Notice Pursuant to the National Cooperative Research and Production Act of 1993—Cooperative Research Group on Integrated Investigations of Faulting in Carbonate Strata

Notice is hereby given that, on September 10, 2007, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Southwest Research Institute ("SwRI"): Cooperative Research Group on Integrated Investigation of Faulting in Carbonate Strata has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: Chevron Energy Technology Co., San Ramon, CA; ConocoPhillips Co., Houston, TX; ExxonMobil Upstream Research Co., Houston, TX; and Shell International Exploration & Production, Inc., Houston, TX. The general area of Cooperative Research Group on Integrated Investigation of Faulting in Carbonate Strata planned activity is to characterize the deformation features that develop in faulted carbonate rocks to provide analog information for understanding faulted carbonate hydrocarbon reservoirs. This

investigation is being conducted in an area where faults serve as both barriers and conduits for groundwater movement. Characterization of the faulted field exposures will include stratigraphic, lithologic, structural, hydrologic and geomechanical investigations. Quantitative deformation analysis will be performed through a combination of field- and laboratory-based analysis.

Membership in this research group remains open, and the participants intend to file additional written notification disclosing all changes in membership or planned activities.

Drug Enforcement Administration

Importer of Controlled Substances; Notice of Registration

By Notice dated July 31, 2007 and published in the **Federal Register** on August 9, 2007, (72 FR 44858-44859), Alcan Packaging-Bethlehem, 2400 Baglyos Circle, Bethlehem, Pennsylvania 18020, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as an importer of Nabilone (7379), a basic class of controlled substance listed in schedule II.

The company plans to import the listed controlled substance for packaging and distribution.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and 952(a) and determined that the registration of Alcan Packaging-Bethlehem to import the basic class of controlled substance is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971, at this time. DEA has investigated Alcan Packaging-Bethlehem to ensure that the company's registration is consistent with the public interest. The investigation has included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 952(a) and 958(a), and in accordance with 21 CFR 1301.34, the above named company is granted registration as an importer of

the basic class of controlled substance listed.

Dated: October 31, 2007.

Joseph T. Rannazzisi,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.
