

business day immediately preceding that Friday.⁶ This would also be the expiration date for that Volatility Index option.

After carefully considering the proposal, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁸ which requires that an exchange have rules designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general to protect investors and the public interest.

The Commission believes that codifying CBOE's pre-existing methodology used for determining the day on which the exercise settlement value of Volatility Index options is calculated in Rule 24.9 will provide certainty and predictability for CBOE members and other market participants engaged in the trading of Volatility Index options. The Commission further believes that the Exchange's new procedure for determining the day on which the exercise settlement value for Volatility Index options will be calculated and the expiration date for Volatility Index options when the Exchange is closed due to an Exchange holiday is an appropriate supplement to the existing methodology.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (File No. SR-CBOE-2007-41) be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁰

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change as Modified by Amendment No. 1 Thereto Relating to the Exchange's Marketing Fee Program

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 1, 2007, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. On August 13, 2007, the CBOE submitted Amendment No. 1 to the proposed rule change.³ CBOE has designated this proposal as one establishing or changing a due, fee, or other charge imposed by CBOE under section 19(b)(3)(A)(ii) of the Act⁴ and Rule 19b-4(f)(2) thereunder,⁵ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

statements may be examined at the places specified in Item IV below. CBOE has substantially prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBOE proposes to amend its marketing fee program as follows. First, CBOE proposes to increase the total balance of the Excess Pool of funds that a DPM/LMM or Preferred Market-Maker can maintain. Currently, a DPM/LMM can maintain up to \$25,000 in an Excess Pool of funds, and a Preferred Market-Maker can maintain up to \$80,000 in an Excess Pool of funds. Going forward, CBOE proposes to increase both of those amounts to \$100,000. CBOE believes that the allowable balance in the Excess Pool of funds should be the same for DPMs and Preferred Market-Makers, and increasing the balance will assist those firms in attracting order flow to CBOE.

Second, CBOE proposes to allow a DPM/LMM or Preferred Market-Maker to voluntarily elect to have funds refunded. For instance, if a DPM/LMM or Preferred Market-Maker paid out 80% or more of the funds collected in a given month but less than 100% of the funds collected, a DPM/LMM or Preferred Market-Maker could elect to refund the funds it did not use rather than having those funds be allocated to its Excess Pool. Or, a DPM/LMM or Preferred Market-Maker could elect to have some of the funds in its Excess Pool refunded. As is currently the case, any refunds would be made on a pro rata basis based upon contributions made by the Market-Makers, RMMs, DPMs, e-DPMs and LMMs in that month.

Third, CBOE proposes to impose an administrative fee to offset its costs in administering the marketing fee program and also to provide funds to the association of members⁶ ("Association") for its costs and expenses in supporting CBOE's marketing fee program and in seeking to bring order flow to CBOE. CBOE proposes to assess an administrative fee of .45% of the total amount of funds collected each month.

The Exchange intends to assess and collect the administrative fee of .45% on

⁶ The Association is technically known as the DPM Association; however, its activities are not limited to assisting only DPM organizations. As noted above, through its business development activities it seeks to bring order flow to CBOE for the benefit of all CBOE liquidity providers.

the total amount of funds collected each month prior to making the remaining funds available to DPMs/LMMs and Preferred Market-Makers to attract order to CBOE. For example, if the Exchange's marketing fee in a given month results in the total collection of \$100,000, the administrative fee of .45% would be assessed on the \$100,000 resulting in \$4,500 being generated as part of the administrative fee. The remaining funds in the amount of \$95,500 would be made available to DPMs/LMMs and Preferred Market-Makers to attract orders to CBOE.

With respect to the portion of the fee that is intended to offset CBOE's overall costs related to the marketing fee program, CBOE notes that it previously assessed an administrative fee as part of its marketing fee program.⁷ CBOE intends to allocate each month approximately 40% of the funds collected through the administrative fee to CBOE to offset CBOE's overall costs in administering the program; the balance collected by this fee would be allocated to the Association.

With respect to the portion of the fee that is intended to reimburse and provide funds to the Association for its costs and expenses in supporting CBOE's marketing fee program and in seeking to bring order flow to CBOE, CBOE notes that all DPMs can participate in the Association and support its business development activities. Additionally, through its support of the marketing fee program and business development, the Association seeks to bring order flow to CBOE that all members (Market-Makers, RMMs, LMMs, DPMs, and e-DPMs) may transact with. The funds allocated to the Association generally would be used to cover the Association's administrative costs and other costs such as travel and entertainment. Accordingly, CBOE believes that allocating a portion of the funds collected through this administrative fee to the Association is an equitable allocation of fees among CBOE members.

CBOE intends to closely monitor the amount of funds raised by this administrative fee and may propose amendments to the fee in the future as appropriate, so that the fee provides sufficient funds to adequately offset CBOE's costs in administering the marketing fee program and provide funds to the Association to cover its costs and expenses.

CBOE proposes to implement this change to the marketing fee beginning

on August 1, 2007. CBOE is not amending its marketing fee program in any other respects.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act⁸ in general, and furthers the objectives of section 6(b)(4) of the Act⁹ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among CBOE members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to section 19(b)(3)(A)(ii) of the Act¹⁰ and Rule 19b-4(f)(2)¹¹ thereunder, because it establishes or changes a due, fee, or other charge imposed by the Exchange. Accordingly, the proposal will take effect upon filing with the Commission. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹²
