Abstract: Our Endangered Species Program uses information that we collect on permit applications to determine the eligibility of applicants for permits requested in accordance with the criteria in various Federal wildlife conservation laws, including:

(1) Endangered Species Act (16 U.S.C. 1531 et seq.).

(2) Migratory Bird Treaty Act (16 U.S.C. 703 et seq.).

(3) Lacey Act (16 U.S.C. 3371 et seq.).

(4) Bald and Golden Eagle Protection Act (16 U.S.C. 668).

(5) Marine Mammal Protection Act (16 U.S.C. 1374).

Service regulations implementing these statutes and treaties are in Chapter I, Subchapter B of Title 50 of the Code of Federal Regulations (CFR). These regulations stipulate general and specific requirements that when met allow us to issue permits to authorize activities that are otherwise prohibited. This IC includes the following permit application forms and the reporting requirements for each permit:

(1) FWS Form 3-200-54 - Enhancement of Survival Permits Associated with Safe Harbor Agreements and Candidate Conservation Agreements with Assurances.

(2) FWS Form 3-200-55 - Permits for Scientific Purposes, Enhancement of Propagation or Survival (i.e., Recovery) and Interstate Commerce.

(3) FWS Form 3-200-56 - Incidental Take Permits Associated with a Habitat Conservation Plan..

Comments: On March 16, 2007, we published in the **Federal Register** (72 FR 12629) a notice of our intent to request that OMB approve this ICR. In that notice, we solicited comments for 60 days, ending on May 15, 2007. We received one comment. The comment did not address issues surrounding the proposed collection of information or the cost and hour burden estimates. The commenter objected to hunting permits, which are not part of this information collection. We have not made any changes to this collection as a result of this comment.

We again invite comments concerning this information collection on:

(1) whether or not the collection of information is necessary, including whether or not the information will have practical utility;

(2) the accuracy of our estimate of the burden for this collection of information;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to

withhold your personal identifying information from public review, we cannot guarantee that it will be done.
