

- determination of suitability of the site for inclusion within the national park system in comparison to other protected sites with similar resources or themes

- determination of feasibility for the NPS to own, manage or participate in conservation and interpretation in the study area

- need for NPS management measured against other alternatives

This SRS examined the resources in the existing Great Falls Historic District, which preserves the history of the beginnings of manufacturing and labor in the United States. All of the elements of the site are located within the City of Paterson, County of Passaic, in New Jersey, adjacent to the Passaic River. Determination of the need for NPS management is the final criterion for evaluating resources for potential designation as a unit in the national park system. The study concluded that the site is determined neither suitable nor feasible for potential designation as a unit of the national park system. As a result, there is no need for NPS management and no further Federal action. Therefore, the EIS process has been terminated.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-487 (Remand)]

In the Matter of Certain Agricultural Vehicles and Components Thereof; Notice of Commission Decision To Review in Part the Administrative Law Judge's Initial Determination on Remand; Schedule for Written Submissions on the Issues Under Review

AGENCY: U.S. International Trade
Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that
the U.S. International Trade
Commission has determined to review
in part the presiding administrative law
judge's ("ALJ") final initial
determination on remand in the above-
captioned investigation, including part
of Order No. 55.

this matter can be obtained by

terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The
Commission instituted this investigation
on February 13, 2003, based on a
complaint filed by Deere & Company
("Deere") of Moline, Illinois. 68 FR 7388
(February 13, 2003). The complaint, as
supplemented, alleged violations of
section 337 of the Tariff Act of 1930 in
the importation into the United States,
sale for importation, and sale within the
United States after importation of
certain agricultural vehicles and
components thereof by reason of
infringement and dilution of U.S.
Registered Trademarks Nos. 1,254,339;
1,502,576; 1,503,576, and 91,860.

Twenty-four respondents were named
in the Commission's notice of

investigation. Most of the respondents
were terminated from the investigation
on the basis of consent orders, or found
in default. Of the remaining
respondents, Erntetechnik Franz Becker;
Sunova Implement Company; Bourdeau
Bros., Inc. and OK Enterprises
(collectively, "the Bourdeau
respondents"); Fitzpatrick Farms;
Stanley Farms; J&T Farms; and Co-Ag
LLC (collectively, "the Fitzpatrick
Farms respondents"); and Agrideal
participated in the investigation. On
January 13, 2004, the ALJ issued his
final initial determination ("ID") finding
a violation of section 337. He also
recommended the issuance of remedial
orders. The Bourdeau respondents and
Fitzpatrick Farms respondents
petitioned for review of the ID.

On March 30, 2004, the Commission
determined not to review the ID. The
Commission then issued its final
determination, together with a general
exclusion order, two limited exclusion
orders, and cease and desist orders, on
May 14, 2004.

The Bourdeau respondents appealed
the Commission's final determination to
the U.S. Court of Appeals for the
Federal Circuit (the "Federal Circuit").
On March 30, 2006, the Federal Circuit
vacated and remanded the
Commission's final determination as it
related to Deere European-version self-
propelled forage harvesters. *Bourdeau
Bros. v. International Trade
Commission*, 444 F.3d 1317 (Fed. Cir.
2006).

On June 20, 2006, the Commission
issued notice that it had rescinded the
general exclusion order and certain
cease and desist orders, and had
remanded the investigation to the
presiding ALJ for proceedings consistent
with the Federal Circuit's decision in
Bourdeau. The ALJ issued his final ID
on remand ("Remand ID") on December
20, 2006. He found that Deere did not
authorize the sale of Deere European-
version self-propelled forage harvesters
in the United States and that all or
substantially all of the Deere self-
propelled forage harvesters sold in the
United States were North American
versions. The Bourdeau respondents
have petitioned for review of the
remand ID, including Order No. 55 and
Order No. 59. Deere and the
Commission investigative attorney
oppose the petition.

The Commission has determined to
review in part Order No. 55 and the
Remand ID. The Commission requests
briefing by the parties (1) On the
standard for authorization that was
applied in Order No. 55 and how that
standard was applied in light of the
burden of proof; (2) on the issue of
