Springs Global, Hartwell Weaving and Yarn, Hartwell, GA; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on January 31, 2007 in response to a petition filed by a company official on behalf of workers at Springs Global, Hartwell Weaving and Yarn, Hartwell, Georgia.

The petitioner has requested that the petition be withdrawn. Consequently, the investigation has been terminated.

Signed in Washington, DC, this 13th day of February 2007.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.

BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. NRTL1-88]

MET Laboratories, Inc.; Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: This notice announces the Occupational Safety and Health Administration's final decision expanding the recognition of MET Laboratories, Inc., (MET) as a Nationally Recognized Testing Laboratory under 29 CFR 1910.7.

DATES: The expansion of recognition becomes effective on February 27, 2007.

FOR FURTHER INFORMATION CONTACT: MaryAnn Garrahan, Director, Office of Technical Programs and Coordination Activities, NRTL Program, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-3655, Washington, DC 20210, or phone (202) 693-2110.

SUPPLEMENTARY INFORMATION:

Notice of Final Decision

The Occupational Safety and Health Administration (OSHA) hereby gives

notice of the expansion of recognition of MET Laboratories, Inc., (MET) as a Nationally Recognized Testing Laboratory (NRTL). MET's expansion covers the use of additional test standards. OSHA's current scope of recognition for MET may be found in the following informational Web page: <http://www.osha.gov/dts/otpca/nrtl/met.html>.

OSHA recognition of an NRTL signifies that the organization has met the legal requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification.

The Agency processes applications by an NRTL for initial recognition or for expansion or renewal of this recognition following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. We maintain an informational Web page for each NRTL that details its scope of recognition. These pages can be accessed from our Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

MET submitted an application, dated August 23, 2005, (see Exhibit 39-1) to expand its recognition to include 10 additional test standards. MET later amended its application through a follow-up request to add 10 more test standards (see Exhibit 39-2). The NRTL Program staff determined that each of these standards is an "appropriate test standard" within the meaning of 29 CFR 1910.7(c). However, one of these standards is already included in MET's scope. Therefore, OSHA is approving 19 test standards for the expansion. In connection with this request, OSHA did not perform an on-site review of MET's NRTL testing facilities. However, NRTL Program assessment staff reviewed information pertinent to the request and recommended that MET's recognition be expanded to include the 19 additional test standards listed below (see Exhibit 39-3).

The preliminary notice announcing the expansion application was published in the **Federal Register** on August 17, 2006 (71 FR 47532). Comments were requested by September 1, but no comments were received in response to this notice.

The most recent application processed by OSHA specifically related to MET's recognition granted an expansion, and the final notice for this expansion was published on December 5, 2005 (70 FR 72470).

You may obtain or review copies of all public documents pertaining to the MET application by contacting the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-2625, Washington, DC, 20210. Docket No. NRTL1-88 contains all materials in the record concerning MET's recognition.

The current address of the MET facility already recognized by OSHA is: MET Laboratories, Inc., 914 West Patapsco Avenue, Baltimore, MD 21230.

Final Decision and Order

NRTL Program staff has examined the application, the assessor's recommendation, and other pertinent information. Based upon this examination and the assessor's recommendation, OSHA finds that MET has met the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the recognition of MET, subject to the following limitation and conditions.

Limitation

OSHA limits the expansion of MET's recognition to testing and certification of products for demonstration of conformance to the test standards listed below. OSHA has determined that each of these standards meets the requirements for an appropriate test standard, within the meaning of 29 CFR 1910.7(c).

UL 82	Electric Gardening Appliances.
UL 234	Low Voltage Lighting Fixtures for Use in Recreational Vehicles.
UL 298	Portable Electric Hand Lamps.
UL 588	Seasonal and Holiday Decorative Products.
UL 867	Electrostatic Air Cleaners.
UL 917	Clock-Operated Switches.
UL 987	Stationary and Fixed Electric Tools.
UL 1081	Swimming Pool Pumps, Filters, and Chlorinators.
UL 1090	Electric Snow Movers.
UL 1363	Relocatable Power Taps.
UL 1447	Electric Lawn Mowers.
UL 1448	Electric Hedge Trimmers.

