and Salt River Meridian

T. 1 S., R. 13 E.

Sec. 12, S¹/₂N¹/₄NE¹/₄NE¹/₄NE¹/₄, SE¹/₄NE¹/₄SE¹/₂NE¹/₄, E¹/₂SE¹/₄SE¹/₄NE¹/₄, E¹/₂E¹/₂NE¹/₄SE¹/₄, and NE¹/₄NE¹/₄SE¹/₄SE¹/₄;

Sec. 13, S¹/₂N¹/₂NE¹/₄NE¹/₄, S¹/₂NE¹/₄NE¹/₄, N¹/₂SE¹/₄NE¹/₄, N¹/₂S¹/₂SE¹/₄NE¹/₄, S¹/₂SE¹/₄SE¹/₄NE¹/₄, and SE¹/₄SW¹/₄SE¹/₄NE¹/₄.

T. 1 S., R. 14 E.

Sec. 7, S¹/₂N¹/₂N¹/₂ of Lot 2, S¹/₂N¹/₂ of Lot 2, S¹/₂ of Lot 2, Lot 3, Lots 7-10, inclusive, SW¹/₄SE¹/₄NW¹/₄, S¹/₂NW¹/₄SE¹/₄NW¹/₄, W¹/₂E¹/₂SW¹/₄, S¹/₂N¹/₂NW¹/₄SE¹/₄NW¹/₄, SE¹/₄SW¹/₄SW¹/₄, and E¹/₂SW¹/₄SW¹/₄SW¹/₄;

Sec. 18, Lots 1 and 2, and E¹/₂NW¹/₄, excepting a portion of Mineral Survey No. 2337.

The area described contains 387.50 acres, more or less, in Gila and Pinal Counties.

The purpose of the proposed withdrawal would be to protect and conserve an ecologically viable population of Arizona Hedgehog Cactus to compensate for occupied habitat that will be lost as a result of open-pit mine and processing facilities located within the Tonto National Forest. The cactus is listed as a Federal Endangered Species and is also on the Forest Service Sensitive Species list.

The use of a right-of-way, an interagency agreement, or a cooperative agreement would not adequately constrain nondiscretionary uses which could irreversibly damage the plants and their habitat.

There are no suitable alternative sites that can be considered because the above-described land was identified as the best choice for mitigation by a committee of botanists familiar with the species.

No water rights are needed to fulfill the purpose of the requested withdrawal.

Records relating to the application may be examined by interested parties at the address of the Bureau of Land Management office stated above.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing, by the date specified above, to both the

Arizona Lands Program Lead, Division of Resources, Bureau of Land Management, and the Forest Supervisor, Tonto National Forest at the addresses stated above.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request, by the date specified above, to both the Arizona Lands Program Lead, Bureau of Land Management, and the Forest Supervisor, Tonto National Forest at the addresses stated above. Upon determination by the authorized officer that a public meeting will be held, a notice of time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Comments, including names and street addresses of respondents, will be available for public review at the Tonto National Forest at the above address during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

On January 17, 2007 the above-described land will be segregated from location and entry under the United States mining laws. The segregative effect of the application shall terminate upon denial or cancellation of the application; approval of the application; or January 19, 2009, whichever occurs first.

Authority: 43 CFR 2310.3-1.

Dated: November 28, 2006.

Michael A. Taylor,

Deputy State Director, Resources Division.
