RIN 0694-AE11

Approved End-Users and Respective Eligible Items for the People's Republic of China (PRC) Under Authorization Validated End-User (VEU); Correction

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: The Bureau of Industry and Security (BIS) amended the Export Administration Regulations (EAR) to list names of end-users in the People's Republic of China (PRC) approved to receive exports, reexports and transfers of certain items under Authorization Validated End-User (VEU). The rule identified five specific validated end-users. This final rule amends the EAR to correct an inadvertent omission in the list of items approved for one of those validated end-users.

DATES: This rule is effective October 31, 2007. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

ADDRESSES: You may submit comments, identified by RIN 0694-AE11 (VEU), by any of the following methods:

SUPPLEMENTARY INFORMATION:

Background

Authorization Validated End-User (VEU): Initial List of Approved End-Users, Eligible Items and Destinations: Correction of the List of Eligible Items

Created in a final rule on June 19, 2007 (72 FR 33646), Authorization Validated End-User (VEU) is for approved end-users located in eligible destinations to which eligible items (commodities, software and technology, except those controlled for missile technology or crime control reasons) may be exported, reexported or transferred without a license, in conformance with Section 748.15 of the EAR. As established in the June 19 rule, the PRC is the initial destination eligible for exports, reexports and transfers under Authorization VEU.

Authorization VEU is a mechanism to facilitate increased high-technology exports to companies in the PRC that have a record of using such items responsibly. VEU's will be able to obtain eligible items that are on the Commerce Control List without having to wait for their suppliers to obtain export licenses from BIS. A wide range of items are eligible for Authorization VEU. In addition, Authorization VEU may be used by foreign reexporters, and does not have an expiration date.

BIS amended Supplement No. 7 to Part 748 of the EAR to identify five companies with 14 eligible facilities in the PRC as VEU's and to identify the items that may be exported, reexported, or transferred to them in a final rule published in the **Federal Register** on Friday, October 19, 2007 (72 FR 59164). Also see a related **Federal Register** publication on Wednesday, October 24, 2007 (72 FR 60408). The VEU's listed in Supplement No. 7 to Part 748 were reviewed and approved by the U.S. Government in accordance with the provisions of Section 748.15 and Supplement Nos. 8 and 9 to Part 748 of the EAR. The October 19th rule should have listed items controlled under Export Control Classification Numbers (ECCNs) 3A001.a.5.a.5. and 3A001.a.5.b. in the "Eligible Items (By ECCN)" column of Supplement No. 7 to Part 748 of the EAR for validated end-user National Semiconductor Corporation in the PRC. This final rule amends the EAR to correct that inadvertent omission in the list of items in Supplement No. 7 to Part 748 of the EAR approved for National Semiconductor Corporation in the PRC.

Since August 21, 2001, the Export Administration Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp, p. 783 (2002)), as extended

most recently by the Notice of August 15, 2007 (72 FR 46137, August 16, 2007), has continued the EAR in effect under the International Emergency Economic Powers Act. BIS continues to carry out the provisions of the Act, as appropriate and to the extent permitted by law, pursuant to Executive Order 13222.

Rulemaking

1. This final rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by the OMB under control number 0694-0088, "Multi-Purpose Application", which carries a burden hour estimate of 58 minutes to prepare and submit form BIS-748; and for recordkeeping, reporting and review requirements in connection with Authorization Validated End-User, which carries an estimated burden of 30 minutes per submission. This rule is expected to result in a decrease in

license applications submitted to BIS. Total burden hours associated with the Paperwork Reduction Act and Office and Management and Budget control number 0694-0088 are not expected to increase significantly as a result of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined under Executive Order 13132.

4. The provisions of the Administrative Procedure Act requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under the Administrative Procedure Act or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis. Comments should be

submitted to Sheila Quarterman, Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, P.O. Box 273, Washington, DC 20044.