UL 1450	Motor-Operated Air Compressors, Vacuum Pumps, and Painting Equipment.
UL 1559	Insect-Control Equipment—Electrocution Type.
UL 1563	Electric Spas, Equipment Assemblies, and Associated Equipment.
UL 1662	Electric Chain Saws.
UL 1776	High-Pressure Cleaning Machines.
UL 1994	Luminous Egress Path Marking Systems.
UL 2089	Vehicle Battery Adapters

The designation and title of the above test standards were current at the time of the preparation of the notice of the preliminary finding.

OSHA's recognition of MET, or any NRTL, for a particular test standard is limited to equipment or materials (i.e., products) for which OSHA standards require third-party testing and certification before use in the workplace. Consequently, if a test standard also covers any product(s) for which OSHA does not require such testing and certification, an NRTL's scope of recognition does not include that product(s).

Many UL test standards also are approved as American National Standards by the American National Standards Institute (ANSI). However, for convenience, we use the designation of the standards developing organization for the standard as opposed to the ANSI designation. Under our procedures, any NRTL recognized for an ANSI-approved test standard may use either the latest proprietary version of the test standard or the latest ANSI version of that standard. You may contact ANSI to find out whether or not a test standard is currently ANSI-approved.

Conditions

MET must also abide by the following conditions of the recognition, in addition to those already required by 29 CFR 1910.7:

OSHA must be allowed access to MET's facilities and records for purposes of ascertaining continuing compliance with the terms of its recognition and to investigate as OSHA deems necessary;

If MET has reason to doubt the efficacy of any test standard it is using under this program, it must promptly inform the test standard developing organization of this fact and provide that organization with appropriate relevant information upon which its concerns are based;

MET must not engage in or permit others to engage in any misrepresentation of the scope or conditions of its recognition. As part of this condition, MET agrees that it will allow no representation that it is either

a recognized or an accredited Nationally Recognized Testing Laboratory (NRTL) without clearly indicating the specific equipment or material to which this recognition is tied, or that its recognition is limited to certain products;

MET must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major changes in its operations as an NRTL, including details;

MET will meet all the terms of its recognition and will always comply with all OSHA policies pertaining to this recognition; and

MET will continue to meet the requirements for recognition in all areas where it has been recognized.

Signed at Washington, DC, this 15th day of February, 2007.

Edwin G. Foulke, Jr.,

Assistant Secretary of Labor.

BILLING CODE 4510-26-P

NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Submission to OMB for Extension of a Currently Approved Information Collection; Comment Request

AGENCY: National Credit Union Administration (NCUA).

ACTION: Request for comment.

SUMMARY: The NCUA intends to submit the following information collection to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). This information collection is published to obtain comments from the public.

DATES: Comments will be accepted until March 29, 2007.

ADDRESSES: Interested parties are invited to submit written comments to NCUA Clearance Officer or OMB Reviewer listed below:

Clearance Officer: Mr. Neil McNamara, National Credit Union Administration, 1775 Duke Street, Alexandria, Virginia 22314-3428, Fax No. 703-837-2861, E-mail: OCIOmail@ncua.gov.

OMB Reviewer: NCUA Desk Officer, Office of Management and Budget, Room 10226, New Executive Office Building, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or a copy of the information collection

request, should be directed to Tracy Sumpter at the National Credit Union Administration, 1775 Duke Street, Alexandria, VA 22314-3428 or at (703) 518-6444.

SUPPLEMENTARY INFORMATION: Proposal for the following collection of information:

OMB Number: 3133-0155.

Form Numbers: CLF-8700 CLF-8705 CLF-8706 NCUA-7005 CLF-10.

Type of Review: Extension of a currently approved collection.

Title: Central Liquidity Facility group/agent membership and loan activity forms.

Description: Forms used in conjunction with agent member's request for facility advances, to request agent membership in the Central Liquidity Facility and/or to establish terms of relationship between credit unions, agent members and agent group representatives.

Respondents: Credit unions.

Estimated No. of Respondents/Recordkeepers: 151.

Estimated Burden Hours per Response: 36.55 minutes.

Frequency of Response: Reporting and other (once).

Estimated Total Annual Burden Hours: 92.

Estimated Total Annual Cost: none.

By the National Credit Union Administration Board on February 20, 2007.

Mary Rupp,

Secretary of the Board.
