

to bilateral information sharing agreements with those markets or because those markets are full members or affiliate members of the ISG. In particular, the Exchange has represented that it will implement adequate comprehensive surveillance sharing agreements for non-U.S. components, as applicable.

D. Information Memorandum

The Exchange has represented that it will distribute, as appropriate, an Information Memorandum to members describing the product, the structure of the product, and the corresponding risks of the Index-Linked Security. In addition, the Information Memorandum will set forth the Exchange's suitability requirements with respect to recommendations in transactions in Index-Linked Securities to customers and the prospectus delivery requirements. The Memorandum will also identify and describe the Exchange's trading rules governing the Index-Linked Securities.

E. Firewall Procedures

The Exchange has further represented that, if the Underlying Index is maintained by a broker-dealer, such broker-dealer will establish a "firewall" around personnel responsible for the maintenance of the Underlying Index. As an added measure, a third-party who is not a broker-dealer will calculate the Underlying Index. In addition, the Exchange has stated that any person, committee, board, or similar entity that advises the Index Licensor or Administrator (each as defined in NYSE Rule 1100, Supplementary Material .10) or that makes decisions regarding the composition and methodology of the Underlying Index, will be subject to policies and procedures designed to prevent the use and dissemination of material, non-public information. With respect to trading on NYSE, the Exchange has stated that, with respect to any issue of Index-Linked Securities, specialists will be restricted from making markets in and trading components of the Underlying Securities or any derivative instruments thereof.³²

F. Acceleration

The Commission finds good cause for approving the proposed rule change, as modified by Amendments No. 1, 2, and 3 thereto, before the 30th day after the date of publication of notice of filing thereof in the **Federal Register**. The Exchange requested accelerated approval of the proposal to facilitate the

prompt listing and trading of Index-Linked Securities based on indexes or portfolios meeting the specified criteria of proposed Section 703.22 of the Manual. The Commission notes that the Exchange's proposed generic listing standards are based, in part, on previously approved listing standards for Index-Linked Securities based on an Underlying Index made up of equity securities.³³ The Commission also notes that it has previously approved the listing and trading of derivative products based on commodities and currencies.³⁴ The Commission believes that accelerated approval of the proposed rule change should expedite the listing and trading of additional Index-Linked Securities, subject to the standards discussed herein, to the benefit of the investing public. Therefore, the Commission finds good cause, consistent with Section 19(b)(2) of the Act,³⁵ to approve the proposed rule change on an accelerated basis.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether Amendment No. 3 is consistent with the Act. Comments may be submitted by any of the following methods:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). V. Conclusion

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.³⁷
